Social Change And National Consciousness In Twentieth Century Ukraine

Geoffrey A. Hosking

Social Change And National Consciousness In Twentieth Century Ukraine:

Social Change and National Consciousness in Twentieth Century Ukraine Bohdan Krawchenko, 1987-06-18 Social Change and National Consciousness in Twentieth-century Ukraine Bohdan Krawchenko, University of Alberta. Nestor Makhno and Rural Anarchism in Ukraine, 1917-1921 Colin Canadian Institute of Ukrainian Studies, 1987 Darch, 2020-09-20 Histories of the Russian Revolution often present the Bolshevik seizure of power in 1917 as the central event neglecting the diverse struggles of urban and rural revolutionaries across the heartlands of the Russian Empire This book takes as its subject one such struggle the anarcho communist peasant revolt led by Nestor Makhno in left bank Ukraine locating it in the context of the final collapse of the Empire that began in 1914 Between 1917 and 1921 the Makhnovists fought German and Austrian invaders reactionary monarchist forces Ukrainian nationalists and sometimes the Bolsheviks themselves Drawing upon anarchist ideology the Makhnovists gathered widespread support amongst the Ukrainian peasantry taking up arms when under attack and playing a significant role in temporary alliance with the Red Army in the defeats of the White Generals Denikin and Wrangel The Makhnovist movement is often dismissed as a kulak revolt or a manifestation of Ukrainian nationalism here Colin Darch analyses its successes and its failures emphasising its revolutionary character Over 100 years after the revolutions this book reveals a lesser known side of 1917 contributing both to histories of the period and broadening the narrative of 1917 whilst enriching the lineage of anarchist history The Legacy of History in Russia and the New States of Eurasia Vladimir Shlapentokh, 2001 Shlapentokh undertakes a dispassionate analysis of the ordinary functioning of the Soviet system from Stalin's death through the Soviet collapse and Russia's first post communist decade Without overlooking its repressive character he treats the USSR as a normal system that employed both socialist and nationalist ideologies for the purposes of technological and military modernization preservation of empire and expansion of its geopolitical power Foregoing the projection of Western norms and assumptions he seeks to achieve a clearer understanding of a civilization that has perplexed its critics and its champions alike **Ukraine During World War II** Roman Waschuk, University of Alberta. Canadian Institute of Ukrainian Studies, 1986-06-20 The history of Ukraine during Church, Nation and State in Russia and Ukraine Geoffrey A. Hosking, 1990 World War II Ukraine: Perestroika to <u>Independence</u> T. Kuzio, 2016-01-03 The Ukrainian vote for independence in December 1991 effectively ended the existence of the Soviet Union and propelled one of Europe's submerged nations on to the world stage. The main theme of the book is the transition in Ukraine from the policies of Perestroika and Glasnost to the ultimate break with Moscow Ukrainian Nationalism in the 1990s Andrew Wilson, 1997 The complex interrelationship between Russia and Ukraine is arguably the most important single factor in determining the future politics of the Eurasian region In this book Andrew Wilson examines the phenomenon of Ukrainian nationalism and its influence on the politics of independent Ukraine arguing that historical ethnic and linguistic factors limit the appeal of narrow ethno nationalism even to many ethnic Ukrainians Nevertheless ethno

nationalism has a strong emotive appeal to a minority who may therefore undermine Ukraine's attempts to construct an open civic state Ukraine is therefore a fascinating test case for alternative nation building strategies in countries of the former Soviet Union and Eastern Europe Russia and the Russians Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War Conflicts and Civil Society Andreas Klinke, Ortwin Renn, Jean-Paul Lehners, 2018-02-05 This title was first published in 2000 The papers presented in this volume are based on the discussions of a workshop which asked how can ethnic and political cooperation be accomplished in ethnically and politically heterogeneous countries after the collapse of the communist regimes which left a void for nationalist and even chauvinist movements The objectives are to promote a better understanding of the contemporary ethnic conflicts and their social cultural and political causes to determine the historical structural and political developments that have led to or intensified these conflicts to analyze and develop positive role models for coping with such conflicts to provide constructive proposals for future conflict resolution mechanisms and to identify the crucial elements for building trust generating institutions on the basis of the civil society model The papers address ethnic conflicts in Eastern Europe with a particular focus on the former republics of Yugoslavia They aim to go beyond the analysis of causes and manifestations of such conflicts and to offer constructive ideas for the post Civil War **Encyclopedia of Ukraine** Volodymyr Kubijovyc, 1988-12-15 The appearance of Volume II of the Encyclopedia of period Ukraine makes the second stage of a major publishing project Based on twenty five years research by more than 100 scholars from around the world the encyclopedia provides the most essential information about Ukraine and its people history geography economy and cultural heritage Volume II contains entries beginning with the letters G to K among them numerous biographies of historical figures and people currently living in and outside of Soviet Ukraine Included are some 600 illustrations maps and statistical tables The five volumes of the Encyclopedia of Ukraine will constitute a comprehensive guide to the life and culture of Ukrainians and reflect the manifold relations of Ukrainians with their neighbours and with their non Ukrainian environments in the various countries to which they immigrated Ukraine Serhv Yekelchyk, 2007-03-29 Among the largest states in Europe Ukraine first appeared on the world map in 1991 and has been in the newspaper headlines since the Orange Revolution of 2004 which brought Victor Yushchenko to power In current events this state has been seen as symbolic of the relationship between Russia and the United States Yekelchyk a Ukrainian born and Western trained historian delivers a concise volume tracing the complex multiethnic history of Ukraine from the late Identity in Post-Socialist Public Space Bohdan Cherkes, Józef Hernik, 2021-11-29 This book is 19th century to the present a comparative analysis of the architecture of central public spaces of capital cities in Central and Eastern Europe during the period of their authoritarian and post authoritarian development It demonstrates that national identity transformations cause structural changes in urban public spaces and theorises identity and national identity within urban planning in order to

