Sir Larry The Life Of Laurence Olivier:

Olivier Thomas Kiernan,1981 *Coriolanus on Stage in England and America, 1609-1994* John Ripley,1998 Drawing upon promptbooks and other theater documents engravings and photographs reviews interviews letters diaries and memoirs he creates a richly layered account of a play persistently denied its character and rarely staged without explicit or implicit apology History and Popular Memory Paul A Cohen,2014-04-29 When people experience a traumatic event such as war or the threat of annihilation they often turn to history for stories that promise a positive outcome to their suffering During World War II the French took comfort in the story of Joan of Arc and her heroic efforts to rid France of foreign occupation To bring the Joan narrative more into line with current circumstances however popular retellings modified the original story so that what people believed took place in the past was often quite different from what actually occurred Paul A Cohen identifies this interplay between story and history as a worldwide phenomenon found in countries of radically different cultural religious and social character He focuses here on Serbia Israel China France the Soviet Union and Great Britain all of which experienced severe crises in the twentieth century and in response appropriated age old historical narratives that resonated with what was happening in the present to serve a unifying restorative purpose A central theme in the book is the distinction between popular memory and history Although vitally important to historians this distinction is routinely blurred in people's minds and the historian's truth often cannot compete with the power of a compelling story from the past even when it has been seriously distorted by myth or political manipulation Cohen concludes by suggesting that the patterns of interaction he probes given their near universality may well be rooted in certain human propensities that transcend cultural difference

Donaldson,2013-07-18 Originally published in 1990 this book brought a new rigor and subtlety to the interpretation of film adaptations of Shakespeare Drawing on traditional literary analysis psychoanalysis and current film

theory about gender and subjectivity the author combines close readings of seven films with historical and biographical studies of the directors who made them Offering substantial readings of Jean Luc Godard s controversial deconstructed King Lear and of Liz White s independent African American Othello Donaldson also applies his provocative and contemporary point of view to more familiar films He reads Olivier s Henry V in relation to its treatment of sexual difference Olivier s Hamlet in part as an expression of the director s childhood sexual trauma Kurosawa s Throne of Blood as an allegory of the relationship between Western and Japanese cinema and Zeffirelli s immensely popular Romeo and Juliet in the light of its powerful homoerotic subtext With striking perspectives on Shakespeare on the movies as an expressive medium and on the complex processes of cultural change this is timeless useful reading for teachers and students of film and literature
