Testimonios del exilio Francisco Javier Alegre, Rafael de Zelis, Antonio López de Priego, Elsa Cecilia Frost, 2000

Colección Testimonios del exilio, 1983 Flight from Chile Thomas Wright, Rody Oñate, 2023-08-15 2023 marks the fiftieth anniversary of General Pinochet's coup on September 11 1973 During the wave of mass arrests torture and executions that followed people began fleeing Chile Over the next fifteen years some two hundred thousand Chileans sought exile in countries around the world Out of their anguish and anger come these moving and powerful testimonies of their fractured lives the first oral history of the Chilean diaspora now revised and updated Many who fled had been tortured and they clung to the principle that the dictatorship was an evil that had to be destroyed But their zeal and solidarity with other refugees often failed to sustain families Many marriages collapsed and children lost interest in their native land and culture After civilian rule returned in 1990 many returning exiles felt estranged from a homeland forever changed This timely update of the 1998 collection continues to remind us of the fracturing legacy and enduring oppression of usurpation and authoritarian rule long after its time has passed

Encyclopedia of Diasporas Melvin Ember, Carol R. Ember, Ian Skoggard, 2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world's cultures and provides an overview of important topics in the world's diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies

Memoria y trauma en los testimonios de la represión franquista José Ignacio Alvarez-Fernández, 2007 Esta obra es un estudio de la literatura testimonial de la represión franquista Estos testimonios denuncian la amplitud y el horror de la represión y se erigen en testigos de cargo contra el silencio el olvido y la impunidad padecida durante la transición política a la democracia Es hora de escuchar esas voces y preguntarnos qué nos quieren decir

Subjetividades caleidoscópicas relatos y espejos trizados Herrera, Martha

Cecilia, Pertuz Bedoya, Carol, 2018-04-24 El presente libro da cuenta de una investigación en la que las autoras se interrogan por las modalidades de constitución de las subjetividades que tuvieron lugar en el contexto de prácticas de cultura política en América Latina a partir de 1960 en las cuales la violencia política fue uno de sus componentes fundamentales. Para ello se apoyan en un corpus basado en las narrativas testimoniales elaboradas por sujetos que estuvieron involucrados en organizaciones de izquierda o en cercanía con ellas y que fueron víctimas de la violencia estatal en Chile, Argentina y Colombia entre 1970 y 1990. Es en estas décadas que los casos de los tres países se asemejan y que sin lugar a dudas la comparación de Chile y Argentina con Colombia se muestra válida puesto que comparten un contexto político y social que les es común a varios países de América Latina en el marco de lo que fue conocido como la Guerra Fría y el surgimiento de movimientos insurgentes de carácter armado y de la violencia política estatal.
