George Hotspur Since its first appearance in 1870 this has been regarded as one of Trollope s finest short novels Trollope describes the vacillations of a conscientious father torn between the desire to marry his daughter to a cousin destined to inherit the family title and his fear that the cousin reportedly a scheming wastrel is unworthy of her Sir Harry was a wealthy land owner with an income of 20 000 per year That was a lot of money back then He had a son of whom he was very proud and a daughter Emily who was bright and obedient Sir Harry was content knowing that his lands and fortune and the title would be passed down to his son the usual procedure of the times Suddenly his son died The law said that the estate could go to his daughter but the title had to go to the next legal Hotspur That turned out to be George Hotspur the son of Harry s cousin A worse choice could not be found in Sir Harry s estimation George was a varlet in every sense of the word He was a gambler a cheat a womanizer and a liar He was constantly in debt knowing that there was no way he could repay what he owed As an alternative Sir Harry believed that he could save the title by having Emily marry a suitable man who would be willing to marry a man who in turn would be willing to change his last name to Hotspur **Sir Harry Hotspur of**
