Stranger To The Fur Trade:

Strangers in Blood Jennifer S. H. Brown, 1980-01-01 For two centuries 1670 1870 English Scottish and Canadian fur traders voyaged the myriad waterways of Rupert's Land the vast territory chartered to the Hudson's Bay Company and later splintered among five Canadian provinces and four American states The knowledge and support of northern Native peoples were critical to the newcomer's survival and success With acquaintance and alliance came intermarriage and the unions of European traders and Native women generated thousands of descendants Jennifer Brown's *Strangers in Blood* is the first work to look systemically at these parents and their children Brown focuses on Hudson's Bay Company officers and North West Company wintering partners and clerks those whose relationships are best known from post journals correspondence accounts and wills The durability of such families varied greatly Settlers missionaries European women and sometimes the courts challenged fur trade marriages Some officers Scottish and Canadian relatives dismissed Native wives and Indian progeny as illegitimate Trades who took these ties seriously were obliged to defend them to leave wills recognizing their wives and children and to secure their legal and social status to prove that they were kin not strangers in blood Brown illustrates that the lives and identities of these children were shaped by factors far more complex than blood Sons and daughters diverged along paths affected by gender Some descendants became Métis nationhood under Louis Riel Other rejected or were never offered that course they passed into white or Indian communities or in some instances identified themselves without prejudice as halfbreeds The fur trade did not coalesce into a single society Rather like Rupert's Land it splintered and the historical consequences have been with us ever since

Strangers in Blood Jennifer S. H. Brown, 1980 Describes the social world of the traders in the 18th and 19th centuries Examines differences between the North West Company and the Hudson's Bay Company and their effects on Indian-white relations

An Ethnohistorian in Rupert's Land Jennifer S. H. Brown, 2017-08-10 In 1670 the ancient homeland of the Cree and Ojibwe people of Hudson Bay became known to the English entrepreneurs of the Hudson's Bay Company as Rupert's Land after the founder and absentee landlord Prince Rupert For four decades Jennifer S. H. Brown has examined the complex relationships that developed among the newcomers and the Algonquian communities who hosted and tolerated the fur traders and later the missionaries anthropologists and others who found their way into Indigenous lives and territories The eighteen essays gathered in this book explore Brown's investigations into the surprising range of interactions among Indigenous people and newcomers as they met or observed one another from a distance and as they competed compromised and rejected or adapted to change While diverse in their subject matter the essays have thematic unity in their focus on the old HBC territory and its peoples from the 1600s to the present More than an anthology the chapters of *An Ethnohistorian in Rupert's Land* provide examples of Brown's exceptional skill in the close study of texts including oral documents images artifacts and other cultural expressions The volume as a whole represents the scholarly evolution of one of the leading ethnohistorians in Canada and the United States

Furrier, 1929 **Women Writing Home, 1700-1920 Vol 3** Klaus Stierstorfer, Deirdre Coleman, Cecily Devereux, Susan Clair Imbarrato, Charlotte J Macdonald, 2024-08-23 Assembles a range of women's letters from the former British Empire. These letters written home are not only historical sources; they are also representations of the state of the Empire in far-off lands sent home to Britain and occasionally other centres established as home. *Finding a Way to the Heart* Robin Brownlie, Valerie J. Korinek, 2012 When Sylvia Van Kirk published her groundbreaking book *Many Tender Ties* in 1980 she revolutionized the historical understanding of the North American fur trade and introduced entirely new areas of inquiry in women's social and Aboriginal history. Using Van Kirk's themes and methodologies as a jumping-off point, *Finding a Way to the Heart* examines race, gender, identity and colonization from the early nineteenth to the late twentieth century and illustrates Van Kirk's extensive influence on a generation of feminist scholarship. Publisher's website. *Miller's New York as it Is, Or, Stranger's Guide-book to the Cities of New York, Brooklyn and Adjacent Places*, 1863 *Strangers on Familiar Soil* Edward Dallam Melillo, 2015-10-20 This groundbreaking history explores the many unrecognized enduring linkages between the state of California and the country of Chile. The book begins in 1786 when a French expedition brought the potato from Chile to California and it concludes with Chilean president Michelle Bachelet's diplomatic visit to the Golden State in 2008. During the intervening centuries, new crops, foods, fertilizers, mining technologies, laborers and ideas from Chile radically altered California's development. In turn, Californian systems of servitude, exotic species, educational programs and capitalist development strategies dramatically shaped Chilean history. Edward Dallam Melillo develops a new set of historical perspectives tracing eastward moving trends in U.S. history, uncovering South American influences on North America's development and reframing the Western Hemisphere from a Pacific vantage point. His innovative approach yields transnational insights and recovers long forgotten connections between the peoples and ecosystems of Chile and California.
