Social Class In America And Britain:

Social Class on British and American Screens Nicole Cloarec, David Haigron, Delphine Letort, 2016-03-15 At a time when debates about social inequality are in the spotlight it is worth examining how the two most popular media of the 20th and 21st centuries film and television have shaped the representation of social classes How do generic conventions determine the representation of social stereotypes How do filmmakers challenge social class identification How do factors such as national history geography and gender affect the representation of social classes This collection of new essays explores these and other questions through an analysis of a wide range of American and British productions from sitcoms and reality TV to documentaries and auteur cinema from the 1950s to the present

The Changing Social Structure of England and Wales David Marsh, 2013-08-21 This is Volume I of twenty one in the Class Race and Social Structure Series Originally published in 1958 this is the second edition of a study that now focuses on the changing social structure of England and Wales between 1871 and 1961 The main object of this book therefore as it was in the first edition is to introduce the student and the general reader to the maze of social statistics which have become available concerning the social structure of England and Wales The emphasis throughout is on applied or descriptive statistics and a knowledge of statistical techniques therefore those and they seem to be many who have an instinctive dislike of mathematics need not be deterred from following the attempt which has been made to analyse the changing social structure with the aid of social statistics

Social Class in Modern Britain Gordon Marshall, Howard Newby, David Rose, Carol Vogler, 2005-08-10 The book incorporates three alternative conceptions of class Erik Olin Wright's structural Marxist account is set alongside John Goldthorpe's occupational class schema and the Registrar General's prestige and skill related categories The authors use their unique data on inequality and conflict in contemporary Britain to provide for the first time a rigorous comparison of Marxist sociological and official class frameworks The book ranges widely across such topics as sectionalism in the workforce privatism of families and individuals fatalism gender and class processes sectoral production and consumption cleavages The authors conclude that class is still crucial in structuring economic political and social life

Social Inequalities in Comparative Perspective Fiona Devine, Mary C. Waters, 2008-04-15 This unique collection of original essays brings a comparative perspective to issues of social inequality First rate sociologists from around the world have contributed to this exciting and rigorous volume drawing upon their own research in the fields of race and ethnicity class and inequality and gender and sexuality Contains original essays by first rate scholars on issues of social inequalities around the world Features research and examples from the USA Canada UK Australia France Portugal Finland and Japan Reviews research on issues of social inequalities from the fields of race class and gender Reflects on methodological issues and the strengths of qualitative research Provides students with an important overview of the development of social stratification studies

Love and Marriage Across Social Classes in American Cinema Stephen Sharot, 2016-11-18 This book is the first comprehensive and

systematic study of cross class romance films throughout the history of American cinema It provides vivid discussions of these romantic films analyses their normative patterns and thematic concerns traces how they were shaped by inequalities of gender and class in American society and explains why they were especially popular from World War I through the roaring twenties and the Great Depression In the vast majority of cross class romance films the female is poor or from the working class the male is wealthy or from the upper class and the romance ends successfully in marriage or the promise of marriage

Britain and America Open University,1997-01-01 Britain and the United States share a common language a liberal and cultural heritage and a democratic political system They also have pronounced differences for their economic political and social structures have developed in distinctive ways This book compares and contrasts the historical course of the two countries and explores the significance of their similarities and differences over a period of two centuries The book offers wide ranging and up to date analyses of such issues as industrialization and urbanization democracy and politics class and gender and citizenship and welfare With contributions from leading scholars in both countries it will be an invaluable resource for classrooms and seminar study appealing to students of both history and social science Some of the essays are classic expositions of debates that resonate on both sides of the Atlantic Others are exemplary pieces that signal new agendas for research Contributors Anthony Badger Mark Clapson J C D Clark Clive Emsley Mary K Geiter H J Habakkuk Jeffrey Haydu Ira Katznelson Leon S Marshall David Morgan Ann Shola Orloff Gretchen Ritter S B Saul Theda Skocpol W A Speck and David Ward Social Class in America and Britain Fiona Devine,1997 Social Class in America and Britain is the first introductory textbook to combine a clear comparative study of social class with the latest research *Social Forces in England and America* Herbert George Wells,1914 *Class and Other Identities* Lex Heerma van Voss,Marcel van der Linden,2002 With the onset of a more conservative political climate in the 1980s social and especially labour history saw a decline in the popularity that they had enjoyed throughout the 1960s and 1970s This led to much debate on its future and function within the historical discipline as a whole Some critics declared it dead altogether Others have proposed a change of direction and a more or less exclusive focus on images and texts The most constructive proposals have suggested that labour history in the past concentrated too much on class and that other identities of working people should be taken into account to a larger extent than they had been previously such as gender religion and ethnicity Although class as a social category is still as valid as it has been before the questions now to be asked are to what extent non class identities shape working people s lives and mentalities and how these are linked with the class system In this volume some of the leading European historians of labour and the working classes address these questions Two non European scholars comment on their findings from an Indian resp American point of view The volume is rounded off by a most useful bibliography of recent studies in European labour history class gender religion and ethnicity **Evangelical Christianity in the United States and Great Britain** J.
