Recollections Ivan Bunin, 2024-07-15 In this edited translation of famed writer Ivan Bunin's *Recollections* translator Thomas Gaiton Marullo provides an intimate look at leading political social cultural and literary figures from late imperial Russia through the First World War and the revolutions of 1905 and 1917 to the birth of the Russian diaspora and the rise of the Soviet state Through engaging colorful and often idiosyncratic vignettes Bunin 1870-1953 details his admiration for Leo Tolstoy Anton Chekhov Sergei Rachmaninov and Fyodor Chaliapin He shares his love hate relationships with Maxim Gorky Alexei Tolstoy and Alexander Kuprin In addition Marullo's translation reveals Bunin's hatred of avant gardists particularly Vladimir Mayakovsky as well as his thoughts and experiences on war revolution and exile Bunin's work led in the end to his bittersweet reception of the Nobel Prize in Literature 1933 in Stockholm making him the first Russian and the first writer in exile ever to receive this award *Recollections* reveals the author's feelings toward this unprecedented event Bunin's *Recollections* stands not only as a stark summa of his passage through literature and life but also as an equally bold apologia as to his place in both

Second Tolstoy Steve Hickey, 2021-11-12 Very few if any have devoted more years to practicing and teaching others to practice the precepts of Jesus's Sermon on the Mount than Leo Tolstoy He stands apart in the history of interpretation and has had enormous influence on others and other countries Yet Gandhi or others often get the glory Tolstoy is remembered as a great writer but his religious and philosophical works are by and large unknown or disparaged even in scholarly Tolstoyan circles His contribution is substantially under appreciated and misunderstood In *Second Tolstoy* The Sermon on the Mount as Theo tactics Steve Hickey captures the particulars and dynamics of Tolstoy's interpretation of the Sermon on the Mount from a deliberately sympathetic vantage point Underlying this project is shared belief with Tolstoy that the Sermon on the Mount is liveable and to be lived While from the vantage point of traditional orthodoxy Tolstoy got much wrong there remains a lack of appreciation for what he got right radical obedience to the teachings of Jesus A new vocabulary is proposed to more precisely capture Tolstoyan lived theology namely the political and social expressions of Tolstoyan Christianity with the hope that these theories and practices will gain a wider consideration understanding and following

Tolstoy: A Guide for the Perplexed Jeff Love, 2008-09-25 Count Leo Nikolaevich Tolstoy 1828-1910 is one of the most important writers in the Western tradition His two great novels *War and Peace* and *Anna Karenina* cover an enormous range of basic human experiences with a precision and probing spirit that in the words of one critic are simply unmatched by any other writer This guide offers students a clear introduction to Tolstoy's literary works from his major novels to the shorter novels and texts including *Hadji Murat* and *The Death of Ivan Ilyich* The guide also covers major themes

The Cambridge Companion to Tolstoy Donna Tussing Orwin, 2002-09-19

Best known for his great novels *War and Peace* and *Anna Karenina*, Tolstoy remains one of the most important nineteenth-century writers. Throughout his career, which spanned nearly three quarters of a century, he wrote fiction, journalistic essays, and educational textbooks. The specially commissioned essays in *The Cambridge Companion to Tolstoy* do justice to the sheer volume of Tolstoy's writing. Key dimensions of his writing and life are explored in essays focusing on his relationship to popular writing, the issue of gender and sexuality in his fiction, and his aesthetics. The introduction provides a brief unified account of the man for whom his art was only one activity among many. The volume is well supported by supplementary material, including a detailed guide to further reading and a chronology of Tolstoy's life, the most comprehensive compiled in English to date. Altogether, the volume provides an invaluable resource for students and scholars alike.

"Who, What Am I?" Irina Paperno, 2015-02-06

God only knows how many diverse captivating impressions and thoughts evoked by these impressions pass in a single day. If it were only possible to render them in such a way that I could easily read myself and that others could read me as I do. Such was the desire of the young Tolstoy. Although he knew that this narrative utopia, turning the totality of his life into a book, would remain unfulfilled, Tolstoy would spend the rest of his life attempting to achieve it. *Who, What Am I?* is an account of Tolstoy's lifelong attempt to find adequate ways to represent the self, to probe its limits, and ultimately to arrive at an identity not based on the bodily self and its accumulated life experience. This book guides readers through the voluminous, highly personal nonfiction writings that Tolstoy produced from the 1850s until his death in 1910. The variety of these texts is enormous, including diaries, religious tracts, personal confessions, letters, autobiographical fragments, and the meticulous accounts of dreams. For Tolstoy, inherent in the structure of the narrative form was a conception of life that accorded linear temporal order a predominant role, and this implied finitude. He refused to accept that human life stopped with death and that the self was limited to what could be remembered and told. In short, his was a philosophical and religious quest, and he followed in the footsteps of many, from Plato and Augustine to Rousseau and Schopenhauer. In reconstructing Tolstoy's struggles, this book reflects on the problems of self and narrative as well as provides an intellectual and psychological biography of the writer.

Breaking Free from Death Galina Rylkova, 2020-04-14

Breaking Free from Death examines how Russian writers respond to the burden of living with anxieties about their creative outputs and ultimately about their own inevitable finitude. What contributes to creative death are not just crippling diseases that make man defenseless in the face of death, and not just the arguably universal fear of death, but equally important, the innumerable impositions on the part of various outsiders. Many conflicts in the lives of Rylkova's subjects arose not from their opposition to the existing political regimes, but from their interactions with like-minded and supporting intellectuals, friends, and relatives.

The book describes the lives and choices that concrete individuals and by extrapolation their literary characters must face in order to preserve their singularity and integrity while attempting to achieve fame greatness and success
