Shōjo Across Media Jaqueline Berndt, Kazumi Nagaike, Fusami Ogi, 2019-02-22 Since the 2000s the Japanese word shōjo has gained global currency accompanying the transcultural spread of other popular Japanese media such as manga and anime. The term refers to both a character type specifically as well as commercial genres marketed to female audiences more generally. Through its diverse chapters this edited collection introduces the two main currents of shōjo research: on the one hand historical investigations of Japan's modern girl culture and its representations informed by Japanese studies and gender studies concerns; on the other hand explorations of the transcultural performativity of shōjo as a crafted concept and affect-prone code shaped by media studies, genre theory, and fan culture research. While acknowledging that shōjo has mediated multiple discourses throughout the twentieth century—discourses on Japan and its modernity, consumption and consumerism, non-hegemonic gender, and also technology—this volume shifts the focus to shōjo mediations stretching from media by and for actual girls to shōjo as media. As a result, the Japan-derived concept, while still situated, begins to offer possibilities for broader conceptualizations of girlness within the contemporary global digital mediascape. *Funk* Dave Thompson, 2001 Celebrates funk music using biographies of such musicians as James Brown and George Clinton and provides descriptions of the genre, historical perspectives, and the story behind the death of funk following the introduction of disco. Living Lilith M. Kelley Hunter, 2005-07-03 Of increasing interest to astrologers, Lilith is the name given to four astronomical points: an asteroid, a star, a dark ghost moon, and the better-known Black Moon. All four Liliths are discussed and differentiated with the aid of numerous case histories and fascinating insights into the lives of public figures. A section of suggested interpretations of Lilith's influence through the signs is included. **Dark Moon** J. Risk, 2024-01-30 Ava had no last name that she knew of. She didn't know who her father was. Her mother died when she was born; she knew nothing about her history. All she had were questions that no one could answer. Her memories were like clipped versions of videos that showed her a few parts but never told her enough. She didn't age like others. In fact, she wasn't sure how old she really was. Thirty years ago, she'd done something so horrific that she'd never told anyone. She'd killed the only person that had answers. Every moment since then had been spent trying not to do whatever it was she did again. She was some abomination with wings, useless appendages that she couldn't use and couldn't fly with. She'd tried. The group of women she lived with were like her and born in the time of the Gemini. She didn't even know what that meant. They were her family, and each day she spent watching over them and doing whatever was needed to ensure they were safe. Except for the one week of the year she was compelled to go back to that place that caused her more misery with each passing year. He had secrets, the kind that would get his powers blocked so he'd end up a decrepit old man with no purpose in any realm. He'd once sworn to protect a princess and had failed. When given a second chance, he swore to protect another princess. She was more than his charge. She was his friend. The secrets he kept from her would destroy her and create a rift so wide in their realm that there would be no recovering from it. Years

before he had made a promise and now he wasn't sure he could keep it. The one that could complete him was unaware that he existed and had the answers she sought. His people would never accept her so he was stuck between his heart and his loyalty. If he confessed to her, he would have to explain to his queen and her daughter that he had failed them and there was no coming back from it. Once he did, all he wanted more than his next breath was to tell her everything. 6 worlds work together to save each other. J. Risk's Realms Books span 6 different series with common characters and an ongoing suspense-filled plot. Dark Moon is the 13th in the Realms Books.

High Magic U. D. (Frater), Frater U.:D., 2005. Of course Magic is Magic wherever. But Ceremonial Magic with or without a k ending is perceived as largely European in origin and practice. The Golden Dawn, Aurum Solis, O.T.O. were European and even AMORC, B.O.T.A.G.B.G. were mostly European inspired. As valid as these esoteric orders were and are, they are at best schools and the knowledge taught is now widely available. What is key is not the knowledge but the self-accomplishment that comes only through personal experience, otherwise known as self-initiation. The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or Magical Trance. It is a technology and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art as well. And what for? Not to perform tricks or miracles. Not to wear fancy robes and chant barbarous words. Not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: Who am I? Where did I come from? Where am I going? High Magic is an active program for self-discovery and Self-Realization. This book by a famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed as must be all real learning. The book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the

learning process The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic Ritual Magic Elemental Magic the Greater Ritual of the Pentagram Planetary Magic the Hexagram Ritual Mantra Meditation the Magical Gaze Magical Trance the Pan Ritual Money Magic Talisman Magic Moon Magic Chaos Magic and Cyber Magic In each case practice is used to instruct nothing is presented as theory only You will find everything analyzed explained and justified with refreshing and truly uncommon common sense The author fully dispels the myths and subterfuges of archaic magical orders and explores the role of the Unconscious Mind the issues of Religion and Mysticism the nature of High and Low Magic the function of Myth and the role of Drama in Ritual the Magical Nature of Reality and Magical Perception Dream Work in relation to Magical Training the Magical Imagination and training for Visualization Psychic Protection Invocation and Evocation the Calling and Movement of Energies Charging Paradigm Shifting what is really means to Keep Silent the power of Intention definition of Magical Goals the ritual use of Symbols and Gestures the power of Words the Magician s Universe the magical pronunciation of Hebrew Letters the Magician s Tools Mantric Sigils the IAO formula and much more High Magic is as central to Western culture as are science technology the rule of law democracy and the entrepreneurial economy Its practice and application should be part of your daily life starting now
