English Fictions of Communal Identity, 1485-1603 Joshua Phillips, 2016-05-13 Challenging a long standing trend that sees the Renaissance

as the end of communal identity and constitutive group affiliation author Joshua Phillips explores the perseverance of such affiliation throughout Tudor culture Focusing on prose fiction from Malory's *Morte Darthur* through the works of Sir Philip Sidney and Thomas Nashe this study explores the concept of collective agency and the extensive impact it had on English Renaissance culture In contrast to studies devoted to the myth of early modern individuation *English Fictions of Communal Identity 1485-1603* pays special attention to primary communities monastic orders printing house concerns literary circles and neighborhoods that continued to generate a collective sense of identity Ultimately Phillips offers a new way of theorizing the relation between collaboration and identity In terms of literary history this study elucidates a significant aspect of novelistic discourse even as it accounts for the institutional disregard of often brilliant works of early modern fiction

Imagining Arcadia in Renaissance Romance Marsha S. Collins, 2016-03-22 From Theocritus' *Idylls* to James Cameron's *Avatar* Arcadia remains an enduring presence in world culture and a persistent source of creative inspiration Why does Arcadia still exercise such a powerful pull on the imagination This book responds by arguing that in sixteenth century Europe a dramatic shift took place in imagining Arcadia The traditional visions of Arcadia collided and fused with romance the new experimental form of prose fiction producing a hybrid dynamic world of change and transformation Emphasizing matters of fictional function and world making over generic classification *Imagining Arcadia in Renaissance Romance* analyzes the role of romance as a catalyst in remaking Arcadia in five canonical sixteenth century texts Sannazaro's *Arcadia* Montemayor's *La Diana* Cervantes' *La Galatea* Sidney's *Arcadia* and Lope de Vega's *Arcadia* Collins analyses of the reimagined Arcadia in these works elucidate the interplay between timely incursions into the fictional world and the timelessness of art highlighting issues of freedom identity formation subjectivity and self-fashioning the intersection of public and private activity and the fascination with mortality This book addresses the underrepresentation of Spanish literature in Early Modern literary histories especially regarding the rich Spanish contribution to the pastoral and to idealizing fiction in the West Companion chapters on Cervantes and Sidney add to the growing field of Anglo-Spanish comparative literary studies while the book's comparative and transnational approach extends discussion of the pastoral beyond the boundaries of national literary traditions This book's innovative approach to these fictional worlds sheds new light on Arcadia's enduring presence in the collective imagination today

student and general reader to one of the most important and fascinating phases in European literary history *Sidney's Poetics* Michael Mack,2005 Sidney's Poetics is essential reading not only for students and scholars of Renaissance literature and literary theory but also for all who want to understand how human beings write and read creatively **Texts and Cultural Change in Early Modern England** Cedric C. doing sums and flyleaves are occasionally the repository of records of various kinds The Reader in the Book deals with that special class of books in which the text and marginalia are in intense communication with each other in which reading constitutes an active and sometimes adversarial engagement with the book The major examples are works that are either classics or were classics in their own time but they are seen here as contemporaries read them without the benefit of centuries of commentary and critical guidance The underlying question is at what point marginalia the legible incorporation of the work of reading into the text of the book became a way of defacing it rather than of increasing its value why did we want books to lose their history
