Six Lectures On Plotinus And Gnosticism:

Six Lectures on Plotinus and Gnosticism Th.G. Sinnige, 2013-04-09 In this book an attempt is made to single out those elements in the philosophical system of the Enneads that stand apart from the Platonist tradition On the basis of an extensive analysis of fundamental texts the author shows that what Plotinus had in mind was a quite independent paradigm of metaphysical theology with at its centre the human person *Plotinus in Dialogue with the Gnostics* Jean-Marc Narbonne, 2011-03-18 The point of view put forth in the following pages differs greatly from the common perspective according to which the treatises 30 to 33 constitute a single work a Gro schrift and this single work Plotinus essential response to the Gnostics Our perspective is that of an ongoing discussions with his Gnostic yet Platonizing friends which started early in his writings at least treatise 6 developed into what we could call a Gro zyklus treatises 27 to 39 and went on in later treatises as well e g 47 48 51 **Contingency, Time, and Possibility** Pascal Massie, 2011-01-01 In Contingency Time and Possibility Pascal Massie explores the inquiries of Aristotle and Duns Scotus into contingency and possibility as well as the complex and fascinating questions they raise Massie shows how Aristotle and Duns Scotus s ideas about contingency continue to influence how we think about the nature of being **Commission Narratives** István Czachesz, 2007 Commission Narratives is based on the author s doctoral dissertation in Groningen 2002 The monograph offers the first overarching comparative treatment of commission narratives in the canonical and apocryphal Acts of the Apostles analysing them in their ancient literary setting Following a survey of this widespread narrative theme in the cultural environment of early Christianity Czachesz establishes a threefold social typology of divine commission institutional prophetic and philosophical and explores the occurrences of the three types in the canonical and apocryphal Acts The central chapters of the book provide a close reading of the textual evidence investigating intertextual relations the function of commission in the narrative structure and the biographical models of self definition that commission stories offered to the ancient readers in their changing social and ecclesiastical environments Based on this textual analysis Czachesz makes new proposals about the reconstruction Sitz im Leben and dating of several apocryphal Acts Finally he examines the synchronic structure of commission showing that the variety of commission narratives emerges from a constant set of motifs that are generated by interactions among the characters **Plato and Plotinus on Mysticism, Epistemology, and Ethics** David J. Yount, 2017-02-23 This book argues against the common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics

Making extensive use of primary and secondary sources Plato and Plotinus on Mysticism Epistemology and Ethics shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love

The Joy of Religion Ariel Glucklich, 2020-01-09 Using a psychological and historical approach the book describes the ways that religions deepen and prolong feelings of wellbeing

Psychedelic Mysticism Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unrelenting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world

The Platonizing Sethian Background of Plotinus's Mysticism Zeke Mazur, 2020-10-12 In *The Platonizing Sethian Background of Plotinus's Mysticism* Zeke Mazur offers a radical reconceptualization of Plotinus with reference to Gnostic thought and praxis A crucial element in the thought of the third century CE philosopher Plotinus his conception of mystical union with the One cannot be understood solely within the conventional history of philosophy or as the product of a unique *sui generis* psychological propensity This monograph demonstrates that Plotinus tacitly patterned his mystical ascent to the One on a type of visionary ascent ritual that is first attested in Gnostic sources These sources include the Platonizing Sethian tractates Zostrianos NHC VIII 1 and Allogenes

NHC XI 3 of which we have Coptic translations from Nag Hammadi and whose Greek Vorlagen were known to have been read in Plotinus's school

Apocalypse of the Alien God Dylan M. Burns, 2014-02-19 In the second century Platonist and Judeo Christian thought were sufficiently friendly that a Greek philosopher could declare What is Plato but Moses speaking Greek Four hundred years later a Christian emperor had ended the public teaching of subversive Platonic thought When and how did this philosophical rupture occur Dylan M Burns argues that the fundamental break occurred in Rome ca 263 in the circle of the great mystic Plotinus author of the Enneads Groups of controversial Christian metaphysicians called Gnostics knowers frequented his seminars disputed his views and then disappeared from the history of philosophy until the 1945 discovery at Nag Hammadi Egypt of codices

containing Gnostic literature including versions of the books circulated by Plotinus's Christian opponents. Blending state of the art Greek metaphysics and ecstatic Jewish mysticism these texts describe techniques for entering celestial realms participating in the angelic liturgy confronting the transcendent God and even becoming a divine being oneself. They also describe the revelation of an alien God to his elect a race of foreigners under the protection of the patriarch Seth whose interventions will ultimately culminate in the end of the world. Apocalypse of the Alien God proposes a radical interpretation of these long lost apocalypses placing them firmly in the context of Judeo-Christian authorship rather than ascribing them to a pagan offshoot of Gnosticism. According to Burns this Sethian literature emerged along the fault lines between Judaism and Christianity drew on traditions known to scholars from the Dead Sea Scrolls and Enochic texts and ultimately catalyzed the rivalry of Platonism with Christianity. Plunging the reader into the culture wars and classrooms of the high Empire. Apocalypse of the Alien God offers the most concrete social and historical description available of any group of Gnostic Christians as it explores the intersections of ancient Judaism Christianity Hellenism myth and philosophy.

The Church in Ancient Society Henry Chadwick, 2001 The Church in Ancient Society provides a full and enjoyable narrative history of the first six centuries of the Christian Church. Ancient Greek and Roman society had many gods and an addiction to astrology and divination. This introduction to the period traces the process by which Christianity changed this and so provided a foundation for the modern world. The teaching of Jesus created a lasting community which grew to command the allegiance of the Roman emperor. Christianity is discussed in relation to how it appeared to both Jews and pagans and how its Christian doctrine and practice were shaped in relation to Graeco-Roman culture and the Jewish matrix. Among the major figures discussed are Tertullian Clement of Alexandria Origen Constantine Julian the Apostate Basil Ambrose and Augustine. Following a chronological approach Henry Chadwick's clear exposition of important texts and theological debates in their historical context is unrivalled in detail. In particular theological and ecclesial texts are examined

in relation to the behaviour and beliefs of people who attended churches and synagogues Christians did not find agreement and unity easy and the author displays a distinctive concern for the factors theological personal and political which caused division in the church and prevented reconciliation The emperors however began to foster unity for political reasons and to choose monotheism Finally the Church captured the society

History of Platonism Robert M. Berchman, John F.

Finamore, 2005 **Gnosis and Hermeticism from Antiquity to Modern Times** R. van den Broek, Wouter J.

Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement
