Introduces a global political sociology emphasizing the dynamics of power relations Provides a critical analysis of the role of politics and the state within the world historical process Describes classical and contemporary theories of politics and the state Explains the origins and development of the state discussing the nature of the state its class basis and contradictions in different types of societies Considers the dynamics of the capitalist state and traces its development in Europe and the United States from the 18th century to the present Details the role of the advanced capitalist state in the global political economy at the current advanced stage of late capitalism Discusses the social movements that have been actively struggling against the capitalist state from earlier times to the present including the Arab Spring focusing on recent developments in both advanced capitalist and less developed capitalist societies where mobilization of the masses has led to struggles against the capitalist state on a global scale Offers an original analysis of global capitalism and places it in the context of the current crisis of the global capitalist system

Handbook of Political Citizenship and Social Movements Hein-Anton van der Heijden, 2014-10-31 This Handbook uniquely collates the results of several decades of academic research in these two important fields The expert contributions successively address the different forms of political citizenship and current approaches and recent development

The Political Sociology of Emotions Nicolas Demertzis, 2020-06-01 The Political Sociology of Emotions articulates the political sociology of emotions as a sub field of emotions sociology in relation to cognate disciplines and sub disciplines Far from reducing politics to affectivity the political sociology of emotions is coterminous with political sociology itself plus the emotive angle added in the investigation of its traditional and more recent areas of research The worldwide predominance of affective anti politics e g the securitization of immigration policies reactionism terrorism competitive authoritarianism nationalism and populism etc makes the political sociology of emotions increasingly necessary in making the prospects of democracy and republicanism in the twenty first century more intelligible Through a weak constructionist theoretical perspective the book shows the utility of this new sub field by addressing two central themes trauma and resentment Trauma is considered as a key cultural political phenomenon of our times evoking both negative and positive emotions resentment is a pertaining individual and collective political emotion allied to insecurities and moral injuries In tandem they constitute fundamental experiences of late modern times The value of the political sociology of emotions is revealed in the analysis of civil wars cultural traumas the politics of pity the suffering of distant others in the media populism and national identities on both sides of the Atlantic

Ideal Types in Comparative Social Policy Christian Aspalter, 2020-12-06 This book introduces readers to the world of ideal types within the readings of Max Weber by giving a theoretical understanding of ideal types as well as applying the development of ideal types to an array of social policy arenas The 21st century has seen the development of welfare regime analysis marked by two differing strands real typical welfare regime analyses and ideal typical welfare regime analysis the latter focusing on the formation development and application of ideal types in general comparative social policy Designed to provide new theoretical and practical

frameworks as well as updated in depth developments of ideal typical welfare regime theory this book shows how Weber's method of setting up and checking against ideal types can be used in a wide variety of policy areas such as welfare state system comparison comparative social and economic development health policy mental health policy health care system analysis gender policy employment policy education policy and so forth The book will be of interest to all scholars and students working in the fields of social policy including health policy public policy political economy sociology social work gender studies social anthropology and many more

Co-operatives in a Global Economy J. J. McMurtry, Darryl Reed, 2008-12-18 In their efforts to internationalize in the emerging global economy co-operatives not only face a variety of problems that are common to all firms but encounter specific challenges due to their particular value commitments forms of incorporation and organizational structures These features of cooperatives are generally seen as a major source of competitive disadvantages and may cause significant trade offs forcing cooperatives to choose between living up to their principles of member ownership and control and remaining economically viable Critics argue that such trade offs signal the increasing irrelevance of cooperatives in a global economy Advocates however counter that cooperatives may have unique competitive advantages which can be exploited in a global economy and that current trade offs facing cooperatives can be overcome with the development of new international and transnational cooperative institutions and practices Cooperatives they claim represent a much more sustainable and equitable form of production and may form the basis for viable alternative approaches to development This collection examines these debates about the roles of cooperatives in our increasingly global economy

The Socialist Market Economy in Asia Arve Hansen, Jo Inge Bekkevold, Kristen Nordhaug, 2020-10-26 This book is intended for policy makers academics and students of development studies area studies political economy geography and political science Three of the best global performers in terms of economic growth are authoritarian states led by communist parties The socialist market economy model employed in China Vietnam and Laos performs better than the economic systems in countries at a similar level of income per capita on a wide range of development indicators yet market reforms and governance failures have led to highly unequal societies and significant environmental problems This book presents the first comparative study of development in these three countries Written by country experts and scholars of development studies it explores the ongoing quest for market versus state within their model and the coherence of their development Chapter 5 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

