Alan Bailin, Ann Grafstein

Snakes And Ladders Reviewing Feminisms At Centurys End:

Snakes and Ladders: Reviewing Feminisms at Century's End, 2001-12 This book reviews the current state of feminist thinking in the run up to the millenium its priorities and concerns drawing critical attention to the losses as well as the gains of contemporary feminist work Feminist Christian Encounters Angela Pears, 2019-07-16 Originally published in 2004 Feminist discourses have focused sustained and sometimes devastating critical attention on Christianity over the last fifty years Today feminisms remain significant but often ambiguous forces in contemporary Christian theology At a time in which questions about the success and viability of feminisms are increasingly posed *Feminist Christian Encounters* makes a unique contribution to the ongoing investigation into the creative relationship between feminisms and Christianity Angela Pears identifies some of the key theological and methodological mechanisms by which Christian feminist theologies are informed sustained and made possible by feminist values and critiques Pears argues that certain strategies characterize the facilitation of this dialogue in contemporary Christian feminist theologies enabling theologians to accept the values and critiques of feminisms whilst at the same time proclaim some level of commitment to Christianity Engaging in a process of deconstruction of the methodologies of key Christian theological thinkers who have made use of feminisms in their theologies this book reveals the mechanisms of feminist Christian encounter at work *Doing Contextual Theology* Angie Pears, 2009-09-18 Christian theology like all forms of knowledge thinking and practice arises from and is influenced by the context in which it is done In *Doing Contextual Theology* Angie Pears demonstrates the radically contextual nature of Christian theology by focusing on five forms of liberation theology Latin American Liberation Theologies Black Theologies Feminist Informed Theologies Sexual Theologies Body Theologies Pears analyses how each of these asserts a clear and persistent link to the Christian tradition through The Bible and Christology and discusses the implications of contextual and local theologies for understanding Christianity as a religion Moreover she considers whether fears are justified that a radically contextual reading of Christian theologies leads to a relativist understanding of the religion or whether these theologies share some form of common identity both despite and because of their contextual nature *Doing Contextual Theology* offers students a clear and up to date survey of the field of contemporary liberation theology and provides them with a sound understanding of how contextual theology works in practice Feminist Literary Theory Mary Eagleton, 2010-12-20 Now in its third edition *Feminist Literary Theory* remains the most comprehensive single volume introduction to a vital and diverse field Fully revised and updated to reflect changes in the field over the last decade Includes extracts from all the major critics critical approaches and theoretical positions in contemporary feminist literary studies Features a new section Writing Glocal which covers feminism s dialogue with postcolonial global and spatial studies Revised chapter introductions provide readers with helpful contextual information while extensive notes offer recommendations for further reading *Gender, Race, and Sudan's Exile Politics* Nada Mustafa Ali, 2015-07-29 *Gender Race and Sudan s Exile*

Politics examines the gendered and racialized discourses and practices of the Sudanese opposition in exile through the opposition movements of the 1990s and early 2000s and discusses the history through which these discourses evolved The military coup that brought the National Islamic Front NIF now National Congress Party NCP to power in 1989 not only forced most political parties trade unions and activists in Sudan into either exile politics or underground activism it also urged many of Sudan s political forces and activists to rethink the meaning of belonging and of the Old Sudan In the mid 1990s this involved a rethinking of the relationship between religion and politics acknowledging Sudan s diversity acknowledging the need to restructure Sudan s economy and politics to ensure equal access and participation for the historically marginalized and committing to self determination for the people of South Sudan The concept of the New Sudan broadly captured this rethinking This book interrogates the relationship between women s organizations and activism in exile on one hand and nationalist transformative and other political movements and processes on the other It further discusses transnational coalition building across difference including racial difference between women s organization seeking to transform gender relations in Sudan and South Sudan

The Critical Assessment of Research Alan Bailin, Ann Grafstein, 2010-02-12 This book examines the following factors sponsorship of research control of the dissemination of research effects of dominant research paradigms financial interests of authors publishers and editors role of new technologies for example Web 2.0 It is widely accepted among researchers and educators that the peer review process the reputation of the publisher and examination of the author s credentials are the gold standards for assessing the quality of research and information However

the traditional gold standards are not sufficient and the effective evaluation of information requires the consideration of additional factors Controversies about positive evaluations of new medications that appear in peer reviewed journals the financial reports on Enron prior to the revelations that led to its collapse and obstacles to the publication of research that does not conform to dominant paradigms are just a few examples that indicate the need for a more sophisticated and nuanced approach to evaluating information Each of the factors is discussed in a factual manner supported by many examples that illustrate not only the nature of the issues but also their complexity Practical suggestions for the evaluation of information are an integral part of the text Highlights frequently overlooked criteria for evaluating research Challenges the assumption that the gold standards for evaluation are sufficient Examines the role of new technologies in evaluating and disseminating research *Snakes and Ladders* Catherine Hall,1999 *Feminist Periodicals* ,1999 **Handbook of Gender and Women's Studies** Kathy Davis,Mary Evans,Judith Lorber,2006-04-27 This breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread how deeply it has shaken settled assumptions in the disciplines and how much new light it throws on contemporary controversies Myra Marx Ferree University of Wisconsin Madison A timely intervention and highly engaged thoughtful and scholarly analysis of the state of gender and women s studies in the West by three eminent feminist scholars Highly cognisant of the central issues that have fractured blocked and enhanced western feminism Bev Skeggs Goldsmiths The comprehensiveness and the interdisciplinary range of themes are impressive and they make the Handbook into a wonderful tool for teachers and students of women s and gender studies Nina Lykke Linköping University Gender and women s studies is one of the most challenging fields within the social sciences the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate The Handbook of Gender and Women s Studies presents a comprehensive and engaging review of the most recent developments within the field including the study of masculinity the feminist implications of postmodernism the cultural turn and globalization The authors review current research and offer critical analyses of women s and gender studies in work the welfare state family education religion violence and war and feminist global politics Edited by three leading academics from Europe and the United States and with 25 chapters written by scholars based throughout the world the Handbook situates the most important debates in the field within a uniquely international and interdisciplinary context The Handbook is a useful introduction to gender theory and an exciting starting point for fresh debates *New Literature on Women* ,1999 Women's Studies Index ,1999 *G.K. adult education are re interpreted over time and between the global south and global north It brings together thirty seven authors from fourteen countries with extensive experience as academics and or practitioners in the field The book is inspired by the work and life of Lalage Bown a leading proponent of post colonial and inclusive visions of education for all Over her long life she worked tirelessly to promote access to basic and higher education for people of all ages and backgrounds with a deep commitment to striving for greater equality for women Following an Introduction the book is structured around four main themes Adult Education and Social Justice Decolonisation Post Colonialism and Indigenous Knowledge From Literacy to Lifelong Learning and Fostering Excellence Policy Development and Supporting Future Generation of Adult Educators The book concludes with reflections on Lalage Bown s Enduring Legacy **Humanities Index** ,1993 Spaces of Social Exclusion Jamie Gough,Aram Eisenschitz,Andrew McCulloch,2004-06 In all developed countries a minority of the population suffers from deprivation This book explores the forms of this contemporary economic and social disadvantage and in particular its social and spatial causes
