Jerry Thompson

Texas Divided Loyalty And Dissent In The Lone Star State 1856 1874:

Texas Divided James Marten, 2021-10-21 The Civil War hardly scratched the Confederate state of Texas Thousands of Texans died on battlefields hundreds of miles to the east of course but the war did not destroy Texas s farms or plantations or her few miles of railroads Although unchallenged from without Confederate Texans faced challenges from within from fellow Texans who opposed their cause Dissension sprang from a multitude of seeds It emerged from prewar political and ethnic differences it surfaced after wartime hardships and potential danger wore down the resistance of less than enthusiastic rebels it flourished as some reaped huge profits from the bizarre war economy of Texas *Texas Divided* is neither the history of the Civil War in Texas nor of secession or Reconstruction Rather it is the history of men dealing with the sometimes fragmented southern society in which they lived some fighting to change it others to preserve it and an examination of the lines that divided Texas and Texans during the sectional conflict of the nineteenth century

The Human Tradition in the Old South James C. Klotter, 2003 Table of contents *The American Civil War* Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work s value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America s pivotal experience

Violence in the Hill Country Nicholas Keefauver Roland, 2021-02-09 In the nineteenth century Texas s advancing western frontier was the site of one of America s longest conflicts between white settlers and native peoples The Texas Hill Country functioned as a kind of borderland within the larger borderland of Texas itself a vast and fluid area where during the Civil War the slaveholding South and the nominally free labor West collided As in many borderlands Nicholas Roland argues the Hill Country was marked by violence as one set of peoples states and systems eventually displaced others In this painstakingly researched book Roland analyzes patterns of violence in the Texas Hill Country to examine the cultural and political priorities of white settlers and their interaction with the century defining process of national integration and state

building in the Civil War era He traces the role of violence in the region from the eve of the Civil War through secession and the Indian wars and into Reconstruction Revealing a bitter history of warfare criminality divided communities political violence vengeance killings and economic struggle Roland positions the Texas Hill Country as emblematic of the Southwest of its time

Death of a Texas Ranger Cynthia Leal Massey, 2014-06-03 Death of a Texas Ranger is the thrilling action packed story of the murder of Texas Ranger John Green by Cesario Menchaca one of three Rangers of Mexican descent under Green's command Immediately word spread that the killing may have been the botched outcome of a contract taken out on Menchaca's life by the notorious Gabriel Marnoch a local naturalist who had run up against the law himself But was it Much more than just a story about a tragic frontier killing it is the story of an era The events leading up to the murder and Green's son's decades long quest for justice for his father's killer exemplify the chaotic frontier society in Texas after the Civil War a time fraught with political turmoil and cultural clashes Amidst that chaos the virgin landscape of Texas was a magnet to those interested in the natural sciences in the nineteenth century an era often referred to as the Age of Darwin The clash between the seemingly pastoral landscape with its offerings for science and the brutal history of the region ties this very readable regional history into the larger American story

Dancing to a Black Man's Tune Susan Curtis, 1994 As one of the creators of ragtime Joplin moved between black and white society and his experience offers a window into the complex forces of class race and culture that shaped modern America

[The Conquest of Texas](#) Gary Clayton Anderson, 2019-02-14 This is not your grandfather's history of Texas Portraying nineteenth century Texas as a cauldron of racist violence Gary Clayton Anderson shows that the ethnic warfare dominating the Texas frontier can best be described as ethnic cleansing The Conquest of Texas is the story of the struggle between Anglos and Indians for land Anderson tells how Scotch Irish settlers clashed with farming tribes and then challenged the Comanches and Kiowas for their hunting grounds Next the decade long conflict with Mexico merged with war against Indians For fifty years Texas remained in a virtual state of war Piercing the very heart of Lone Star mythology Anderson tells how the Texas government encouraged the Texas Rangers to annihilate Indian villages including women and children This policy of terror succeeded by the 1870s Indians had been driven from central and western Texas By confronting head on the romanticized version of Texas history that made heroes out of Houston Lamar and Baylor Anderson helps us understand that the history of the Lone Star state is darker and more complex than the mythmakers allowed

Tejano Tiger Jerry Thompson, 2017-10-25 Riding the rough and sometimes bloody peaks and canyons of border politics Santos Benavides's rise to prominence was largely the result of the careful mentoring of his well known uncle Basilio Benavides who served several terms as alcalde of Laredo Texas and Chief Justice of Webb County When the Civil War erupted in 1861 Basilio was one of only two Tejanos in the state legislature During Santos's lifetime five flags flew over the small community he called home that of the Republic of Mexico the ill fated Republic of the Rio Grande the Republic of Texas an expansionist United States and in March 1861 the rebellious Confederate States of

