Text counter Text Alexander Zholkovsky, 1996-05-01 Using structuralist and post structuralist methods this book analyzes a selection of influential Russian texts classical modernist and contemporary as dialogues with earlier works in the light of new cultural contexts **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **In Search of Russian Modernism** Leonid Livak, 2018-11-30 A critical reexamination of Russian modernist cultural historiography Winner of the Aldo and Jeanne Scaglione Prize for Studies in Slavic Languages and Literatures by the Modern Language Association The writing and teaching of Russian literary and cultural history have changed little since the 1980s In Search of Russian Modernism challenges the basic premises of Russian modernist studies removing the aura of certainty surrounding the analytical tools at our disposal and suggesting audacious alternatives to the conventional ways of thinking and speaking about Russian and transnational modernism Drawing on methodological breakthroughs in Anglo American new modernist studies Leonid Livak explores Russian and transnational modernism as a story of a self identified and self conscious interpretive community that bestows a range of meanings on human experience Livak s approach opens modernist studies to integrative and interdisciplinary analysis including the extension of scholarly inquiry beyond traditional artistic media in order to account for modernism s socioeconomic and institutional history Writing with a student audience in mind Livak presents Russian modernism as a minority culture coexisting with other cultural formations while addressing thorny issues that regularly come up when discussing modernist artifacts Aiming to open an overdue debate about the academic fields of Russian and transnational modernist studies this book is also intended for an audience of scholars in comparative literary and cultural studies specialists in Russian and transnational modernism and researchers engaged with European cultural historiography

Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public **Rereading Russian Poetry** Stephanie Sandler, 1999-01-01 Russia s poets hold a special place in Russian culture perhaps revealing more about their country than poets within any other nation In this unique and wide ranging collection of writings on poets and poetic trends in Russia contributors from the United States Britain and Russia examine the place of poetry in Russian culture Through a variety of critical approaches these scholars translators and poets consider a broad cross section of Russian poets from Pushkin to Brodsky Shvarts and Kibirov **Vladimir Nabokov** Neil Cornwell, 1999 Vladimir Nabokov s extraordinary literary career as a master of Russian and English prose is unique Acclaimed in the limited Russian migr world under the name of Sirin

Nabokov switched to writing in English and settled in America a refugee from Hitler's Europe. Exile, memory, lost love and the magic of childhood are among his themes. Stylistic and structural dexterity are his hallmarks. *Lolita* ranked number 4 in the 1998 New York Modern Library list of 100 best novels of the century published in English, enabled him to retire to a final and productive period of European residence. Film versions of his most controversial novel keep Nabokov's name before the public while almost his entire oeuvre remains currently available in paperback. Neil Cornwell's study published for the Nabokov centenary examines five of Nabokov's major novels plus his short stories and critical writings situating his work against the ever expanding mass of VN scholarship and noting his cultural debt to Russia, Europe, America and the British Isles.

Boris Eikhenbaum Carol Joyce Any, 1994 This is the first book length study of Boris Eikhenbaum 1886-1959 a leading Russian Formalist and a pathbreaking Tolstoy scholar. The author carefully traces Eikhenbaum's intellectual trajectory from his pre-Formalist philosophical criticism through Formalism to his later biographical criticism of Tolstoy and Lermontov. Eikhenbaum's contribution to Formalism has not heretofore received clear definition and the author shows that his ideas and influence were even greater than previously supposed. His shift away from Formalism with its emphasis on purely literary analysis toward a criticism that emphasized the writer as a cultural figure is seen as a response to both political exigency and personal need. Although by the late 1910s Formalism had become poetics non grata in the Soviet Union the author demonstrates that Eikhenbaum also had compelling intellectual reasons to move away from Formalism which had reached a dead end. The author asserts that Eikhenbaum prolonged his scholarly life by concentrating on nineteenth century Russian authors whose moral opposition to mainstream Russian intellectual thought served as a model for his own ethical stance in Stalin's Russia. This is particularly true of his monumental three volume work on Tolstoy which in its own way has been as influential as his Formalist writings. Throughout the author relates Eikhenbaum's critical thinking to such current literary issues as intention, perception, meaning, reader reception, deconstruction and the New Historicism.

Times of Trouble Marcus C. Levitt, Tatyana Novikov, 2007 From the country that has added to our vocabulary such colorful terms as purges, pogroms and gulag this collection investigates the conspicuous marks of violence in Russian history and culture. Russians and non Russians alike have long debated the reasons for this endemic violence. Some have cited Russia's huge size, unforgiving climate and exposed geographical position as formative in its national character making invasion easy and order difficult. Others have fixed the blame on cultural and religious traditions that spurred internecine violence or on despotic rulers or unfortunate episodes in the nation's history such as the Mongol invasion, the rule of Ivan the Terrible or the Red Terror of the revolution. Even in contemporary Russia the specter of violence continues from widespread mistreatment of women to racial antagonism, the product of a frustrated nationalism that manifests itself in such phenomena as the wars in Chechnya. *Times of Trouble* is the first in English to explore the problem of violence in Russia. From a variety of perspectives essays investigate Russian history as well as depictions of violence in the visual arts and in literature including the works of

Fyodor Dostoevsky Isaac Babel Mikhail Lermontov and Nina Sadur From the Mongol invasion to the present day topics include the gulag genocide violence against women anti-Semitism and terrorism as a tool of revolution **A Woman's Empire** Katya Hokanson, 2022-10-03 A Woman's Empire explores a new dimension of Russian imperialism women actively engaged in the process of late imperial expansion The book investigates how women writers travellers and scientists who journeyed to and beyond Central Asia participated in Russia's civilizing and colonizing mission utilizing newly found educational opportunities while navigating powerful discourses of femininity as well as male dominated science Katya Hokanson shows how these Russian women resisted domestic roles in a variety of ways The women writers include a governor general's wife a fiction writer who lived in Turkestan and a famous Theosophist among others They make clear the perspectives of the ruling class and outline the special role of women as describers and recorders of information about local women and as builders of civilized colonial Russian society with its attendant performances and social events Although the bulk of the women's writings drawings and photography is primarily noteworthy for its cultural and historical value A Woman's Empire demonstrates how the works also add dimension and detail to the story of Russian imperial expansion and illuminates how women encountered imagined and depicted Russia's imperial Other during this period **Russian Literature, Modernism and the Visual Arts** Catriona Kelly, Stephen Lovell, 2000-03-09 In the Russian modernist era literature threw itself open to influences from other art forms most particularly the visual arts Collaborations between writers artists designers and theatre and cinema directors took place more intensively and productively than ever before or since Equally striking was the incursion of spatial and visual motifs and structures into verbal texts Verbal and visual principles of creation joined forces in an attempt to transform and surpass life through art Yet willed transcendence of the boundaries between art forms gave rise to confrontation and creative tension as well as to harmonious co-operation This collection of essays by leading British American and Russian scholars first published in 2000 draws on a rich variety of material from Dostoevskii to Siniavskii from writers doodles to cabarets from well known modernists such as Akhmatova Malevich Platonov and Olesha to less well known figures to demonstrate the creative power and dynamism of Russian culture on the boundaries
