The Legacy of Ibo Landing Marquetta L. Goodwine, 1998 Ihsan Bracy has captured the full flavor of Gullah culture Emory S Campbell Director Penn Center St Helena Island South Carolina **The Legacy of IBO Landing** Marguetia L. Goodwine, 2001-11 **African American Life in the Georgia Lowcountry** Philip Morgan, 2011-11-01 The lush landscape and subtropical climate of the Georgia coast only enhance the air of mystery enveloping some of its inhabitants people who owe in some ways as much to Africa as to America As the ten previously unpublished essays in this volume examine various aspects of Georgia lowcountry life they often engage a central dilemma the region s physical and cultural remoteness helps to preserve the venerable ways of its black inhabitants but it can also marginalize the vital place of lowcountry blacks in the Atlantic World The essays which range in coverage from the founding of the Georgia colony in the early 1700s through the present era explore a range of topics all within the larger context of the Atlantic world Included are essays on the double edged freedom that the American Revolution made possible to black women the lowcountry as site of the largest gathering of African Muslims in early North America and the coexisting worlds of Christianity and conjuring in coastal Georgia and the links with variations to African practices A number of fascinating memorable characters emerge among them the defiant Mustapha Shaw who felt entitled to land on Ossabaw Island and resisted its seizure by whites only to become embroiled in struggles with other blacks Betty the slave woman who in the spirit of the American Revolution presented a list of grievances to her master and S Quash the Arabic speaking Muslim who arrived on one of the last legal transatlantic slavers and became a head man on a North Carolina plantation Published in association with the Georgia Humanities Council **The Gullah People and Their African Heritage** William S. Pollitzer, 2005-11-01 The Gullah people are one of our most distinctive cultural groups Isolated off the South Carolina Georgia coast for nearly three centuries the native black population of the Sea Islands has developed a vibrant way of life that remains in many ways as African as it is American This landmark volume tells a multifaceted story of this venerable society emphasizing its roots in Africa its unique imprint on America and current threats to its survival With a keen sense of the limits to establishing origins and tracing adaptations William S Pollitzer discusses such aspects of Gullah history and culture as language religion family and social relationships music folklore trades and skills and arts and crafts Readers will learn of the indigo and rice growing skills that slaves taught to their masters the echoes of an African past that are woven into baskets and stitched into quilts the forms and phrasings that identify Gullah speech and much more Pollitzer also presents a wealth of data on blood composition bone structure disease and other biological factors This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples Drawing on fields from archaeology and anthropology to linguistics and medicine **The Gullah People and Their African Heritage** celebrates a remarkable people and calls on us to help protect their irreplaceable culture *Low Country Gullah Culture, Special Resource Study*, 2003 **A Companion to African American History** Alton
