The Later Cantos of Ezra Pound James J. Wilhelm, 1977 **The Cantos of Ezra Pound** Ezra Pound, 1996 The Cantos of Ezra Pound is the most important epic poem of the twentieth century **The Late Cantos of Ezra Pound** Michael Kindellan, 2017-10-19 Drawing extensively on archival research The Late Cantos of Ezra Pound critically explores the textual history of Pound's late verse namely Section Rock Drill 1955 and Thrones 1959 Examining unpublished letters draft manuscripts and other prepublication material this book addresses the composition revision and dissemination of these difficult texts in order to shed new light on their significance to Pound's wider project his methods and techniques and the structures of authority literary and political that govern the meaning of his poetry Illustrated by reproductions of archival documents The Late Cantos of Ezra Pound is an innovative new study of one of the most important poets of the 20th century

The Late Cantos of Ezra Pound Michael Kindellan, 2017-10-19 Drawing extensively on archival research The Late Cantos of Ezra Pound critically explores the textual history of Pound's late verse namely Section Rock Drill 1955 and Thrones 1959 Examining unpublished letters draft manuscripts and other prepublication material this book addresses the composition revision and dissemination of these difficult texts in order to shed new light on their significance to Pound's wider project his methods and techniques and the structures of authority literary and political that govern the meaning of his poetry Illustrated by reproductions of archival documents The Late Cantos of Ezra Pound is an innovative new study of one of the most important poets of the 20th century **A Companion to The Cantos of Ezra Pound** Carroll F. Terrell, 1993-04-16 The Companion is a major contribution to the literary evaluation of Pound's great but often bewildering and abstruse work The Cantos Available in a one volume paperback edition for the first time the Companion brings together in conveniently numbered glosses for each canto the most pertinent details from the vast body of work on the Cantos during the last thirty years The Companion contains 10 421 separate glosses that include translations from eight languages identification of all proper names and works Pound's literary and historical allusions and other exotica with exegeses based upon Pound's sources Also included is a supplementary bibliography of works on Pound newly updated and an alphabetized index to The Cantos A Companion to the Cantos of Ezra Pound Carroll Franklin Terrell, 1980-01-01 **Ezra Pound: The Cantos** George Kearns, 1989-11-23 Pound's 800 page Cantos written over a period of more than fifty years 1917-1969 invites the reader to join the poet on a journey from darkness and despair towards light and positive activity In this book George Kearns addresses the reader approaching The Cantos for the first time He examines the poem's aesthetic and political ethical didactic dimensions and shows that despite its complexity and the many objections which can be raised to its poetics and politics its study can be greatly rewarding **Ezra Pound, Italy, and the Cantos** Massimo Bacigalupo, 2020-03-18 Ezra Pound spent most of his life in Italy and wrote about it incessantly in his poetry Only by following his footsteps acquaintances and composition processes can we make sense of and enjoy his forbidding Cantos This study provides for the first time an

account of Pound's Italian wanderings and of what they became in his work After this study we will be able to read Pound as a guide to the places people and books he loved and we will share his the poet traveler's joys and discoveries **Language, Sexuality, and Ideology in Ezra Pound's Cantos** Jean-Michel Rabate, Jean-Michel Rabaté, 1986-01-01 Ezra Pound's Cantos remains among the most influential and difficult of twentieth century poetic writings But now for the first time Rabat's powerful and original study presents a theory of reading adequate to the challenge of Pound's writing Using elements from Lacanian psycho analysis and Heidegger's powerful meditation of poetry and language this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the Cantos and to the historical and political situations to which those strategies are a response This study provides a fresh reading of the familiar Pound canon Homer Dante Ovid but also of the less well known Ruskin Browning Frobenius Pound's practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis ellipsis condensation and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will Crucial to an understanding of Pound's situation is the relationship between Chinese and Greek culture an analysis of which allows Rabat to elaborate the tragic dimension in Pound's life and works This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce and with his immediate heirs like William Carlos Williams H D Zukofsky and Olson

The Genesis of Ezra Pound's CANTOS Ronald L. Bush, 2014-07-14 Ronald Hush traces the organic development of the poem and demonstrates that what seems to be eccentricity in the Cantos frequently corresponds to the common practice of Pound's contemporaries Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