The Nonprofit Sector in Eastern Europe, Russia, and Central Asia David Horton Smith, Alisa Moldavanova, Svitlana Krasynska, 2018-09-04 The Nonprofit Sector in Eastern Europe Russia and Central Asia EERCA edited by David Horton Smith Alisa V Moldavanova and Svitlana Krasynska uniquely provides a research overview of the nonprofit sector and nonprofit organizations in eleven former Soviet republics with each central chapter written by local experts Such chapters with our editorial introductions present up to date versions of works previously published in EERCA native languages With a

Foreword by Susan Rose Ackerman Yale University introductory and concluding chapters also explain the editors theoretical approach setting the whole volume in several relevant larger intellectual contexts and summarize briefly the gist of the book The many post Soviet countries show much variety in their current situation ranging from democratic to totalitarian regimes

The State ,2022-07-28 Written by a team of experts this text introduces all of the main competing theoretical approaches to the study of the state including pluralism Marxism institutionalism feminism green theory and more A brand new issues section enables readers to apply these key concepts and theoretical approaches to important developments in the state today This new edition offers Coverage of all key empirical and theoretical developments in the field with analysis of the impact of globalisation global financial upheavals Brexit Covid 19 and social movements such as Black Lives Matter A wide range of voices perspectives contemporary and historical examples giving readers a holistic overview of the field as well as deeper dives into key issues Brand new chapters on sovereignty security territory capital nationalism and populism Guided further reading suggestions at the end of each chapter Providing both a firm grounding in the key concepts and critical engagement with contemporary controversies and debates this text is ideal for those studying all aspects of the state *Communes and the Venezuelan State* Anderson Bean,2022-03-01 Since 2006 Venezuela has witnessed an explosion of different forms of popular power and participatory democracy Over 47 000 grassroots neighborhood based communal councils and 3 000 communes have been constructed In *Communes and the Venezuelan State The Struggle for Participatory Democracy in a Time of Crisis* Anderson Bean offers a critical analysis of these experiments in popular and workers power and their potential for societal transformation within and beyond Venezuela Drawing on extensive ethnographic research Bean demonstrates how workers and peasants through networks of popular power exercise agency over their own development while facing challenges from the capitalist state Most importantly this book connects with the far reaching implications that the communal movement in Venezuela has for building a society responsive more to the needs of ordinary people than to the desires of the elites

The Relationship between Land-lost Farmers and Local Government in China Hongping Lian,2016-10-04 The study is set against the backdrop of the urbanization trend in present day China and focuses on the relationship between farmers who have lost their land land lost farmers and local government Particularly it applies the extended case method to answer the following two questions first in what ways do the forces of integration and conflict manifest themselves in the relationship between land lost farmers and local government Second how do land lost farmers and local government apply respective modalities in the context of their interplay The main finding is that the two groups land lost farmers and officials are engaged in a complex and dynamic relationship That relationship is played out locally within a network of power interest structures which not only manifests itself as forces of integration and conflict but also as an ongoing process a game played by knowledgeable agents whose strategies are enacted and in so doing both reproduce that game and alter it Readers will gain an ethnographic understanding of the relationship based on an in depth examination of

perspectives on both sides of the equation **The Chinese Communist Youth League** Konstantinos Tsimonis, 2025-10-01 The Chinese Communist Youth League is the largest youth political organization in the world with over 80 million members Former Chinese President Hu Jintao was a firm supporter of the League and believed that it could play a bigger role in winning the hearts and minds of Chinese youth by actively engaging with their interests and demands Accordingly he provided the League with a new youth work mandate to increase its capacity for responsiveness under the slogan keep the Party assured and the youth satisfied This original investigation of the hitherto unexamined organization uses a combination of interviews surveys and ethnography to explore how the League implemented Hu s mandate at both local and national levels exposing the contradictory nature of some of its campaigns By doing so it also sheds light on the reasons for Xi Jinping s turn against the League during his first term in office The Chinese Communist Youth League Juniority and Responsiveness in a Party Youth Organization develops the original concept of juniority to capture the complex ways that generational power is institutionalized alienating young people from official political processes with significant implications for China s political development The book will be of interest to researchers and students of Chinese politics as well as to scholars of comparative youth politics and sociology Doctors and Demonstrators Drew Halfmann, 2011-07-15 Since Roe v Wade abortion has continued to be a divisive political issue in the United States In contrast it has remained primarily a medical issue in Britain and Canada despite the countries shared heritage Doctors and Demonstrators looks beyond simplistic cultural or religious explanations to find out why abortion politics and policies differ so dramatically in these otherwise similar countries Drew Halfmann argues that political institutions are the key In the United States federalism judicial review and a private health care system contributed to the public definition of abortion as an individual right rather than a medical necessity Meanwhile Halfmann explains the porous structure of American political parties gave pro choice and pro life groups the opportunity to move the issue onto the political agenda A groundbreaking study of the complex legal and political factors behind the evolution of abortion policy Doctors and Demonstrators will be vital for anyone trying to understand this contentious issue

