The Legend Of Gold And Other Stories

William H. Bridges

The Legend Of Gold And Other Stories:

The Legend of Gold and Other Stories Jun Ishikawa, 1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899-1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa's work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti-war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi-surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post-Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti-establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modernism of his literary experimentation *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan

Playing in the Shadows William H. Bridges, 2020-02-10 *Playing in the Shadows* considers the literature engendered by postwar Japanese authors robust cultural exchanges with African Americans and African American literature The Allied Occupation brought an influx of African American soldiers and culture to Japan which catalyzed the writing of black characters into postwar Japanese literature This same influx fostered the creation of organizations such as the Kokujin kenkyu no kai The Japanese Association for Negro Studies and literary endeavors such as the Kokujin bungaku zensh The Complete Anthology of Black Literature This rich milieu sparked Japanese authors Nakagami Kenji and e Kenzabur are two notable examples interest in reading interpreting critiquing and ultimately incorporating the tropes and techniques of African American literature and jazz performance into their own literary works Such incorporation leads to literary works that are black not by virtue of their representations of black characters but due to their investment in the possibility of technically and intertextually black Japanese literature Will Bridges argues that these fictions of race provide visions of the way that postwar Japanese authors reimagine the ascription of race to bodies be they bodies of literature the body politic or the human body itself

Miss Ayr of Virginia And Other Stories Julia Magruder, 2020-09-28 When Miss Ayr of Virginia came down to take her place on the coach for the races in company with her cousins the Miss Ayr of New York there was a discrepancy between the former and the latter which could scarcely have failed to attract attention It could not be denied that the advantage was on the side of the last named ladies though Miss Ayr of Virginia was exquisite and they were plain Compared with such costumes as they wore however such chic such height such distinguished bearing what was mere beauty The little country girl with her village made costume just saved from absolute dowdiness by a few touches from her cousins maid which she had inwardly resented was certainly a fish out of water in that jaunty party and in her wretched little soul she felt it Moreover her dress was not only countrified it was unbecoming Its style of construction quite disguised her slight and charming figure and her hat was as complete a handicap for a beautiful face as could well have

been invented She did not realize this not having as yet entirely lost her buoyant belief in herself which was one result of her being an only child and the spoiled darling of her father besides being the recognized belle of her county What she did realize however was that these fashionable cousins of hers found her a nuisance and that the invitation which she had received from their father would never have come from themselves The Miss Ayr of New York were partly right in what they said of their cousin namely that she had been badly brought up This fact might possibly have been overlooked on the score of her having lost her mother in childhood but for the other fact that the Miss Ayr of New York were in the same case and yet felt proudly conscious that they could challenge the world as to their unimpeachable good form There was one important difference between the two families however The Ayr of New York were rich while the Ayr of Virginia were poor The war which had caused the impoverishment of the latter branch of the family was not yet so far back in the past but that days of opulence and ease could yet be remembered even by this sole representative in the present generation Miss Carter Ayr who now for the first time emerged from the safety and seclusion of her beloved South was come to taste the delights of a season in New York The two brothers who were the respective heads of the families had both been left widowers and neither of them had re married but John Ayr of New York had been able to give his daughters the very best that money could do for them in the way of governesses and chaperonage and foreign travel while Henry Ayr of Virginia had had to content himself with the ministrations of a gentle old maid cousin who had been governess and chaperon in one and had let Carter grow up much as she chose a fact which had not in the least interfered with her father s complete satisfaction with her