America It was under the Confederacy in the disputed Texas Mexico borderlands that Santos Benavides reached the pinnacle of his military career as the highest ranking Tejano in the entire Confederate army In the decades that followed the Civil War he became an esteemed political leader highly respected on both sides of the border This is the first scholarly study of this important historical figure At the pinnacle of his political career in 1879 Benavides held the distinction of being the only Tejano in the Texas legislature Through strife sweat blood and heroism in defense of the border Benavides rose to economic and political heights few could dream of As a friend and confidant of two Mexican presidents he was one of the single most influential individuals in the nineteenth century history of the border His life was one of enduring perseverance as well as binational leadership and skilled diplomacy He was without doubt the single most important individual in the long and often violent history of Laredo The niche he carved in the tumultuous transnational history of the Texas Mexico borderlands seems secure

Los Brazos de Dios Sean M. Kelley, 2010-11 Historians have long believed that the frontier shaped Texas plantation society but in this detailed examination of Texas's most important plantation region Sean M Kelley asserts that the dominant influence was not the frontier but the Mexican Republic The Lower Brazos River Valley the only slave society to take root under Mexican sovereignty made replication of eastern plantation culture extremely difficult and complicated By tracing the synthesis of cultures races and politics in the region Kelley reveals a distinct variant of southern slavery a borderland plantation society Kelley opens by examining the four migration streams that defined the antebellum Brazos community Anglo Americans and their African American slaves who constituted the first two groups to immigrate Germans who came after the Mexican government barred immigrants from the U S while encouraging those from Europe and African born slaves brought in through Cuba who ultimately made up the largest concentration of enslaved Africans in the antebellum South Within this multicultural milieu Kelley shows the disparity between Mexican law and German practices complicated southern familial relationships and master slave interaction Though the Mexican policy on slavery was ambiguous alternating between toleration and condemnation Brazos slaves perceived the Rio Grande River as the boundary between white supremacy and racial egalitarianism As a result thousands fled across the border further destabilizing the Brazos plantation society In the 1850s nonslaveholding Germans also contributed to the upheaval by expressing a sense of ethnic solidarity in politics In an attempt to undermine Anglo efforts to draw a sharp boundary between black and white some Germans hid runaway slaves Ultimately Kelley demonstrates how the Civil War brought these issues to the fore eroding the very foundations of Brazos plantation society With **Los Brazos de Dios** Kelley offers the first examination of Texas slavery as a borderland institution and reveals the difficulty with which southern plantation society was transplanted in the West

The Human Tradition in Texas Ty Cashion, Jesus F. De La Teja, 2001-03-01 The rich and unique history of the Lone Star State is presented in this new book through the lives of a variety of Texans who put a human face on the state's history Biographical sketches of fifteen famous and little known men and women of different colors religions and economic

backgrounds offer new insight into the history of the state Starting in the sixteenth century with Alvar N__ez Cabeza de Vaca the first European to make contact with Texas Indian tribes and tracing Texas history to the late twentieth century with a final sketch of Gary Gaines a high school football coach The Human Tradition in Texas brings the state s history to life by showing real people and the events and times in which they lived Written by leading and rising scholars of Texas history this book presents the major themes and periods in Texas history including the settling of Anglo Americans in the region bringing an American democ racy that supported slavery the Civil War and Reconstruction technologi cal developments in the late nineteenth century including railroads and irrigation for crops and livestock Texas s transformation in the early twentieth century from a world of cotton and cattle to a world of paved streets electricity and running water the challenges to modernization faced by the state with the development of the oil industry the growth in industrialization and the increasing size of Texas s cities the new age with Texas taking leadership roles in the oil aviation and entertainment industries and the expanding inclusiveness of Texas society nowhere more complete than on the sports field particularly the football field A collection of accessible and entertaining essays on this vast vibrant state The Human Tradition in Texas is an excellent resource for courses in Texas history and the history of the American West

Thank you categorically much for downloading **Texas Divided Loyalty And Dissent In The Lone Star State 1856 1874**. Maybe you have knowledge that, people have see numerous times for their favorite books subsequently this Texas Divided Loyalty And Dissent In The Lone Star State 1856 1874, but end going on in harmful downloads.

Rather than enjoying a good ebook later a cup of coffee in the afternoon, on the other hand they juggled in imitation of some harmful virus inside their computer. **Texas Divided Loyalty And Dissent In The Lone Star State 1856 1874** is comprehensible in our digital library an online entrance to it is set as public hence you can download it instantly.
