The Lazaris Material Creating Building Keeping Intimate Relationships:

The New York Times Index ,1981 How to Build an Intimate Relationship Julia Blest,2017-02-06 Intimacy is what many people are seeking when they get into a relationship especially with the opposite sex Unfortunately many of those who get into such relationships do not understand and appreciate that having intimacy in a relationship depends on whether you are knowledgeable about certain principles that govern true intimacy and whether or not you are willing to live by them Many people mistakenly think that experiencing intimacy in a relationship is something they can stumble upon or something that develops simply because they desire it Nothing is further from the truth Intimacy is something you consciously build towards by applying the principles that govern its birth growth and maturity The search for intimacy in relationships has left many heartbroken and disillusioned with many concluding that intimacy is something that only exists in soap operas and romance novels Many unanswered questions linger in the hearts and minds of people whether true intimacy can be experienced in a relationship The doubt in the masses is understandable when you consider the many dysfunctional homes many people have come from There was no modeling of true intimacy between parents Some parents decided to stay together not because they loved each other any more but because of their children or because they would loose much more if the society they were staying in discovered they were no longer together Having come from dysfunctional homes or having witnessed dysfunctional homes many ask themselves Is there any hope for those in the twenty first century to build and have a lasting fulfilling and intimate relationship with one partner Is there any hope for intimacy when husband and wife separate on their first night of marriage after a colorful wedding The answers to these questions will largely depend on where we turn to for principles on building intimate relationships If we turn to the WORLD all we will see and get are the glaring statistics of divorces in our day However if we turn to THE WORD OF GOD we will get sound and lasting wisdom on how to build an intimate relationship that will stand the test of time In seeking instruction and wisdom for establishing intimacy in relationships we will borrow heavily from the books of Genesis and from Songs of Solomon The book of Genesis will give us the foundation for intimate relationships while the book of Songs of Solomon will give us the material for building an intimate relationship The content of this book is targeted to those who hope to have an intimate relationship that will lead to marriage with the opposite sex This book offers great insight for those in courtship while challenging those who are married to re evaluate their relationship I encourage those who are hurt and disillusioned from previous relationships and those seeking an intimate relationship to read this book I believe the book will shed light in the darkness and bring them to the place where they can experience intimacy in their relationships I humbly recommend the contents of this book to those who are in courtship and those who conduct courtship and marriage seminars **Keeping Love Strong** Shrey Sahani,2025-08-17 Love is easy to find but hard to keep Many couples start strong but over time passion fades trust weakens and connection is lost Keeping Love Strong is your guide to creating a relationship that not only survives but thrives for years to come Drawing

The Intimate Connection Roger Goffeney,2010-11-14 In many areas of the world intimacy is a constant way of life They often feel a sense of intimacy even while washing their dishes or feeding their pets Teachers also

feel a sense of intimacy with their students for the students are teaching the teacher while listening to the words And especially is it true when they are intimate with their partner in this life experience Yet this intimacy is not what is promoted by common advertising or any of the media It is much more It is a fuller sense of belonging that has no barriers created by saying I am different from you therefore I will treat you differently than you deserve Our bonding is based on higher principles of recognizing our common origins in the worlds beyond this one We worship many material gods that keep us from a sense of intimacy This is unfortunate How can you connect with another if what you perceive is based on material possessions or relationships Success in this life is not founded on how much I have gained materially but what I have learned to become intimately The intimate life or what will be called in this book the intimate self is a spiritual experience though you are free to call it by any other name if you are uncomfortable with that term It could even be called a religious experience if by that term you steer yourself away from dogmas or creeds In this little guidebook I m going to present in Parts 1 and 2 some ideas on the intimate approach to life and love in Parts 3 and 4 some of the elements that make up the intimate self and at length in Parts 5 and 6 a closer look at the various elements where the intimate self deals with the common problems facing most of us Finally in Part 7 will be found an example of an intimate experience with the various elements recommended for a successful intimate experience This last section may not be for everyone absorbing the material in this book It is offered merely as a possible scenario for those who are seeking a greater depth in their relationship Enchanted Love Marianne Williamson,2013-12-17 Three of Marianne Williamson s previous bestsellers A Return to Love A Woman s Worth and Illuminata explored the issue of relationships Now in this deeply personal collection of essays prayers and self reflection she turns to romantic love In Illuminata Williamson wrote that we experience God to the extent to which we love forgive and focus on the good in others and ourselves Now in Enchanted Love she writes that enchanted partnership begins with the conscious understanding on the part of two people that the purpose of their relationship is not so much material as spiritual and the internal skills demanded by it are prodigious High romance she says is not about past or future It is not about practicality It is not about society or worldly routines It is an audacious ride to the center of what is at the heart of every person It is a bold and masterful inquiry into what two people really are and how we might become while still on earth the angels who reside within us **Fir** Nilesh Bodhi,2023-09-16 This book is a how to guide for developing and maintaining good healthy relationships with your loved ones This book gives you practical guidance and ideas to help you improve your connection with your partner whether you are in a long term committed relationship or just starting out We think that the core of any great relationship is love trust and passion and we will show you how to build these traits in your own life This book covers a wide range of subjects to help you construct a meaningful and enduring relationship from communication tactics to intimacy building activities So whether you want to rekindle the spark in your present relationship or get a new one off to a good start Fostering Intimate Relationship is the appropriate resource to help you get there In order to create and

sustain strong healthy connections with your partner you must foster intimate bonds Intimacy entails emotional connection trust and vulnerability in addition to physical attraction In order to improve your ties with your mate you should cultivate closeness in your relationship Communication is one of the most fundamental parts of establishing closeness Communication that is open and honest is essential for developing trust and understanding in your relationship Make it a point to explain your views feelings and needs clearly and to actively listen to your spouse This can assist you in developing a deeper connection and creating a secure and supportive atmosphere in which your relationship can grow Showing respect and thanks for your mate is another vital facet of establishing connection Expressing thanks and admiration for your mate might help to deepen your bond Make a point of recognizing their achievements and showing them how much you cherish and appreciate them Spending quality time together is also important for developing closeness Be available for each other and do things that you both like This might help you form a stronger bond and generate everlasting memories Forgiveness practice is also helpful for establishing connections No relationship is flawless and disagreements are unavoidable To enhance your friendship practice forgiveness and work through challenges together Another important part of building closeness is to be helpful Demonstrate to your partner that you will be there for them through thick and thin Provide emotional support encouragement and assistance in achieving their goals Maintaining romance is also vital for establishing closeness Remember to keep the fire burning in your relationship Keep the romance alive by surprising your sweetheart with nice gestures and planning romantic date evenings Finally it is critical to respect each other's limits in order to establish closeness Respect your partner's limits while clearly communicating on your own This can aid in the development of trust and the establishment of a secure and healthy atmosphere in which your relationship can thrive You can nurture closeness in your relationship and maintain it healthy and robust by following these guidelines Remember that relationships need effort but the effort is well worth it if you want a satisfying and enduring relationship with your spouse
