successfully for traditional nonprofit business such as moving people from welfare to work Managing Nonprofits.org is both a call to action and a roadmap for change. Each chapter defines an element of Dynamic Management and identifies digital hotspots or places within that element and the nonprofit's implementation of that element where digital issues will most likely arise and need to be addressed. In addition, at the end of each chapter, Maxims of Dynamic Management or core truths that the authors have found helpful to follow in their day-to-day experience as nonprofit leaders in bringing Dynamic Management to their organization are provided. Finally, the authors highlight the experience of various nonprofit and for-profit organizations that have successfully made elements of Dynamic Management a reality in their organizations.

Managing Nonprofit Organizations Mary Tschirhart, Wolfgang Bielefeld, 2012-07-06 MANAGING NONPROFIT ORGANIZATIONS This essential resource offers an overall understanding of nonprofits based on both the academic literature and practitioner experience. It shows how to lead, manage, govern, and structure effective and ethical nonprofit organizations. Managing Nonprofit Organizations reveals what it takes to be entrepreneurial and collaborative, formulate successful strategies, assess performance, manage change, acquire resources, be a responsible financial steward, and design and implement solid marketing and communication plans. Managing Nonprofit Organizations is the only introductory text on this subject that manages to do three critical things equally well: It's comprehensive, covering all the key topics leaders of NPOs need to know about; it's practical, providing lots of examples, case incidents, and experiential exercises that connect the content to the real world; and best of all, and most unique compared to others, it's research-based, drawing on the latest and best empirical studies that look into what works and doesn't work in the world of nonprofit management. Vic Murray, professor, School of Public Administration, University of Victoria. This book is a rarity, a text that can be used both as the focus for academic study and as a source of stimulating ideas for those practitioners who want to explore theories about management and how they can be applied so they can do a better job. Tschirhart and Bielefeld have explained all aspects of nonprofit management and leadership in a way that will stimulate as well as inform. Richard Brewster, executive director, National Center on Nonprofit Enterprise, Virginia Tech University. Managing Nonprofit Organizations presents a comprehensive treatment of this important topic. The book satisfies the competencies and curriculum guidelines developed by NASPAA and by NACC and would be ideal for instruction. The book maintains its commitment to informing management and leadership throughout the nonprofit sector. Jeffrey L. Brudney, Albert A. Levin Chair of Urban Studies and Public Service, Cleveland State University. This is an important book written by two of the leading scholars in the nonprofit studies field. Nonprofit managers, board members, funders, educators, and others will find Managing Nonprofit Organizations extremely valuable. Michael O'Neill, professor of nonprofit management, University of San Francisco. Here's the book that my students have been asking for: just the right mix of theory, presentation, research findings, and practical suggestions to serve the thoughtful nonprofit management practitioner. It will inform, instruct, and ultimately inspire. Rikki Abzug, professor of management, Anisfield School of Business, Ramapo College.

Nonprofit Boards That Work Maureen K. Robinson, 2001-06-01 Praise for Nonprofit Boards That Work This book offers a refreshing and candid look at the challenges of nonprofit boards. It moves away from theoretical frameworks to take you inside the real world of nonprofit organizations. A must for any executive director who needs reassurance that building effective boards is tough work but well worth the effort. Sherry Rockey, Executive Director, International Women's Media Foundation. Maureen Robinson is uniquely qualified to help us understand the issues related to boards that are effective, those that are not, and why. It is certain that board members, potential board members, and executive directors who read this book will better understand their roles and responsibilities and will be better able to avoid common pitfalls. As a result, the impact of their efforts on those whom their organizations exist to serve will be enhanced. Ron Burkard, Executive Director, World Neighbors. As more than 10 million people in the United States alone say yes to board service, they also expect to see their time and talents used effectively. This invaluable book presents a straightforward approach to understanding the role of the board, tailoring its work to meet the needs of specific organizations and creating a culture of board productivity that makes participation rewarding for board members as well as the organizations they serve. **Nonprofit Boards That Work** Distinguishes between theory and practice and encourages boards to explore how they genuinely add value to the work of the organization. Goes beyond the hows and whys of nonprofit governance to provide frank advice and real world examples of what works, what doesn't, what requires a miracle, and what can be achieved through diligent and deliberate effort. Offers practical yet flexible strategies that can be tried by any nonprofit board, whatever its current effectiveness, and much more to guide nonprofit organizations and their boards toward accomplishing the goals they seek.
