The Guinness Of Records 1492 The World Five Hundred Years Ago:

The Guinness Book of Records 1942 Deborah Manley, Geoffrey Scammal, 1992 **The Guinness Book of Records 1492** Deborah Manley, 1992 A variation on the familiar Guinness Book of Records format which takes the reader on a journey back through time and presents a factual record of the world of 500 years ago Illustrated with images of the period the book reveals how the world was for commoners and kings in 1492 **The One and the Many** Martin E. Marty, 1997 E pluribus unum no longer holds Out of the many have come as many claims and grievances all at war with the idea of one nation undivided The damage thus done to our national life as too few Americans seek a common good is Martin Marty's concern His book is an urgent call for repair and a personal testament toward resolution A world renowned authority on religion and ethics in America Marty gives a judicious account itself a rarity and a relief in our day of uncivil discourse of how the body politic has been torn between the imperative of one people one voice and the separate urgings of distinct identities racial ethnic religious gendered ideological economic Foreseeing an utter deadlock in public life with devastating consequences if this continues he envisions steps we might take to carry America past the new turbulence While the grand story of oneness eludes us and probably always will Marty reminds us that we do have a rich ever growing and ever more inclusive repertory of myths symbols histories and most of all stories on which to draw He pictures these stories with their diverse interpretations as part of a conversation that crosses the boundaries of groups Where argument polarizes and deafens conversation is open ended guided by questions allowing for inventiveness fair play and dignity for all It serves as a medium in Marty's broader vision which replaces the restrictive difficult and perhaps unattainable ideal of community with the looser more workable idea of association An association of associations is what Marty contemplates and for the spirit and will to promote it he looks to eighteenth century motifs of sentiment and affection convergences of intellect and emotion that develop from shared experience And as this book so eloquently reminds us America however diverse is an experience we all share **From the Rio to the Sierra** Dan Scurlock, 1998 *Trade and Empire in the Atlantic 1400-1600* David Birmingham, 2002-01-04 Trade and Empire in the Atlantic 1400 1600 provides an accessible and concise introduction to European expansion overseas during the early modern period It explains why and how seafarers visited the Caribbean South America and Africa and looks at the history of the communities that lived around the ocean as they responded to the challenges and opportunities which sea trade opened for them Historical thinking on the subject of Empire is naturally controversial as is shown by this survey of the first four stages of early Atlantic colonisation from the conquest of the Canary Islands to the creation of slave plantations in Brazil This history of the Atlantic Empires is an authoritative introduction to an essential topic in world history *Daily Life During the Spanish Inquisition* James M. Anderson, 2002-02-28 The life of persecuted minorities as well as that of the wealthy and the ordinary people of Spain during the Spanish Inquisition comes alive in this illuminating account For three and a half centuries the Inquisition permeated every aspect of daily life in early

modern Spain This history depicts in graphic terms the dangers faced by Jews and Muslims and their suffering at the hands of the Inquisitors as well as the struggle for survival of the lower classes and the ostentatious display of wealth of the high nobility Set against the political religious social economic and cultural events of the time it presents a balanced account rich in detail of the daily activities of the Spanish people during this period Each chapter offers a succinct perspective of life during early modern Spain covering the political and social setting the Church the Inquisition Jews and Conversos Muslims and Moriscos the court urban and rural life family life clothes and fashions food arts and entertainment military life education and health and medicine All these aspects of life are discussed in the context of a society experiencing profound internal conflicts arising from matters of religion class gender and ethnic prejudice Interwoven in the text is a discussion of relevant political and economic events that helped to shape the times as well as comments from both contemporary Spanish writers and foreign visitors who witnessed firsthand the conditions and attitudes of the people More than 40 illustrations a timeline of important events a list of Spanish rulers during the centuries of the Inquisition a glossary and a bibliography add value to the narrative
