The Heckler:

Politeness, Impoliteness and Ritual Dániel Z. Kádár, 2017-04-27 Ritual is popularly associated with ceremonies though in real life it plays a significantly more important role reinforcing what people perceive as the appropriate moral order of things or challenging what they perceive as the inappropriate flow of events This book introduces the reader to how people use ritual in interpersonal interaction and the interface that exists between ritual and politeness and impoliteness As rituals have a large impact on the life of people and communities the way in which they use politeness and impoliteness in a ritual action significantly influences the way in which the given ritual is perceived Politeness Impoliteness and Ritual examines this complex relationship by setting up a multi layered analytic model with a multidisciplinary approach which will appeal to interaction scholars politeness researchers social psychologists and anthropologists and moral psychologists It fills an important knowledge gap and provides the first im politeness focused interactional model of ritual Tempter Nancy A. Freedom of Assembly Orsolya Salát, 2015-06-25 In legal decisions and commentary freedom of assembly is widely cherished as a precious human right and as indispensable for the preservation of democratic governance But despite this rhetoric assemblies are subject to extensive regulation such as prior restraints and restrictions on the time place and manner of assemblies This comparative study examines five influential jurisdictions and reveals similarities and inconsistencies between them It finds that freedom of assembly is often subjugated to freedom of expression in a way that disregards the expressive potential of assemblies The shortcomings include the misconstrued content neutrality and public forum doctrines in the US blanket bans and other restrictions based on intangible and distant harm in the UK preventative restrictions and viewpoint discrimination in Germany and the uncertain status of freedom of assembly and opaque judicial reasoning in France Such inconsistencies also present challenges for the European Court of Human Rights in developing a coherent assembly doctrine The book argues that it is time for jurisprudence to move away from a narrowly focused concept of expression and recognise the creative and expressive value of freedom of assembly *I Don't Like Macho, Put It Away: Queercore Masculinity in Context* ,
