The Lifespan:

Counseling Across the Lifespan Cindy L Juntunen, Jonathan P. Schwartz, 2015-04-15 This practical book helps readers provide effective mental emotional and behavioral health services to clients across the continuum of care from health promotion through long term treatment and remediation Anchoring each chapter within a life stage from childhood through older adulthood the text identifies the nature and origin of various psychological issues and emphasizes the importance of anticipating and responding early to concerns that arise for large portions of the population The Second Edition features new chapters and expanded coverage of important topics such as sociocultural contextual factors and interprofessional health perspectives *Improving Competence Across the Lifespan* Dolores Pushkar, William M. Bukowski, Alex E. Schwartzman, Dale M. Stack, Donna R. White, 2007-05-08 This book arises from a conference held in November 1996 designed to examine how competence can be improved in the different stages of the lifespan To this end we brought together eminent researchers in different areas of human development infancy childhood and adulthood including the late adult years The conference was based on the premise that discussion arising from the interfaces of research and practice would increase our knowledge of and stimulate the further application of effective interventions designed to improve competence The editors wish to acknowledge the contributions of Concordia University and the Fonds pour la Formation de Chercheurs et l'Aide à la Recherche FCAR in providing funding and other assistance toward the conference Improving Competence Across the Lifespan and toward the publication of this book Finally we wish to express our gratitude to the numerous students associated with our Centre for their help and to Gail Pitts and Lesley Husband of the Centre for Research in Human Development for their assistance We are especially grateful to Donna Craven Centre for Research in Human Development for her heroic work on both the conference and the present volume We could not have met our goals without you *Counseling Individuals Through the Lifespan* Daniel W. Wong, Kimberly R. Hall, Cheryl A. Justice, Lucy Wong Hernandez, 2014-12-24 Organized around the latest CACREP Standards Counseling Individuals Through the Lifespan introduces readers to the fundamentals of the counseling process during each stage of human development Topics such as the client counselor relationship counseling theory research and interventions are addressed with a focus on caring for the total person within his/her environment and culture Emphasizing the importance of intentionality and self reflection the chapters include case illustrations and guided practice exercises to further the development of successful 21st century counselors Counseling Individuals Through the Lifespan is part of the SAGE Counseling and Professional Identity Series which targets specific competencies identified by CACREP Council for Accreditation of Counseling and Related Programs To learn more about each text in the series please visit www.sagepub.com/cpseries **Language Development Over the Lifespan** Kees de Bot, Robert W. Schrauf, 2010-05-26 Language Development Over the Lifespan is a reference resource for those conducting research on language development and the aging process and a supplementary textbook for courses in applied linguistics

bilingualism programs that focus on language attrition aging and adult literacy development in second languages It offers an integrative approach to language development that examines changes in language over a lifetime organized by different theoretical perspectives which are presented by well known international scholars *Self-Esteem Across the Lifespan* Mary H. Guindon,2009-10-27 As long as clinicians write increase self esteem on treatment plans without knowing precisely what that means there is a need for information on the construct of self esteem and how its many components can have an effect on outcomes This text defines self esteem describes its history and evolution discusses its controversies and presents information on intervention strategies that can make a difference when it receives clinical attention Principles and concepts are applied to various clinical concerns faced by clients in each of the five developmental life stages childhood adolescence young adulthood midlife and late life Book chapters discuss a variety of specific issues such as child trauma and abuse ADHD body image and eating disorders at risk adolescents African American youth sexuality in young adulthood alcohol and other drugs issues lesbians and gay men at midlife career development intergenerational conflict in Asian Americans and loss in late life and offer detailed strategies for the development and enhancement of self esteem Also included is an example of an 8 week self esteem enhancement program *Developmental Transitions across the Lifespan* Leo Hendry,2015-05-08 Choice Recommended Read Leo B Hendry is one of the foremost developmental psychologists of his generation His diverse range of interests have included studies on young people s involvement in competitive sports investigations into teacher and pupil relations in school adolescents leisure pursuits and their family relations parenting styles youth workers and mentoring youth unemployment adolescent health behaviours and transition to early adulthood His research interests now include work on ageing and retirement *Developmental Transitions across the Lifespan* is the first collection of Hendry s works and essentially joins the dots to provide an overarching perspective on lifespan development through a dynamic systems theory approach Underpinned by empirical research this collection of journal articles and book chapters is linked by a contemporary commentary which not only contextualises each piece within today s research climate but builds to provides an unorthodox comprehensive but above all compelling perspective on human development from childhood to old age Leo B Hendry s research output has been significant and influential This is an important book that will provide students and researchers in developmental psychology not only with an opportunity to view his contribution holistically but in connecting his range of research interests provides a new contribution to our understanding of lifespan development in its own right *Family Caregiving Across the Lifespan* Eva Kahana,David E. Biegel,May Wykle,1994-03-16 Published in cooperation with the Center for Practice Innovations Mandel School of Applied Social Sciences Case Western Reserve University Increased life expectancy the deinstitutionalization of persons with mental illness the rise of home health care and advances in medical technology have resulted in greater numbers of dependent people requiring care by family members The frail elderly the chronically mentally ill and the physically disabled are examples of such groups who now receive their daily care in the

