Unrolled Stone proposes to do nothing less than treat the Rolling Stones for the first time ever as a genuine cultural phenomenon worthy of what might be called philosophical attention The fundamental significance of this analysis acquires its incisive shape on the scaffolding of Heidegger s Being and Time Even though the focal point of the existential analytic employed focuses around the late Brian Jones still the book is designed to situate the truth claim of the Rolling Stones within the broader horizon of a universal radical uprootedness which constitutes the necessary point of departure for any serious reflection concerning the very meaning of existence in today s belongingless historical epoch Wolfsbane Gillian

Philip, 2025-09-23 It's tough being the foretold savior of your race Rory MacGregor kept a virtual prisoner in his own father's dun and hunted by the Sithe queen needs a break now and then and what better fun than tearing the Veil no one else can tear and escaping to the Otherworld In that dangerous Otherworld Hannah Falconer is as trapped by circumstance as the strange wild Sithe boy whose horse nearly kills her When Rory tricks her into crossing the Veil and entering his world she's sure it can't be any worse than her usual home life Meanwhile Seth MacGregor is fighting to keep his clan safe from the malevolent queen Kate When an attack comes after years of stalemate he is shocked to discover who is leading it and who else is conspiring against him Wolfsbane the third novel in Gillian Philip's Rebel Angels series is enthralling and suspenseful with a range of characters appealing to every age At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied Information Status and Noncanonical Word Order in English Betty J. Birner, Gregory L. Ward, 1998-01-01 This work provides a comprehensive discourse functional account of three classes of noncanonical constituent placement in English preposing postposing and argument reversal and shows how their interaction is accounted for in a principled and predictive way In doing so it details the variety of ways in which information can be given or new and shows how an understanding of this variety allows us to account for the distribution of these constructions in discourse Moreover the authors show that there exist broad and empirically verifiable functional correspondences within classes of syntactically similar constructions Relying heavily on corpus data the authors identify three interacting dimensions along which individual constructions may vary with respect to the pragmatic constraints to which they are sensitive old vs new information relative vs absolute familiarity and discourse vs hearer familiarity They show that preposed position is reserved for information that is linked to the prior discourse by means of a contextually licensed partially ordered set relationship postposed position is reserved for information that is new in one of a small number of distinct senses and argument reversing constructions require that the information represented by the preverbal constituent be at least as familiar within the discourse as that represented by the postverbal constituent Within each of the three classes of constructions individual constructions vary with respect to whether they are sensitive to familiarity within the discourse or assumed familiarity within the hearer's knowledge store Thus although the individual constructions in question are subject to distinct constraints this work provides empirical evidence for the existence of strong correlations between sentence position and information status The final chapter presents crosslinguistic data showing that these correlations are not limited to English *Investigating Arthur Upfield* Carol Hetherington, Kees de Hoog, 2011-10-18 Arthur Upfield created Detective Inspector Napoleon Bonaparte Bony who features in twenty nine novels written from the 1920s to the 1960s mostly set in the Australian Outback He was the first Australian professional writer of crime detection novels Upfield arrived in Australia from England on 4 November 1911 and this collection of twenty two critical essays by academics and scholars has been published to celebrate the centenary of his arrival The essays were all written after Upfield's death in 1964 and provide a wide range of responses
