The War on Poverty in Mississippi Emma J. Folwell, 2020-03-18 President Lyndon B Johnson's war on poverty instigated a ferocious backlash in Mississippi Federally funded programs the embodiment of 1960s liberalism directly clashed with Mississippi's closed society From 1965 to 1973 opposing forces transformed the state In this state level history of the war on poverty Emma J Folwell traces the attempts of white and black Mississippians to address the state's dire economic circumstances through antipoverty programs At times the war on poverty became a powerful tool for black empowerment But more often antipoverty programs served as a potent catalyst of white resistance to black advancement After the momentous events of 1964 both black activism and white opposition to black empowerment evolved due to these federal efforts White Mississippians deployed massive resistance in part to stifle any black economic empowerment twisting antipoverty programs into tools to marginalize black political power Folwell uncovers how the grassroots war against the war on poverty laid the foundation for the fight against 1960s liberalism as Mississippi became a national model for stonewalling social change As Folwell indicates many white Mississippians hardwired elements of massive resistance into the political economic and social structure Meanwhile they abandoned the Democratic Party and honed the state's Republican Party spurred by a new conservatism

Kastberg,2007 Change the world Why not Social class is an under recognized sorting mechanism in the United States that determines where you will go to school whether you will go to college and if you will work in a professional career or a low level service position Find out why meritocracy is the favored myth in the United States If you think that anyone can get ahead with hard work talent and motivation read on You may be kidding yourself One person can make a difference and that one person is you Discover strategies to level the playing field and create equal opportunities in educational environments and other organizations for deserving youth and adults from lower social class backgrounds *The Cumulative Book Index* ,1999 *Motherhood, Childhood, and Parenting in an Age of Education* Maryellen Schaub,2023-05-05 Motherhood as a celebrated yet underappreciated role is often thought of as a natural process something instinctive that we refine by watching our own mothers and others in our community We rarely think of motherhood as something that is time and culturally specific yet like culture itself it is socially constructed and both

motherhood and childhood evolve over time With the rise in educational attainment of mothers in the American population the expectations associated with childhood increasingly include not just education but cognitive development and extracurricular activities as the partnership between parents and education intensifies in the joint project of human development of children Motherhood Childhood and Parenting in an Age of Education offers a new way to conceptualize the high demands of contemporary parenthood It traces the emerging narrative about the good mother changes in the underlying assumptions of what constitutes the good mother and the implications for the good childhood as education grows in institutional strength This book demonstrates that education is driving the formation of the parent and child roles in the dominant contemporary culture of the US although alternate models exist Education itself has expanded over time to become our largest social intervention defining behaviors and beliefs such as parental involvement in schooling the unengaged parent and the deficient student

Men in the Lives of Young Children Deborah Jones, Roy Evans, 2013-09-13 This book presents an international perspective on the involvement of men in the lives of young children across a range of differing contexts and from a number of disciplinary perspectives It takes as a starting point the importance of positive male engagement with young children so as to ensure their optimal development Past research has revealed however the complexity of studying these relationships and the barriers that exist in families society which impede the implementation of positive relationships This book is developed to use new research and educational thinking in order to explore the lived experiences of both fathers and men in edu care and in addition to considers what it is to be a man in the 21st century As such this work is pertinent timely and responsive to issues of concern to all those professionals policy makers and practitioners within education and family services and also to the public in general The central purpose of the book is to contribute to the debate around key issues connected to the ways in which men can develop secure professional and familial attachments to young children for whom they have a responsibility This book was published as a special issue of Early Child Development and Care

South Central Is Home Abigail Rosas, 2019-07-23 South Central Los Angeles is often characterized as an African American community beset by poverty and economic neglect But this depiction obscures the significant Latino population that has called South Central home since the 1970s More significantly it conceals the efforts African American and Latino residents have made together in shaping their community As residents have faced increasing challenges from diminished government social services economic disinvestment immigration enforcement and police surveillance they have come together in their struggle for belonging and justice South Central Is Home investigates the development of relational community formation and highlights how communities of color like South Central experience racism and discrimination and how in the best of situations they are energized to improve their conditions together Tracking the demographic shifts in South Central from 1945 to the present Abigail Rosas shows how financial institutions War on Poverty programs like Headstart for school children and community health centers emerged as crucial sites where neighbors engaged one another

over what was best for their community Through this work Rosas illuminates the promise of community building offering findings indispensable to our understandings of race community and place in U S society
