their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

*Scottish and Irish Romanticism* Murray Pittock, 2011-05-19 Scottish and Irish Romanticism is the first single author book to address the main non English Romanticisms of the British Isles Murray Pittock begins by questioning the terms of his chosen title as he searches for a definition of Romanticism and for the meaning of national literature He proposes certain determining triggers for the recognition of the presence of a national literature and also deals with two major problems which are holding back the development of a new and broader understanding of British Isles Romanticisms the survival of outdated assumptions in ostensibly more modern paradigms and a lack of understanding of the full range of dialogues and relationships across the literatures of these islands The theorists whose works chiefly inform the book are Bakhtin Fanon and Habermas although they do not define its arguments and an alertness to the ways in which other literary theories inform each other is present throughout the book Pittock examines in turn the historiography prejudices and assumptions of Romantic criticism to date and how our unexamined prejudices still stand in the way of our understanding of individual traditions and the dialogues between them He then considers Allan Ramsay s role in song collecting hybridizing high cultural genres with broadside forms creating in synthetic Scots a language really used by men and promoting a domestic public sphere Chapters 3 and 4 discuss the Scottish and Irish public spheres in the later eighteenth century together with the struggle for control over national pasts and the development of the cults of Romance the Picturesque and Sentiment Macpherson Thomson Owenson and Moore are among the writers discussed Chapter 5 explores the work of Robert Fergusson and his contemporaries in both Scotland and Ireland examining questions of literary hybridity across not only national but also linguistic borders while Chapter 6 provides a brief literary history of Burns descent into critical neglect combined with a revaluation of his poetry in the light of the general argument of the book Chapter 7 analyzes the complexities of the linguistic and cultural politics of the national tale in Ireland through the work of Maria Edgeworth while the following chapter considers of Scott in relation to the national tale Enlightenment historiography and the European nationalities question Chapter 9 looks at the importance of the Gothic in Scottish and Irish Romanticism particularly in the work of James Hogg and Charles Maturin while Chapter 10 Fratriotism explores a new concept in the manner in which Scottish and Irish literary political and military figures of the period related to Empire *Topographies of the Sacred* Catherine E. **Poet** James Whitehead, 2017-07-21 *Madness and the Romantic Poet* examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius creativity the emotions rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats Byron and John Clare Using this array of sources and figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture **René Girard's Mimetic Theory**

The Acoustical Unconscious Robert Ryder, 2022-02-21 Is there an acoustical equivalent to Walter Benjamin's idea of the optical unconscious In the 1930s Benjamin was interested in how visual media expand our optical perception the invention of the camera allowed us to see images and details that we could not consciously perceive before This study argues that Benjamin was also concerned with how acoustical media allow us to hear otherwise that is to listen to sound structures previously lost to the naked ear Crucially they help sensitize us to the discursive sonority of words which Benjamin was already alluding to in his autobiographical work In five chapters that range in scope from Tieck's Blonde Eckbert which Benjamin once called his locus classicus of his theory of forgetting to Alexander Kluge's films and short texts where he develops what he calls sound perspectives this monograph discusses how the acoustical unconscious enriches our understanding of different media from the written word to radio and film As the first book length study of Benjamin's linguistic cultural historical and media theoretical reflections on sound this book will be particularly relevant to students and scholars of both German studies and sound studies

**Historic Tales, The Romance of Reality: American, Spanish American, English, German, French, Spanish, Russian, Scandinavian, Greek, Roman, Japanese and Chinese, King Arthur (Complete)** Charles Morris, The year 1000 A D was one of strange history Its advent threw the people of Europe into a state of mortal terror Ten centuries had passed since the birth of Christ The world was about to come to an end Such was the general belief How it was to reach its end whether by fire water or some other agent of ruin the prophets of disaster did not say nor did people trouble themselves to learn Destruction was coming upon them that was enough to know how to provide against it was the one thing to be considered Some hastened to the churches others to the taverns Here prayers went up there wine went down The petitions of the pious were matched by the ribaldry of the profligate Some made their wills others wasted their wealth in revelry eager to get all the pleasure out of life that remained for them Many freely gave away their property hoping by ridding themselves of the goods of this earth to establish a claim to the

goods of Heaven with little regard to the fate of those whom they loaded with their discarded wealth It was an era of ignorance and superstition Christendom went insane over an idea When the year ended and the world rolled on none the worse for conflagration or deluge green with the spring leafage and ripe with the works of man dismay gave way to hope mirth took the place of prayer man regained their flown wits and those who had so recklessly given away their wealth bethought themselves of taking legal measures for its recovery Such was one of the events that made that year memorable There was another of a highly different character Instead of a world being lost a world was found The Old World not only remained unharmed but a New World was added to it a world beyond the seas for this was the year in which the foot of the European was first set upon the shores of the trans Atlantic continent It is the story of this first discovery of America that we have now to tell In the autumn of the year 1000 in a region far away from fear haunted Europe a scene was being enacted of a very different character from that just described Over the waters of unknown seas a small strange craft boldly made its way manned by a crew of the hardiest and most vigorous men driven by a single square sail whose coarse woollen texture bellied deeply before the fierce ocean winds which seemed at times as if they would drive that deckless vessel bodily beneath the waves This crew was of men to whom fear was almost unknown the stalwart Vikings of the North whose oar and sail driven barks now set out from the coasts of Norway and Denmark to ravage the shores of southern Europe now turned their prows boldly to the west in search of unknown lands afar Shall we describe this craft It was a tiny one in which to venture upon an untravelled ocean in search of an unknown continent a vessel shaped somewhat like a strung bow scarcely fifty feet in length low amidships and curving upwards to high peaks at stem and stern both of which converged to sharp edges It resembled an enormous canoe rather than aught else to which we can compare it On the stem was a carved and gilt dragon the figurehead of the ship which glittered in the bright rays of the sun Along the bulwarks of the ship fore and aft hung rows of large painted wooden shields which gave an Argus eyed aspect to the craft Between them was a double row of thole pins for the great oars which now lay at rest in the bottom of the boat but by which in calm weather this walker of the seas could be forced swiftly through the yielding element