Gulf Politics And Economics In A Changing World Michael C Hudson, Marion E Kirk, 2014-03-21 The wave of uprisings that has engulfed the Arab world since 2011 has impacted the Gulf significantly however much the region appears to have remained unscathed In Bahrain the regime cracked down on protestors with the help of Saudi forces and increasing Gulf tensions with Iran political chaos in Yemen and rumblings among unemployed youth throughout the Gulf Cooperation Council GCC states all complicate the facade of Gulf stability In addition ties with the United States appear to be weakening regional politics are varied and changing particularly with the rise of India and China Gulf governance is often oppressive and GCC economies are even more tied to rentier practices of distribution to keep populations satisfied and in check Gulf Politics and Economics in a Changing World addresses these aspects of political and economic life in the GCC Iran and Iraq in order to assess the present situation It also offers analysis and predictions as to what the future of this important area of

the greater Middle East may hold The volume which features contributions from some of the best scholars in the field of Gulf studies in the United States the Middle East Europe and Asia provides an in depth and critical look at the region *The Failed Welfare Revolution* Brian Steensland,2017-10-31 Today the United States has one of the highest poverty rates among the world s rich industrial democracies The Failed Welfare Revolution shows us that things might have turned out differently During the 1960s and 1970s policymakers in three presidential administrations tried to replace the nation s existing welfare system with a revolutionary program to guarantee Americans basic economic security Surprisingly from today s vantage point guaranteed income plans received broad bipartisan support in the 1960s One proposal President Nixon s Family Assistance Plan nearly passed into law in the 1970s and President Carter advanced a similar bill a few years later The failure of these proposals marked the federal government s last direct effort to alleviate poverty among the least advantaged and ironically sowed the seeds of conservative welfare reform strategies under President Reagan and beyond This episode has largely vanished from America s collective memory Here Brian Steensland tells the whole story for the first time from why such an unlikely policy idea first developed to the factors that sealed its fate His account based on extensive original research in presidential archives draws on mainstream social science perspectives that emphasize the influence of powerful stakeholder groups and policymaking institutions But Steensland also shows that some of the most potent obstacles to guaranteed income plans were cultural Most centrally by challenging Americans longstanding distinction between the deserving and undeserving poor the plans threatened the nation s cultural political and economic status quo

Globalization and the Global Politics of Justice Barry K. Gills,2013-09-13 This book brings together a set of distinguished academics and activists to analyze critique and debate the global politics of poverty and justice and the contemporary nature of globalization It examines the connections between really existing globalization global capitalism and global poverty and the idea of and prospects for global justice now and in the future Identifying continuing contradictions between the stated aims of the reigning global economic orthodoxy and the actual consequences of these policies in relation to alleviation of severe poverty and injustice the authors engage in a lively critique of the very visible campaigns to end global poverty during the past several years and especially in 2005 the year of the make Poverty History campaign Live8 the Africa Commission s report and the Gleneagles G8 summit Contributions range from consideration of the meaning and definition of global justice its relation to global ethics and development in both theory and practice analysis of the new forms of global politics that challenge neoliberal globalization and global injustice and trenchant critique of the practices and policies of some of the major organizations and agencies deeply involved in global poverty alleviation Globalization and the Global Politics of Justice is highly recommended for all those interested in contemporary global politics and the issue of inequality injustice and poverty between the North and South This book was previously published as a special issue of Globalizations
