**Reconstructing Nonviolence** Roberto Baldoli, 2018-09-03 Nonviolent methods of action have been a powerful tool since the early twentieth century for social protest and revolutionary social and political change and there is diffuse awareness that nonviolence is an efficient spontaneous choice of movements individuals and whole nations Yet from a conceptual standpoint nonviolence struggles to engage with key contemporary political issues the role of religion in a post secular world the crisis of democracy and the use of supposedly nonviolent techniques for violent aims Drawing on classic thinkers and contemporary authors in particular the Italian philosopher Aldo Capitini this book shows that nonviolence is inherently a non systematic and flexible system with no pure immaculate thought at its core Instead at the core of nonviolence there is praxis which is impure because while it aims at freedom and plurality it is made of less than perfect actions performed in an imperfect environment by flawed individuals Offering a more progressive transformative and at the same time pluralistic concept of nonviolence this book is an original conceptual analysis of political theory which will appeal to students of international relations global politics security studies peace studies and democratic theory

**The Critique of Nonviolence** Mark Christian Thompson, 2022-06-28 How does Martin Luther King Jr understand race philosophically and how did this understanding lead him to develop an ontological conception of racist police violence In this important new work Mark Christian Thompson attempts to answer these questions examining ontology in Martin Luther King Jr s philosophy Specifically the book reads King through 1920s German academic debates between Martin Heidegger Rudolf Bultmann Hans Jonas Carl Schmitt Eric Voegelin Hannah Arendt and others on Being gnosticism existentialism political theology and sovereignty It further examines King s dissertation about Tillich as well other key texts from his speculative writings sermons and speeches positing King s understanding of divine love as a form of Heideggerian ontology articulated in beloved community Tracking the presence of twentieth century German philosophy and theology in his thought the book situates King s ontology conceptually and socially in nonviolent protest In so doing The Critique of Nonviolence reads King s Letter from a Birmingham Jail 1963 with Walter Benjamin s Critique of Violence 1921 to reveal the depth of King s political theological critique of police violence as the illegitimate appropriation of the racialized state of exception As Thompson argues it is in part through its appropriation of German philosophy and theology that King s ontology condemns the perpetual American state of racial exception that permits unlimited police violence against Black lives

**Violence and Nonviolence** Peyman Vahabzadeh,2019-02-07 Through an original and close reading of the key literature regarding both revolutionary violence and nonviolence this book collapses the widely assumed concepts of violence and nonviolence as mutually exclusive By revealing that violence and nonviolence are braided concepts arising from human action Peyman Vahabzadeh submits that in many cases the actions deemed to be either violent or nonviolent might actually produce outcomes that are not essentially different Vahabzadeh offers a conceptual phenomenology of the key thinkers and theorists of both revolutionary violence and various approaches to nonviolence Arguing that violence is inseparable from civilizations Violence and Nonviolence concludes by making a number of original conceptualizations regarding the relationship between violence and nonviolence exploring the possibility of a nonviolent future and proposing to understand the relationship between the two concepts as concentric not opposites
