more influential in Judaism and Christianity than Moses Maimonides and Thomas Aquinas yet Aristotle influenced them both in significant ways By adopting and adapting some of Aristotle's best thinking we can appreciate Maimonides and Aquinas search for the Good Life from their respective views ranging from the fall to human perfectibility This examines human nature the human telos and how each would prescribe the route to the Good Life For all three it is ultimately about the knowledge of God But what does that mean The comparative approach is more illuminating than if considered in isolation Comparatively Aristotle's approach may be characterized as informational Maimonides as instructional and Aquinas as pneumatic relational The role of faith as a virtue in both Maimonides and Aquinas makes a substantive difference over Aristotle's in philosophical and practical ways It is used to exploit their accounts of the human fall moral perfection and ultimate human perfection the knowledge of God

snapshots of how life developed and changed for Jews in California as California itself evolved and grew We firmly believe that there is something special about the Jewish role in California and even more so in Southern California that here on the lower left coast Jews have had an Americanization experience that is significantly different from that which Jews have had elsewhere in the USA Conversely Southern California would be quite a different place without the Jews who made it their home Book jacket
