Having People, Having Heart China Scherz, 2014-07-04 This study of charity in Uganda challenges current international development norms and standards as refusals to redistribute wealth Washington Post Believing that charity inadvertently legitimates social inequality and fosters dependence many international development organizations have increasingly sought to replace material aid with efforts to build self reliance and local institutions But in some cultures like those in rural Uganda where *Having People Having Heart* takes place people see this shift not as an effort toward empowerment but as a suspect refusal to redistribute

wealth Exploring this conflict China Scherz balances the negative assessments of charity that have led to this shift with the viewpoints of those who actually receive aid Through detailed studies of two different orphan support organizations in Uganda Scherz shows how many Ugandans view material forms of Catholic charity as deeply intertwined with their own ethics of care and exchange With a detailed examination of this overlooked relationship in hand she reassesses the generally assumed paradox of material aid as both promising independence and preventing it The result is a sophisticated demonstration of the powerful role that anthropological concepts of exchange value personhood and religion play in the politics of international aid and development At once ethnographically complex and exceptionally well argued Scherz offers the kind of analysis of the politics and morality of aid in the contemporary world that reminds us why anthropology remains a crucial discipline going forward Joel Robbins University of Cambridge A radical revaluation of the term dependence Books Culture [Fear in North Carolina](#) Cornelia Catherine Smith Henry, 2008 Cornelia Henry's three journals written between 1860 and 1868 offer an excellent source for daily information on western North Carolina during the Civil War period [Opportunity](#), 1932 **Congressional Record** United States. Child abuse and neglect are tragically common Each year more than 1 000 American children die due to maltreatment Thousands more suffer physical abuse sexual abuse and neglect Across the country every community has a system of government operated and funded child protective services CPS But given that social workers of CPS have the authority to remove children from unsafe parents it is no surprise that CPS is controversial Does CPS protect children Does CPS do more good than harm Is CPS fundamentally racist as some critics argue Should CPS be abolished To answer these questions it is essential to understand the origins of child protection in America How did we arrive at the child protection system in place today This book traces the history of child protection from colonial times to the present and provides the most in depth
