Sisters Love And Rivalry Inside The Family And Beyond

Jonathan Caspi

Sisters Love And Rivalry Inside The Family And Beyond:

Sisters Elizabeth Fishel, 1980 **Genograms** Monica McGoldrick, Randy Gerson, Sylvia Shellenberger, 1999 Widely used by both family therapists and family physicians the genogram is a graphic way of organizing the mass of information gathered during a family assessment and finding patterns in the family system This popular text now updated and expanded provides a standard method for constructing a genogram doing a genogram interview and interpreting the results Both entertaining and instructive Genograms is an ideal way to introduce all those involved in family treatment family therapists physicians nurses social workers pastoral counselors and trainees in these fields to this essential assessment and intervention tool **Stages of Struggle** John Louis DiGaetani, 2015-01-27 One way or another all playwrights use their work to explore the issues that interest them The characters in a play may trumpet their creator's political views from the stage or an unusual structure or set design may result from the playwright's interest in theatrical form It is also common particularly in the plays of the 20th and 21st century to see a playwright delving into psychological issues raised by his own mental struggles or those of people he loves Luigi Pirandello tormented by the schizophrenia of his wife and other family members repeatedly explored the problems caused by different visions of reality Noel Coward's self-obsessed characters reflect his own narcissism Alcoholism is a recurrent theme in the works of many playwrights including Eugene O'Neill Edward Albee and Brian Friel Through their exploration of these issues and more the great writers of the theater have turned suffering into art This book looks at the work of 20 playwrights to see how their examination of the disturbed mind has influenced the modern theater **The Dynamics of Aging Families** John W. Gibson, Bonnie Brown Hartley, 2006

Sibling Development Jonathan Caspi, 2010-10-25 I heartily recommend Sibling Development CFLE Network Newsletter National Council on Family Relations Sibling relationships have a major influence on a person's development and behavior yet until now the topic has been seriously underrepresented in the professional literature Sibling Development Implications for Mental Health Practitioners addresses this gap by examining the range of developmental clinical and cultural issues related to sibling relationships It highlights positive sibling relationships as a source of strength and resilience at the other end of the spectrum it addresses sibling abuse a dangerous and underdiagnosed condition It demonstrates the crucial support that siblings can provide each other in families experiencing mental illness substance abuse divorce and other stressors It also considers issues of cultural and ethnic diversity gender disability and sexual orientation as they relate to siblings and their families Each chapter provides case studies to illustrate how theory and empirical findings can be incorporated into culturally informed treatment and offers implications for practice and future research It is an essential resource for all practitioners researchers students and educators who work with or study siblings Key Features Examines the role of siblings as cultural educators and socializing agents Offers empirically derived treatment approaches for siblings and families Discusses lesbian gay bisexual and transgender siblings Includes case studies to demonstrate how to integrate

theory and empirical findings into practice Looks at sibling dynamics in families with mental illness substance abuse and divorce as well as siblings of individuals with disabilities Discusses sibling relationships in transracial adoptive families

When You and Your Mother Can't Be Friends Victoria Secunda,2009-11-04 A book of great value for every daughter and every mother useful for sons too Benjamin Spock M D From the Introduction The goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers or at least recognize and accept that their mothers did the best they could even if it wasn't good enough and to stop blaming them Among the issues to be covered To understand how a daughter's attachment to her mother more so than her relationship with her father colors all her other relationships and to analyze why it is more difficult for daughters than sons to separate from their mothers as well as why daughters are more subject than sons to a mother's manipulation To recognize the difference between a healthy and a destructive mother daughter connection and to define clearly the bad mommy in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them To conjugate what I call the Bad Mommy Taboo why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters To describe the evolution of the unpleasable mother in all likelihood she was bereft of maternal love as a child and to recognize the huge and often poignant stake she has in keeping her grown daughter dependent and off balance To illustrate the consequent controlling behavior in some cases cloaked in fragility or good intentions of such mothers which falls into general patterns including the Doormat the Critic the Smotherer the Avenger the Deserter To understand that the daughter has a similar stake in either being a slave to or hating her mother the two sides of her dependency and immaturity To illustrate the responsive behavior and survival mechanisms of daughters which is determined in part by such variables as birth rank family history and temperament and which also falls into patterns including the Angel the Superachiever the Cipher the Troublemaker the Defector To show how to redefine the mother daughter relationship so that each can learn to see and accept the other as she is today appreciating each other's good qualities and not being snared by the bad Finally to demonstrate that a redefined relationship with one's mother adult to adult frees you from the past whether that redefinition ultimately results in real friendship affectionate truce or divorce

