and immediate impact of the industrial dispute are its enduring lessons through the First World War the Easter Rising and the birth of the Irish Free State its legacy real and adopted instructs the surge of activism currently witnessed but to what effect The Dublin Lockout 1913 illuminates this pivotal class war in Irish history inspiring shocking and the nearest thing Ireland had to a debate on the type of society that was wanted by its citizens

The Mind of the Terrorist Jerrold M. Post, 2024-09-04 In contrast to the widely held assumption that terrorists as crazed fanatics Jerrold Post demonstrates they are psychologically normal and that hatred has been bred in the bone He reveals the powerful motivations that drive these ordinary people to such extraordinary evil by exploring the different types of terrorists from national separatists like the Irish Republican Army to social revolutionary terrorists like the Shining Path as well as religious extremists like al Qaeda and Aum Shinrikyo In *The Mind of the Terrorist* Post uses his expertise to explain how the terrorist mind works and how this information can help us to combat terrorism more effectively

The Seven Ruth Dudley Edwards, 2016-03-22 On Easter Sunday 23 April 1916 the seven members of the Irish Republican Brotherhood's military council met to proclaim an Irish Republic with themselves as the provisional government After a week of fighting with the British army on the streets of Dublin the Seven were arrested court martialled and executed Cutting through the layers of veneration that have seen them regarded unquestioningly as heroes and martyrs by many Ruth Dudley Edwards provides shrewd yet sensitive portraits of Ireland's founding fathers She explores how an incongruous group which included a communist visionary Catholic poets and a tobacconist joined together to initiate an armed rebellion that changed the course of Irish history Brilliant thought provoking and captivantly told *The Seven* challenges us to see past the myths and consider the true character and legacy of the Easter Rising

Famine Irish and the American Racial State Peter D. O'Neill, 2017-02-03 Accounts of Irish racialization in the United States have tended to stress Irish difference *Famine Irish and the American Racial State* takes a different stance This interdisciplinary transnational work uses an array of cultural artifacts including novels plays songs cartoons government reports laws sermons memoirs and how to manuals to make its case It challenges the claim that the Irish became white in the United States showing that the claim fails to take into full account the legal position of the Irish in the nineteenth century US state a state that deemed the Irish white upon arrival The Irish thus not only fitted into the US racial state they helped to form it Till now little heed has been paid to the state's role in the Americanization of the Irish or to

the Irish role in the development of US state institutions Distinguishing American citizenship from American nationality this volume journeys to California to analyze the means by which the Irish gained acceptance in both categories at the expense of the Chinese Along the way it contests ideas that have taken hold within American studies One is the notion that the Roman Catholic Church operated outside of the power structure of the nineteenth century United States On the contrary Famine Irish and the American Racial State argues the Irish led corporate Catholic Church became deeply imbricated in US state structures Its final chapter discusses a radical transnational Irish tradition that offers a glimpse at a postnational future

The Edwardians Roy Hattersley, 2015-09-01 A convincing account of a watershed epoch Hattersley's concise yet comprehensive history casts new light on a much misunderstood era Publishers Weekly Edwardian Britain has often been described as a golden sunlit afternoon personified by its genial and self-indulgent King In fact modern Britain was born during the reign of Edward VII when politics science literature and the arts were turned upside down In Parliament the peers were crushed for the first time since Magna Carta Irish nationalists and suffragettes took politics out on to the streets Home Rule and Votes for Women were delayed not precipitated by the First World War Great parliamentary stars such as Lloyd George and Winston Churchill typified an era in which personalities dominated the headlines of the new tabloid newspapers It was the age of Rolls and Royce Scott and Shackleton Edward Elgar Shaw the Pankhursts and Mrs Alice Keppel whose social life was reported without mention of her relationship with the King The theater of ideas superseded drawing room dramas Novelists of genius from Henry James to D H Lawrence produced a masterpiece each year A London gallery caused a sensation with an exhibition of Postimpressionists Edward Elgar was the first English composer for two hundred years to stand comparison with the continental European masters In sport Victorian chivalry was replaced with unashamed professionalism Man flew for the first time and the motorcar became a common sight on city streets Physicists examined the structure of the atom and philosophers disputed the traditional definition of virtue The churches tried without success to confront and confound a new skepticism Explorers sought to prove that men could live and die like gods Drawing on previously unpublished diaries and letters Roy Hattersley's The Edwardians is a beguiling account of a turbulent and frequently misunderstood period It is a full and often humorous portrait of an era that he elevates to its rightful place in British history
