volume questions the legacy of early modern economic and spiritual exceptionalism and the ways in which prosperity still entangles itself with righteousness The interdisciplinary nature means that this volume is the perfect resource for advanced undergraduates postgraduates and scholars working across multiple areas including history literature politics art history global studies philosophy and gender studies in the medieval and early modern periods Early English Travellers in India Ram Chandra Prasad, 1980 These studies in Elizabethan and Jacobean travel literature informed by a scholarly and sympathetic but very properly unsentimental approach to ten significant English travellers in India between 1579 and 1630 throw considerable light on the India of the great Mughals and reveal the many strands which are interwoven into the ties that have bound and still in many ways bind the great and ancient civilisations of the Indian sub continent with the smaller and shorter civilisations of the British Isles Professor Ram Chandra Prasad combines the skills and resources of the historian the literary critic and the student of comparative literature and languages to demonstrate what we may learn of these two countries from the often idiosyncratic but always rich prose of Englishmen abroad in the ages of Queen Elizabeth I and King James I Professor Prasad has chosen for study Thomas Stephens Ralph Fitch John Mildenhall William Hawkins Thomas Roe Thomas Coryat William Finch Nicholas Withington Edward Terry and Henry Lord He makes just enough reference to non English travellers such as Manucci to keep his readers in the general picture of western exploration while at the same time he concentrates on his chosen field The author's practice of quoting long extracts in the original language has a twofold advantage it makes his narrative more vivid and it facilitates the determination of what one traveller owes to another This new completely revised edition of Early English Travellers in India will continue to fill a long felt gap in Indo Anglian literature and it will be greeted as an important achievement by the scholar and the general reader alike **Empire by** Treaty Saliha Belmessous, 2015 Empire by Treaty Negotiating European Expansion 1600 1900 includes indigenous voices in the debate over European appropriation of overseas territories It is concerned with European efforts to negotiate with indigenous peoples the cession of their sovereignty through treaties The History of Medieval India Siddhartha Das, 2024-05-15 The book The History of Medieval India aims to provide readers with a methodical and comprehensive understanding of Medieval India aimed specifically for aspirants of competitive examinations across the nation The content of this book is twofold 1 Subjective knowledge on a range of events from ancient India presented in an accessible and concise manner 2 Multiple choice questions MCQs crafted to reflect the depth and breadth of each topic aiding candidates in assessment and preparation Designed with precision the book aligns with the most recent UPSC syllabus and caters to the requirements of State PSC SSC and UPSC examinations It provides clarity by presenting events in the sequence they occurred allowing candidates to discern patterns evolutions and interrelations It ensures discipline enabling efficient study and revision In essence this book seeks to simplify the multifaceted journey of Indian history for its readers With chronology and discipline as its foundational pillars it offers a streamlined pathway through the diverse phases of India s past To the
