Norman Roger W. Bowen, 2014-01-01 Herbert Norman s distinguished life and tragic death in April 1957 are recalled and examined in this book by scholars and diplomats from four countries the United States Japan Canada and Britain **The Explorations of Edmund Snow Carpenter** Richard Cavell, 2024-10-15 Edmund Snow Carpenter 1922 2011 shaped by an early encounter with Marshall McLuhan was a renegade anthropologist who would plumb the connection between anthropology and media studies over a thoroughly unconventional career As co conspirators in the founding of the legendary journal *Explorations* 1953 59 Carpenter and McLuhan established the groundwork for media studies After ten years teaching anthropology at the University of Toronto hosting radio and television shows on the CBC and doing major research in the Arctic Carpenter left Toronto and became an itinerant anthropologist He took up a position in Papua New Guinea where he countered anthropological practice by handing his camera to the Papuans Carpenter s marriage to the artist and heiress Adelaide de Menil made him a truly independent scholar With the support of the Rock Foundation founded by de Menil he collected ethnographical art curated exhibitions and edited the materials for a twelve volume study of social symbolism based on the massive archives created by Carl Schuster Richard Cavell shows Carpenter austere generous and unpredictable to also be unwavering in working throughout his career within the framework established by

Explorations The anthropological impetus for media studies has largely been forgotten This study restores that memory tracing Carpenter s work in media and in anthropology over a lifetime of cultural achievements and intellectual convolutions

Evaluating Evidence George Akita, 2008-05-20 Evaluating Evidence is based on the grueling lessons learned by a senior scholar during three decades of tutoring by and collaboration with Japanese historians George Akita persisted in the difficult task of reading documentary sources in Japanese most written in calligraphic style s shō out of the conviction of their centrality to the historian s craft and his commitment to a positivist methodology to research and scholarship He argues forcefully in this volume for an inductive process in which the scholar seeks out facts on a subject and through observation and examination of an extensive body of data is able to discern patterns until it is possible to formulate certain propositions In his introduction Akita relates how and why he decided to adopt a positivist approach and explains what he means by the term as it applies to humanistic studies He enumerates the difficulties linked with reading primary sources in Japanese by looking at a variety of unpublished and published materials and identifying a major problem in reading published primary sources the intervention of editors and compilers He illustrates the pitfalls of such intervention by comparing the recently published seventeen volume diary of Prime Minister Hara Takashi 1856-1921 a photo reproduction of the diary in Hara s own hand and an earlier published version Using documents related to Yamagata Aritomo 1838-1922 a figure of central importance in Japan s post Restoration political history he demonstrates the use of published and transcribed primary sources to sustain question or strengthen some of the themes and approaches adopted by non Japanese scholars working on modern Japanese history He ends his inquiry with two case studies examining closely the methods of the highly acclaimed American historians John W Dower and Herbert P Bix

**Gardens, Covenants, Exiles** Dennis Duffy, 1982-12-15 Scraps tags figments of the United Empire Loyalist heritage dot the Ontario landscape Something of Loyalism lies in the very Ontario air and pervades the imagination of its people In Gardens Covenants Exiles Dennis Duffy sets out to describe and analyse the effects of Loyalism on the literary culture of Ontario He explores the enduring nature of an attitude of mind whose historical origins lie in the Loyalist settlements in the forests of Upper Canada No single source can explain a culture s characteristic way of viewing moral social and literary matters This study however reveals how one historical event and the mythology it engendered have helped to shape a province and its literature The collective experience of the Loyalists underlies Ontario s view of the Canadian destiny Their defeat exile endurance and their final mastery of a new land confirmed their belief that their own destiny lay within a larger imperial framework But they lived at the same time as both North Americans and monarchists victims and founders heroes and the dispossessed Writers in this culture faced with the declining importance of the British connection and the rising of American presence were ill prepared by their political and imaginative lives to comprehend the vision of an independent nation In our own time this has led to a renewed sense of fall to a disillusionment that contrasts sharply with the feeling of paradise regained that pervaded an earlier era The book is a study of dislocation

seen through vignettes of various authors and their writings William Kirby's *The Golden Dog* Major Richardson's *Wacousta* Charles Mair's *Tecumseh* and the *Jalna* series by Mazouze de la Roche Contemporary analogues of the Loyalist habit of mind are pursued in the works of George Grant Dennis Lee Al Purdy and Scott Symons the journey returns to its Loyalist starting point in pain loss and the sense of a vanished home Loyalism both as fact and as myth is one of the cultural forces that has given Ontario its sense of place Professor Duffy concludes that in some way the culture of Upper Canada Ontario remains

continuous that it has kept faith with its origins His study heightens our understanding of a nation's roots **Detecting**

**Canada** Jeannette Sloniowski, Marilyn Rose, 2014-03-25 The first serious book length study of crime writing in Canada *Detecting Canada* contains thirteen essays on many of Canada's most popular crime writers including Peter Robinson Giles Blunt Gail Bowen Thomas King Michael Slade Margaret Atwood and Anthony Bidulka Genres examined range from the well loved police procedural and the amateur sleuth to those less well known such as anti detection and contemporary noir novels The book looks critically at the esteemed sixties television show *Wojeck* as well as the more recent series *Da Vinci's Inquest* *Da Vinci's City Hall* and *Intelligence* and the controversial Durham County a critically acclaimed but violent television series that ran successfully in both Canada and the United States The essays in *Detecting Canada* look at texts from a variety of perspectives including postcolonial studies gender and queer studies feminist studies Indigenous studies and critical race and class studies Crime fiction enjoyed by so many around the world speaks to all of us about justice citizenship and important social issues in an uncertain world *Race and U.S. Foreign Policy from 1900 Through World War II* Michael L.

Krenn, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company *Race and U.S. Foreign Policy from 1900 Through World War II* Michael L. Krenn, 2020-12-17 Explores the concept of race The term race which originally denoted genealogical or class identity has in the comparatively brief span of 300 years taken on an entirely new meaning In the wake of the Enlightenment it came to be applied to social groups This ideological transformation coupled with a dogmatic insistence that the groups so designated were natural and not socially created gave birth to the modern notion of races as genetically distinct entities The results of this view were the encoding of race and racial hierarchies in law literature and culture How racial categories facilitate social control The articles in the series demonstrate that the classification of humans according to selected physical characteristics was an arbitrary decision that was not based on valid scientific method They also examine the impact of colonialism on the propagation of the concept and note that racial categorization is a powerful social force that is often used to promote the interests of dominant social groups Finally the collection surveys how laws based on race have been enacted around the world to deny power to minority groups A multidisciplinary resource This collection of outstanding articles brings multiple perspectives to bear on race theory and draws on a wider range of periodicals than even the largest library usually holds Even if all the articles were available on campus chances are that a student would have to track them down in several libraries and microfilm collections Providing of

course that no journals were reserved for graduate students out for binding or simply missing This convenient set saves students substantial time and effort by making available all the key articles in one reliable source Authoritative commentary The series editor has put together a balanced selection of the most significant works accompanied by expert commentary A general introduction gives important background information and outlines fundamental issues current scholarship and scholarly controversies Introductions to individual volumes put the articles in context and draw attention to germinal ideas and major shifts in the field After reading the material even a beginning student will have an excellent grasp of the basics of the subject
