The Life Everlasting

John Whitley (D.D.)

The Life Everlasting:

The Life Everlasting John Hancock Pettingell, 1883 *And the Life Everlasting* John Baillie, 1933 *The Life Everlasting* John Whitley (D.D.), 1846 *The Life Everlasting* Marie Corelli, 2015-05-01 Some of the themes only hinted at in Marie Corelli's 1886 breakthrough novel *A Romance of Two Worlds* are fully fleshed out in fascinating detail in her later work *The Life Everlasting*. In the future world Corelli brings to life in this novel scientific breakthroughs have made it possible to master radioactivity and other previously unharnessed energies. The female narrator opts to undergo a spiritual process that is designed to bring her to a higher plane of understanding and along the way she learns a great deal about her true nature and capabilities. *The Life Everlasting: A Reality of Romance* Marie Corelli, 2018-09-20 Reproduction of the original *The Life Everlasting: A Reality of Romance* by Marie Corelli ***The Life Everlasting*** Marie Corelli, 1911 ***The Life Everlasting: in which are Considered the Intermediate Life, the New Body and the New World, the Man in Heaven, Angels, the Final Consummate Life*** John WHITLEY (D.D.), 1846 ***The Life Everlasting: A Reality of Romance*** Marie Corelli, 2020-09-28 It is difficult at all times to write or speak of circumstances which though perfectly at one with Nature appear to be removed from natural occurrences. Apart from the incredulity with which the narration of such incidents is received, the mere idea that any one human creature should be fortunate enough to secure some particular advantage which others through their own indolence or indifference have missed is sufficient to excite the envy of the weak or the anger of the ignorant. In all criticism it is an understood thing that the subject to be criticised must be UNDER the critic, never above that; is to say, never above the critic's ability to comprehend; therefore, as it is impossible that an outsider should enter at once into a clear understanding of the mystic Spiritual Nature world around him, it follows that the teachings and tenets of that Spiritual Nature world must be more or less a closed book to such an one, a book moreover which he seldom cares or dares to try and open. In this way, and for this reason, the Eastern philosophers and sages concealed much of their most profound knowledge from the multitude because they rightly recognised the limitations of narrow minds and prejudiced opinions. What the fool cannot learn, he laughs at, thinking that by his laughter he shows superiority instead of latent idiocy. And so it has happened that many of the greatest discoveries of science, though fully known and realised in the past by the initiated few, were never disclosed to the many until recent years, when wireless telegraphy and light rays are accepted facts, though these very things were familiar to the Egyptian priests and to that particular sect known as the Hermetic Brethren, many of whom used the violet ray for chemical and other purposes ages before the coming of Christ. Wireless telegraphy was also an ordinary method of communication between them, and they had their stations for it in high towers on certain points of land as we have now. But if they had made their scientific attainments known to the multitude of their day, they would have been judged as impostors or madmen. In the time of Galileo, men would not believe that the earth moved round the sun, and if anyone had then declared that messages could be sent from one ship to another in mid-ocean,

without any visible means of communication he would probably have been put to torture and death as a sorcerer and deliberate misleader of the public In the same way those who write of spiritual truths and the psychic control of our life forces are as foolishly criticised as Galileo and as wrongfully condemned *Life Everlasting* Gary Jansen,2018-03-13 The time honored practices in this inspiring book will guide you in unlocking the power of Catholic devotions prayers meditations and even very simple small actions you can take right now that will bring you closer to God and also offer reassurance that we are never ever alone The mystical practices of mindfulness and heartfulness presented can help anyone find so lace healing and direction during difficult times In *Life Everlasting* readers will discover that lost causes can be won by meditating with St Jude healings can occur by praying with the Virgin Mary and the Holy Spirit can assist us in making important decisions The Catholic art of devotion can help us experience miracles in all aspects of our daily lives including our health finances and relationships By praying and taking our attention off our own problems for just a few minutes a day we can take the first steps toward abandoning fear and living a life of forgiveness abundance and perpetual gratitude In other words we can experience a little heaven on earth a little life everlasting *Body, Soul, and Life Everlasting* John W. Cooper,2000 This widely acclaimed study of biblical anthropology is available once more along with a substantial new preface by the author Fully engaged with theological philosophical and scientific discussions on the nature of human persons and their destiny beyond the grave John Cooper s defense of holistic dualism remains the most satisfying and biblical response to come from the monism dualism debate First published in 1989 *Body Soul and Life Everlasting* is required reading for Christian philosophers theologians psychologists and students interested in the mind body question
