Want Julie Peters,2019-05-02 Peters takes readers on her own personal journey from trauma to reconnecting with her body emotions and eventually her own desire and sexuality Xanet Paillet bestselling author of *Living an Orgasmic Life* We know increasingly how common and devastating sexual violence is for women but we don t always talk about how survivors can recover from the trauma and return to desire sexuality trust and pleasure *Want* is the story of how Julie Peters did just that and how you can too In the years after the assault Julie was in what she calls the fog of trauma the colorless tasteless experience of barely getting through the day No one not counsellors support groups or other survivors could give her any advice about how to find the desire that could bring her back to joy

intimacy and connection She had to make it up on her own In Want Julie tells the story of getting from the devastation of trauma to living a full life in eight sometimes challenging often bumbling and occasionally delightful steps Your loved ones may not know how to support you but they can learn more about your experiences and how to walk alongside you through this book just as you can learn how to recover from the trauma you ve experienced Want offers a window into one person s experience of recovery plus the happy ending we all need to know is possible after trauma With unwavering honesty penetrating insight warmth humor and aplomb she lays out strategies for a tangible nourishing and vitally ferocious self love Jeremy Radin poet author of Dear Sal The Missing Witches Deck of Oracles Risa Dickens,2024 **Reading Native**

English,Heather Love,2023 The Humanities and Human Flourishing series publishes edited volumes that explore the role of human flourishing in the central disciplines of the humanities and whether and how the humanities can increase human happiness The contributors to this volume of essays investigate the question what do literary scholars contribute to social scientific research on human happiness and flourishing Of all humanities disciplines none is more resistant to the program of positive psychology or the prevailing discourse of human flourishing than literary studies The approach taken in this volume of essays is neither to gloss over that antagonism nor to launch a series of blasts against positive psychology and the happiness industry Rather the contributors reflect on how their literary research work to which they are personally committed might become part of an interdisciplinary conversation about human flourishing The contributors areas of research are wide ranging covering literary aesthetics book history digital humanities and reader reception as well as the important inter disciplines of gender and sexuality studies disability studies and black studies fields in which issues of stigma and exclusion are paramount and which have critiqued the discourse of human flourishing for its failure to grapple with structural inequality and human difference Literary scholars are drawn more readily to the problematic than to the decidable but by dwelling on the trouble spots in a field of inquiry still largely confined to the sciences Literary Studies and Human Flourishing provides the groundwork for new and more productive forms of interdisciplinary collaboration and exchange *Sensual Excess* Amber Jamilla Musser,2018-11-06 Reimagines black and

brown sensuality to develop new modes of knowledge production In *Sensual Excess* Amber Jamilla Musser imagines epistemologies of sensuality that emerge from fleshiness To do so she works against the framing of black and brown bodies as sexualized objectified and abject and offers multiple ways of thinking with and through sensation and aesthetics Each chapter draws our attention to particular aspects of pornotropic capture that black and brown bodies must always negotiate Though these technologies differ according to the nature of their encounters with white supremacy together they add to our understanding of the ways that structures of domination produce violence and work to contain bodies and pleasures within certain legible parameters To do so *Sensual Excess* analyzes moments of brown jouissance that exceed these constraints These ruptures illuminate multiple epistemologies of selfhood and sensuality that offer frameworks for minoritarian knowledge production which is designed to enable one to sit with uncertainty Through examinations of installations and performances like Judy Chicago's *The Dinner Party* Kara Walker's *A Subtlety* Patty Chang's *In Love* and Nao Bustamante's *Neapolitan* Musser unpacks the relationships between racialized sexuality and consumption to interrogate foundational concepts in psychoanalytic theory critical race studies feminism and queer theory In so doing *Sensual Excess* offers a project of knowledge production focused not on mastery but on sensing and imagining otherwise whatever and wherever that might be

What Might Be Susan Sturm, 2025-02-11 How to turn the paradoxes built into anti racism work into drivers of learning and change Even as anti racism practices seemed to be gaining momentum the nation shows signs of falling back into long standing patterns of racial injustice and inequality Leaders who introduce anti racist approaches to their organizations often face backlash from white colleagues and skepticism from colleagues of color leading to paralysis In *What Might Be* Susan Sturm explores how to navigate the contradictions built into our racialized history relationships and institutions She offers strategies and stories for confronting racism within predominantly white institutions describing how change agents can move beyond talk to build the architecture of full participation Sturm argues that although we cannot avoid the contradictions built into efforts to confront racism we can make them into engines of cross racial reflection bridge building and institutional reimagination rather than falling into a *Groundhog Day* like trap of repeated failures Drawing on her decades of experience researching and working with institutions to help them become more equitable and inclusive Sturm identifies three persistent paradoxes inherent in anti racism work These are the paradox of racialized power whereby anti racism requires white people to lean into and yet step back from exercising power the paradox of racial salience which means that effective efforts must explicitly name and address race while also framing their goals in universal terms other than race and the paradox of racialized institutions which must drive anti racism work while simultaneously being the target of it Sturm shows how people and institutions can cultivate the capacity to straddle these contradictions enabling those in different racial positions to discover their linked fate and become the catalysts for long term change The book includes thoughtful and critical responses from Goodwin Liu Freeman Hrabowski and Anurima Bhargava