explain the influence of historical cultural mental social as well as ideological and political conditions on the processes of shaping and perceiving the architecture of public space The book addresses the process of shaping and restructuring historic centres of European capital cities of Kiev Moscow Berlin and Warsaw which developed under authoritarian regime conditions throughout the 20th century and were characterised by ideological determinism and the influence of state ideology and politics on the architecture of public spaces The book will be useful for urban planners architects land management specialists art historians political scientists and readers interested in the theory and history of cities the fundamentals of urban planning and architecture and the planning of cities and public spaces Ukraine Yaroslav Hrytsak, 2024-01-23 A pioneering and fundamental Timothy Snyder new history of Ukraine from one of its leading public intellectuals When Russia invaded Ukraine in 2022 the world witnessed the creative freewheeling darkly humorous and deeply resilient society that is contemporary Ukraine In this timely and original history a bestseller in Ukraine the historian Yaroslav Hrytsak tells the sweeping story of his nation through a meticulous examination of the major events conflicts and developments that have shaped it over the course of centuries Hrytsak weaves a rich and detailed tapestry of a country in continual transformation Ukraine is essential reading for anyone who wants to better understand Ukraine's dramatic past and its global significance from the 17th century Cossack uprising to the collapse of the USSR in 1991 and Ukrainian independence and from the evolution of the Ukrainian language to the warning signs that anticipated Russia's 2022 invasion This book is the definitive story of Ukraine and its people as told by one of its most celebrated voices STALINISM in UKRAINE in the 1940s D. Marples, 1992-10-27 Stalinism in Ukraine in the 1940s focuses on the economic and social problems in Ukraine particularly during the war years and the collectivization of agriculture in Western Ukraine in the late 1940s It compares the imposition of the Stalinist system in Eastern Ukraine in the 1930s to that in Western Ukraine in the following decade using recently released Soviet archival information and historical works *Ukraine* Michael Cox, 2023-12-05 The full scale invasion of Ukraine by Russia in 2022 has not only caused immense suffering inside the country and among its people it has shifted the political landscape in Russia for the worse altered the strategic map of Europe and created division and economic pain in the rest of the world In this volume a group of internationally acclaimed academics many originally from Ukraine or Russia examine the deep causes of Putin s war the role played by other actors such as China and the United States the severe consequences for the many millions of Ukrainians displaced from their home and country the impact on the West and the Global South and the challenges confronting Ukraine when the war finally comes to an end Part of the LSE Public Policy Review Series Ukraine Russia s War and the Future of the Global Order offers a rigorous intellectual response to this extreme humanitarian crisis and considers the implications for the future of Ukraine and the transformed global order

Historical Dictionary of Ukraine Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded

history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine Modernity Serhiy Bilenky, 2023-10-15 When the powers of Europe were at their prime present day Ukraine was divided between the Austrian and Russian empires each imposing different political social and cultural models on its subjects This inevitably led to great diversity in the lives of its inhabitants shaping modern Ukraine into the multiethnic country it is today Making innovative use of methods of social and cultural history gender studies literary theory and sociology Laboratory of Modernity explores the history of Ukraine throughout the long nineteenth century and offers a unique study of its pluralistic society culture and political scene Despite being subjected to different and conflicting power models during the nineteenth and early twentieth centuries Ukraine was not only imagined as a distinct entity with a unique culture and history but was also realized as a set of social and political institutions. The story of modern Ukraine is geopolitically complex encompassing the historical narratives of several major communities including ethnic Ukrainians Poles Jews and Russians who for centuries lived side by side The first comprehensive study of nineteenth century Ukraine in English Laboratory of Modernity traces the historical origins of some of the most pressing issues facing Ukraine and the international community today Tägil,2001-01-01 This anthology gives an overview and an in depth description of Europe in historical terms providing explanation for the current period of dramatic development and integration process that has led to the increased strength of the European Union It also explores the simultaneous trend towards disintegration with an increased number of nationalist strivings of the traditional kind attempting to foresee the future structures by understanding the underlying processes through an analysis of the historical background Europeanisation and Eurasianism in Turkey and Ukraine Lucie Tungul, 2025-03-27 This book analyses the impact of external actors primarily the European Union EU and Russia on democratisation and authoritarian tendencies in Ukraine and Turkey The war in Ukraine will continue to affect patterns of cooperation and confrontation in the Black Sea region for years to come critically undermining Russia as a viable alternative

partner for deeper political and economic integration but also revealing that the EU has only partially succeeded in stabilising its neighbourhood In this volume international contributors consider future EU and Russian strategy in the region and the impact on domestic and foreign policy in two countries seen by the EU as disputed Europeans The book will appeal to those working on Eastern Europe and the Middle East the EU and Russia scholars of international relations democratisation studies East European politics and area studies and Eurasian studies It is also aimed at foreign policy analysts journalists policymakers and diplomats
