Snail Trails And Tadpole Tails:

Snail Trails and Tadpole Tails Richard Cohen, Betty Phillips Tunick, Kurt Seaberg, 1993 Nature education for young children involves building both cognitive and emotional connections to the natural world through the use of indoor and outdoor activities and through field trips This guide to nature education is based on the stories of how two early childhood teachers created mini habitats and then built indoor and outdoor activities around them Following the introduction the guide defines nature education and its importance describes how children learn identifies mini habitats as developmentally appropriate discusses the teacher's and the environment's role suggests goals discusses working with mixed age groups and suggests ways to talk with young children about death Five of the chapters present stories of the mini habitats and their use with 3 and 4 year olds followed by three chapters suggesting other mini habitats to try Each chapter begins with a description of the habitat an explanation of how to set it up and a list of activities to accompany it Also included are discussions of children's day to day experiences as they explore the mini habitats and the teachers responses The mini habitats presented are 1 Tadpoles to Frogs 2 Earthworms 3 Praying Mantises 4 Silkworms 5 Snails 6 Butterflies 7 Ladybugs and 8 Fish and Pond Environments The final section of the guide lists organizational resources and recommended books and articles in the areas of science early childhood and teaching children and community violence and children and death KB

The Play's the Thing Elizabeth Jones, Gretchen Reynolds, 2015-04-24 Responding to current debates on the place of play in schools the authors have extensively revised their groundbreaking book They explain how and why play is a critical part of children's development as well as the central role adults have to promote it This classic textbook and popular practitioner resource offers systematic descriptions and analyses of the different roles a teacher adopts to support play including those of stage manager mediator player scribe assessor communicator and planner This new edition has been expanded to include significant developments in the broadening landscape of early learning and care such as assessment diversity and culture intentional teaching inquiry and the construction of knowledge New for the Second Edition of *The Play's the Thing* Additional theories on the relationship of teachers and children's play e.g. Vygotsky and the role of imaginary play and Reggio Emilia's image of the competent child Current issues from media content consumer culture and environmental concerns Standards and testing in preschool and kindergarten Bridging the cultural gap between home and school Using digital technology to make children's play visible Recent brain development research And much more Elizabeth Jones is faculty emerita in human development at Pacific Oaks College in Pasadena California Gretchen Reynolds is on the faculty in the early childhood education program at Algonquin College in Ottawa Canada Their other books on play include *Master Players* Reynolds Jones and *Playing to Get Smart* Jones Cooper *The Play's the Thing* provides an excellent summary of theories related to the importance of children's play and illustrates the six roles teachers can use to put these theories into practice Harvard Educational Review This book describes the knowledge that is required to foster play and to use it as a solid foundation on

which to build learning From the Foreword to the First Edition by Elizabeth Prescott Faculty Emerita Pacific Oaks College Playful learning offers educators a plan for creating fun and engaging pedagogies that support rich curricula And this book offers magnificent descriptions and evidence based examples of how teachers can pave this new road and create a climate for learning via play From the Foreword to the Second Edition by Kathy Hirsh Pasek Temple University and Roberta Michnick Golinkoff University of Delaware
