

The background of the entire cover is a photograph of a snowboarder in a red suit descending a snowy mountain. The sun is shining brightly from the upper right, creating a large, multi-pointed starburst effect across the sky. The snowboarder is positioned in the lower center of the frame, leaving a trail of snow behind them.

[Surfing through Hyperspace](#) Clifford A. Pickover, 2001-05-17 Do a little armchair time travel rub elbows with a four dimensional intelligent life form or stretch your mind to the furthest corner of an uncharted universe With this astonishing guidebook Surfing Through Hyperspace you need not be a mathematician or an astrophysicist to explore the all but unfathomable concepts of hyperspace and higher dimensional geometry No subject in mathematics has intrigued both children and adults as much as the idea of a fourth dimension Philosophers and parapsychologists have meditated on this mysterious space that no one can point to but may be all around us Yet this extra dimension has a very real practical value to mathematicians and physicists who use it every day in their calculations In the tradition of Flatland and with an infectious enthusiasm Clifford Pickover tackles the problems inherent in our 3 D brains trying to visualize a 4 D world muses on the religious implications of the existence of higher dimensional consciousness and urges all curious readers to venture into the unexplored territory lying beyond the prison of the obvious Pickover alternates sections that explain the science of hyperspace with sections that dramatize mind expanding concepts through a fictional dialogue between two futuristic FBI

agents who dabble in the fourth dimension as a matter of national security This highly accessible and entertaining approach turns an intimidating subject into a scientific game open to all dreamers Surfing Through Hyperspace concludes with a number of puzzles computer experiments and formulas for further exploration inviting readers to extend their minds across this inexhaustibly intriguing scientific terrain *On the Divinity of Second Chances* Kaya McLaren,2009-04-28 A broken family finds its way back together in this captivating story from the author of Church of the Dog A charismatic author with a voice and message all her own Kaya McLaren has become beloved in the book world as much for her upbeat energy as for her rich storytelling In *On the Divinity of Second Chances* she portrays a family on the brink of dissolution a mother besieged by middle age a distant father lost in daily life and their three teenage children struggling in various ways with the family s disintegration even as they conceal a secret that could send their parents further over the edge With the help of a group of tap dancing old ladies a sensual tango teacher and a lot of luck this family is about to learn that everyone gets a second chance which as McLaren beautifully reminds us in this inspiring novel is sometimes even better than the first
