Guggenheimer, 2016-05-13 As she poises her pen over the pages of her diary Rebecca Stern is not concerned with literary value For her the diary is simply a means of survival a place of recreation and a vehicle to paradise After Rebecca leaves Earth before the age of fifty her family gifts her letters papers and diary pages to an editor friend who reads it in amazement After receiving approval from Rebeccas husband the friend shares Rebeccas life story told through both poetry and short stories as well as her own commentaries Ranging from the humorous to the tragic Rebeccas words are always thoughtful and heartfelt as she reveals a glimpse into the grit and grime of life In poetry stories and fairy tales that reflect on daily routines love death eternity and the disadvantages of being a woman as well as highlight an eclectic group of characters Rebecca uses her diary to create people situations and a reality that pleases her better than her own Through it all it soon becomes evident that Rebecca writes for no one but herself The Liberation of Rebecca Stern is a riveting and sometimes shocking collection of diary entries penned by a Jewish housewife and bequeathed to a friend following her death

Cobb, 1985-01-10 This book is about the liberation of the concept of life from the bondage fashioned by the interpreters of life ever since biology began and about the liberation of the life of humans and non humans alike from the bondage of social structures and behaviour which now threatens the fullness of life s possibilities if not survival itself It falls into a tradition of writings about human problems from a perspective informed by biology It rejects the mechanistic model of life dominant in the Western world and develops an alternative ecological model which is applicable to the life of the cell and the life of the human community For the first time it brings together in one work the insights of modern biology with those of a modern holistic philosophy and a liberal theology in a way which challenges conventional approaches to science agriculture sociology politics economics development and liberation movements *Gone To The Dogs* Kate Moore, 2025-05-06 The law describes author Kate Moore as a dog thief She s stolen more than three hundred and fifty dogs throughout a period of five years It s possible she s stolen more dogs than anyone else in Canada and possibly North America But she doesn t think of herself as a thief and she doesn t feel like one Moore sees herself as a dog rescuer one who rescues abused and neglected dogs who suffer at the hands of their owners In *Gone to the Dogs* Moore describes her rescue theft of dozens of abused and neglected chained penned and cruelly confined dogs that the SPCA Society for the Prevention of Cruelty to Animals refused to help despite their

suffering Each chapter about the rescue of a suffering dog alternates with chapters about Moore's journey through the court system starting with her arrest and ending with her sentencing two years later This memoir reveals that rescue isn't something you dabble in it consumes your life It's stressful and emotionally and financially draining But the rewards of watching formerly terrified and traumatized dogs shed their fears and blossom into joyful confident and loving beings makes every moment worth it The Liberation of Tolstoy Ivan Alekseevich Bunin,2001 This work equal parts biography memoir and literary study examines the dialogue of two great Russian writers The dialogue between them includes passages from Tolstoy's personal political and literary writings and references to Western and Eastern philosophers religious thinkers and critics **The Good Life** Mordecai Siegal,Matthew Margolis,2002 A month by month guide to raising a happy and healthy puppy explains how puppies are much like human children and require similar parenting care covering such topics as instructive play activities behavioral problems and housebreaking *Sheep-dog trials and the sheep-dog* Edward W.
