mistress of General Douglas MacArthur If mentioned at all their relationship exists only as a salacious footnote in MacArthur's biography a failed love affair between a venerated war hero and a young woman of Filipino and American heritage Following Cooper from the Philippines to Washington D C to Hollywood where she died penniless Gonzalez frames her not as a tragic heroine but as someone caught within the violent histories of U S imperialism In this way Gonzalez uses Cooper's life as a means to explore the contours of empire as experienced on the scale of personal relationships Along the way Gonzalez fills in the archival gaps of Cooper's life with speculative fictional interludes that both unsettle the authority of official archives and dislodge the established one dimensional characterizations of her By presenting Cooper as a complex historical subject who lived at the crossroads of American colonialism in the Philippines Gonzalez demonstrates how intimacy and love are woven into the infrastructure of empire

*Women in War Films* Ralph Donald, Karen MacDonald, 2014-04-04 War has been depicted in cinema for more than a century from early silent films to more recent blockbusters such as *Saving Private Ryan* and *Lone Survivor*. Most war films especially combat films are about men engaged in battle. But while Hollywood has reinforced the cultural stereotype of war as a man's job, women have not been completely invisible in many of these films, whether waiting for their men to return home or standing shoulder to shoulder with their male counterparts on the battlefield. In *Women in War Films*, From Helpless Heroine to G.I. Jane, Ralph Donald and Karen MacDonald examine the representations of females in war throughout the history of film. They identify various types of women portrayed in these films: from home front wives and daughters supporting their loved ones from afar to nurses and doctors stationed near the front lines of combat. The authors also look at depictions of foreign females who comfort homesick soldiers, ordinary women who unexpectedly encounter the enemy, female spies, and modern enlistees taking on roles traditionally reserved for men. Through these representations, the authors explore what war films say about the culture that created them and the social construction of reality that these films assert. The book covers an array of war films distributed in the United States, including *Hearts of the World*, *Wings*, *Mata Hari*, *Mrs. Miniver*, *Casablanca*, *Cry Havoc*, *Since You Went Away*, *The Best Years of Our Lives*, *From Here to Eternity*, *The Americanization of Emily*, *M.A.S.H.*, *Coming Home*, *Courage Under Fire*, *G.I. Jane*, and *Zero Dark Thirty*. Featuring an extensive filmography, *Women in War Films* will appeal to scholars of gender studies, history, and film, as well as to readers interested in the evolving portrayals of females in military-related cinema.

**Remembering Hudson's** Michael Hauser, Marianne Weldon, 2010 The J.L. Hudson Company redefined the way Detroiters shopped and enjoyed leisure time. Many Detroiters share memories of times spent shopping and enjoying spectacular events sponsored by Hudson's. A solid and lofty icon built by businesspeople who believed in their passion, Hudson's defined Detroit's downtown, creating trends and traditions in consumer culture that still resonate with us today. Now and in the future, as Hudson's boxes, shopping bags, and artifacts are discovered in closets, attics, basements, and flea markets, many will remember that it was once as solid a civic fixture as the City County Building or the Detroit Public Library.

Mom Rebecca Jo Plant, 2010-03-15 In the early twentieth century, Americans often waxed lyrical about Mother Love, signaling a conception of motherhood as an all-encompassing identity rooted in self-sacrifice and infused with social and political meaning. By the 1940s, the idealization of motherhood had waned, and the nation's mothers found themselves blamed for a host of societal and psychological ills. In *Mom*, Rebecca Jo Plant traces this important shift by exploring the evolution of maternalist politics, changing perceptions of the mother-child bond, and the rise of new approaches to childbirth, pain, and suffering. Plant argues that the assault on

sentimental motherhood came from numerous quarters Male critics who railed against female moral authority psychological experts who hoped to expand their influence and women who strove to be more than wives and mothers all for their own distinct reasons sought to discredit the longstanding maternal ideal By showing how motherhood ultimately came to be redefined as a more private and partial component of female identity Plant illuminates a major reorientation in American civic social and familial life that still reverberates today