Woman's Inhumanity to Woman Phyllis

Chesler,2009-05-01 Man's inhumanity to man the phrase is all too familiar But until Phyllis Chesler's now classic book a profound silence prevailed about woman's inhumanity to woman Women's aggression may not take the same form as men's but girls and women are indeed aggressive often indirectly and mainly toward one another They judge harshly hold grudges gossip exclude and disconnect from other women Like men women are exposed to the messages of misogyny and sexism that permeate cultures worldwide Like men women unconsciously buy into negative images that can trigger abuse and mistreatment of other women But like other social victims many do not realize stereotyping affects members within the victimized group as well as those outside the group They do not realize their behavior reflects society's biases How women

view and treat other women matters Are women oppressed Yes Do oppressed people internalize their oppressors attitudes Without a doubt Prejudice must first be acknowledged before it can be resisted or overcome More than men women depend upon one another for emotional intimacy and bonding and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth Continuing the pioneering work begun in *Women and Madness* Chesler's bestselling book that broke the story on double standards in psychology *Woman's Inhumanity to Woman* draws on important studies revolutionary theories literature and hundreds of original interviews Chesler urges us to look within to treat other women realistically ethically and kindly and to forge bold and compassionate alliances This is a necessary next step for women without which they will never be liberated *The Significance of Sibling Relationships in Literature* JoAnna Stephens Mink, Janet Doubler Ward, 1993 If one does not have them one is compelled to acknowledge and react to their non existence **Worlds Between** Leonore Davidoff, 2013-05-29 This book presents a series of pioneering studies which together constitute a reappraisal of our understanding of the relationship between gender and history *The Role of Sisters in Women's Development* Sue A. Kuba, 2011-04-01 Psychological theory has traditionally overlooked or minimized the role of siblings in development focusing instead on parent child attachment relationships The importance of sisters has been even more marginalized Sue A Kuba explores this omission in *The Role of Sisters in Women's Development* seeking to broaden and enrich current understanding of the psychology of women This unique work is distinguished by Kuba's phenomenological method of research rooted in a single prompt Tell me about your relationship with your sister Rich in detail the responses many of which are reproduced at length within the book provide a complex picture of sister relationships across the lifespan Integrating these stories with current literature about gender and family composition for sisters of difference disabled and lesbian sisters and ethnic sisters this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients A valuable contribution to the field of mental health *The Role of Sisters in Women's Development* is highly recommended for therapists who wish to broaden their inquiry into the sister connection as well as anyone who wants to further understand the importance of sisterhood **You Can Go Home Again** Monica McGoldrick, 1997-06-03 Family therapist Monica McGoldrick explains how the use of genograms family trees can bring to light a family's history of estrangement alliance divorce or suicide revealing intergenerational patterns that prove more than coincidental Genograms of famous families such as the Kennedys the Hepburns and the Brontes complement discussions of the influence of birth order sibling rivalry family secrets and couple relationships Photos drawings *The Beacon Book of Quotations by Women* Rosalie Maggio, 1992 Memorable witty and insightful quotes from more than 1 500 women from Sappho to Gracie Allen from Nancy Reagan to Rita Mae Brown A compilation of the best of women's words from the sixth century B C to the present this collection includes remarks from politicians and poets artists and scientists novelists and

athletes and is arranged by topic with a biographical index for easy reference Health Care Issues of Aging Families John W. Gibson, 2006

Intertwined Lives Lois W. Banner, 2004-12-07 A uniquely revealing biography of two eminent twentieth century American women Close friends for much of their lives Ruth Benedict and Margaret Mead met at Barnard College in 1922 when Mead was a student Benedict a teacher They became sexual partners though both married and pioneered in the then male dominated discipline of anthropology They championed racial and sexual equality and cultural relativity despite the generally racist xenophobic and homophobic tenor of their era Mead's best selling *Coming of Age in Samoa* 1928 and *Sex and Temperament in Three Primitive Societies* 1935 and Benedict's *Patterns of Culture* 1934 *Race* 1940 and *The Chrysanthemum and the Sword* 1946 were landmark studies that ensured the lasting prominence and influence of their authors in the field of anthropology and beyond With unprecedented access to the complete archives of the two women including hundreds of letters opened to scholars in 2001 Lois Banner examines the impact of their difficult childhoods and the relationship between them in the context of their circle of family friends husbands lovers and colleagues as well as the calamitous events of their time She shows how Benedict inadvertently exposed Mead to charges of professional incompetence discloses the serious errors New Zealand anthropologist Derek Freeman made in his famed attack on Mead's research on Samoa and reveals what happened in New Guinea when Mead and colleagues engaged in a ritual aimed at overturning all gender and sexual boundaries In this illuminating and innovative work Banner has given us the most detailed balanced and informative portrait of Mead and Benedict individually and together that we have had

