Smith, André Moncourt, 2013-07-01 The long awaited Volume 2 of the first ever English language study of the Red Army Faction West Germany s most notorious urban guerillas covers the period immediately following the organization s near total decimation in 1977 This work includes the details of the guerilla s operations and its communiqu s and texts from 1978 up until the 1984 offensive This was a period of regrouping and reorientation for the RAF with its previous focus on freeing its prisoners replaced by an anti NATO orientation This was in response to the emergence of a new radical youth movement in the Federal Republic the Autonomen and an attempt to renew its ties to the radical left The possibilities and perils of an armed underground organization relating to the broader movement are examined and the RAF s approach is contrasted to the more fluid and flexible practice of the Revolutionary Cells At the same time the history of the 2nd of June Movement 2JM an eclectic guerilla group with its roots in West Berlin is also evaluated especially in light of the split that led to some 2JM members officially disbanding the organization and rallying to the RAF Finally the RAF s relationship to the East German Stasi is examined as is the abortive attempt by West Germany s liberal intelligentsia to defuse the armed struggle during Gerhard Baum s tenure as Minister of the Interior Dancing with Imperialism will be required reading for students of the First World guerilla those with interest in the history of European protest movements and all who wish to understand the challenges of revolutionary struggle **Between the Avant-garde and the Everyday**

Timothy Brown, Lorena Anton, 2011-07-01 The wave of anti authoritarian political activity associated with the term 1968 can by no means be confined under the rubric of protest understood narrowly in terms of street marches and other reactions to state initiatives Indeed the actions generated in response to 1968 frequently involved attempts to elaborate resistance within the realm of culture generally and in the arts in particular This blurring of the boundary between art and politics was a characteristic development of the political activism of the postwar period This volume brings together a group of essays concerned with the multifaceted link between culture and politics highlighting lesser known case studies and opening new perspectives on the development of anti authoritarian politics in Europe from the 1950s to the fall of Communism and beyond