community How do families accept the burden of this care What are the physical and emotional demands of such caregiving Are the families prepared to assume this role Family Caregiving Across the Lifespan considers the broad spectrum of chronic illnesses that necessitate family caregiving throughout the lifespan and expands the caregiving paradigm by including in its focus both members of the caregiving dyad and significant non family caregivers It also explores the social context in which care is provided an entire section of the volume is devoted to discussions of the interface between informal and formal caregivers and society at large Among the other subjects this volume addresses are the negative consequences of family caregiving the value of providing support to caregivers and caregivers of persons living with AIDS Family Caregiving Across the Lifespan is important reading for those in social work nursing family medicine and clinical psychology Family Caregiving Across the Lifespan represents a significant milestone in the continuing maturation of this vital area of long term care The title is an understatement of the authors accomplishments Rather than offering narrow boxes or labels the book invites the reader to join in a broadened perspective on caregiving so that it can more fully reflect the richness of the lives of all involved For those who encounter Family Caregiving Across the Lifespan as part of their continuing study of caregiving the book provides the integrating milestone of caregiving literature Journal of Case Management This volume is a useful compendium of articles on family caregiving The fourteen chapters in this volume address many important topics in family caregiving One of the book s major contributions is its clarification that family caregiving to frail or chronically ill people has no age limitation although there are unique issues at different points in the development of individuals and families The book has exceptional merit It expands our understanding of family caregiving provides important ideas for future research offers research findings that enhance our understanding of family care and presents a very useful review of the literature This book would be a beneficial addition to the library of all researchers in the area of caregiving They will discover worthwhile conceptualizations and gain new insights that can inform their research Practitioners should also benefit from this collection The chapters addressing interaction between formal and informal caregivers should give practitioners a deeper understanding of how to be more effective in dealing with informal caregivers and care recipients Ageing Society One paper in this volume deserves particular notice because it attempts to do what many of the authors feel is most critical in caregiving research but also most difficult namely to analyze the effectiveness of caregiving the effect of provision of care on elder health outcomes This is an important and original conceptualization of the problem Steven M Albert Contemporary Gerontology This book is both unique and valuable because it embraces Brody s observation that family caregiving is not limited to a specific segment of the life span Moreover the book is not limited to filial caregiving but entertains an impressive variety of contexts of family caregiving This book will be a valuable text in graduate level courses Journal of Marriage and the Family *Development Through The Lifespan* Laura E. Berk, 2022-07-26 New and compelling topics rich examples strong multicultural and cross cultural focus coupled with Berk s signature storytelling style *Development Through the Lifespan*

Seventh Edition is the most accessible and engaging text available to students today *Extending the Lifespan* Klaus Sames, Sebastian Sethe, Alexandra Stolzing, 2005 This book collects the essays and presentations that were the product of a highly successful international meeting on experimental gerontology conducted by the German Society for Gerontology and Gerontology in September 2003 In this volume specialists from a variety of backgrounds address a multitude of issues including Theories of Aging Analytical Gerontology Nutrition and Lifespan Antioxidants Genetic Repair Life Extension Mathematics Tissue Engineering Transplantation Stem Cells Cryopreservation Nanotechnology Criminology Ethics in Research and Care *Family Violence Across the Lifespan* Ola W. Barnett, Cindy L. Miller-Perrin, Robin D. Perrin, 2010-12-14 The most comprehensive research based text on family violence now more accessible and visually inviting than ever before Streamlined and updated throughout with state of the art information this Third Edition of the authors bestselling book gives readers an accessible introduction to the methodology etiology prevalence treatment and prevention of family violence Research from experts in the fields of psychology sociology criminology and social welfare informs the book s broad coverage of current viewpoints and debates within the field Organized chronologically chapters cover child physical sexual and emotional abuse abused and abusive adolescents courtship violence and date rape spouse abuse battered women and batterers and elder abuse