Portia Edith B. Gelles, 1995 Annotation Here at last Is the biography that Abigail Adams has long deserved one that puts her rather than her husband at its center and which interprets her life in light of both its eighteenth century context and recent feminist scholarship Gelles brings new insights to familiar topics like the Adamss marriage and Abigail's wartime role explains more fully than previous scholars such incidents as the failed courtship of Royall Tyler and Abigail Junior and examines with sensitivity hitherto little known episodes like that of Abigail's epistolary flirtation with James Lovell during the Revolution or Abigail Junior's mastectomy in 1811 In short this is a remarkable achievement far surpassing all earlier attempts to capture the essence of the woman who was one of early America's greatest letter writers Mary Beth Norton Edith Gelles has written a deeply interesting book about Abigail Adams she is careful to reconstruct the eighteenth century environment of Abigail Adams De Gelles is a careful historian of eighteenth century America and a thoughtful biographer She has given us a fresh examination of Abigail Adams which will stimulate in helpful ways additional research and discussion Robert Middlekauff In this important and fascinating biography Edith Gelles not only restores Abigail Adams to her rightful place at the center of her own story she challenges the creaky conventions of traditional male defined biography Portia breaks ranks with the biographers twice by refusing to treat Abigail Adams as a reflection of her husband and by refusing to force her life's story into an artificially linear narrative In this masterful work Edith Gelles reconceptualizes and revolutionizes the very notion of

biography by capturing experience as it truly unfolds in so many women's lives as a collage of overlapping and circular impressions and feelings rather than a relentless climb up a ladder of public ambition Susan Faludi The best biography of Abigail Adams in print By keeping the spotlight on Mrs Adams and sensitively evaluating her in eighteenth century terms Edith Gelles provides the most rounded portrait yet of this important woman Patricia U Bonomi Edith B Gelles uses the revolutionary years as the backdrop of this sensitive study And The political events as the drama in which the players act out well defined roles Gelles story of relationships networks and power in the context of Abigail's eighteenth century world is truly a superb accomplishment American Historical Review Adams's strength courage and wit emerge more fully than they have in any previous work Gelles has succeeded in providing a well rounded portrait of a remarkable figure Choice Portia Is a refreshing change of pace Edith Gelles is affectionate yet scholarly determined to present Adams as a strong character who was very much a woman of her time not merely a liberated precursor to feminism or the little wife behind the great man San Francisco Chronicle Portia The first woman centered biography of Abigail Adams details the issues events and relationships that informed Adams's life The portrait that emerges also describes women like her during the Revolutionary era Much of Abigail Adams's independent reputation derives from the letters that she wrote for over a half century Personal and eloquent they provide unusual access to her private life and capture the social conventions politics and people of her age The letters describe her domestic sphere relationships with her sisters her daughter and sons and friends such as Thomas Jefferson Her marriage to John Adams is considered in the context of the patria **Sisters** Elizabeth Fishel, 1979 **Sisters**, 1987

Beyond the Smile: The Therapeutic Use of the Photograph Linda Berman, 2019-10-24 Linda Berman explores the importance of photographs in our lives highlighting the hidden messages behind the images She describes different ways of using photographs in therapy and shows how by triggering memory and emotion and revealing family patterns they can be used to help the patient Detailed case studies with appropriate illustrations show how photographs can be used with individuals couples and groups and demonstrate how useful photographs can be in many different therapeutic settings

Weekly World News, 1992-09-01 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Between Psychology and Philosophy** Michael Slote, 2019-07-30 This open access book discusses a variety of important but unprecedented ways in which psychology can be useful to philosophy The early chapters illustrate this theme via comparisons between Chinese and Western philosophy It is argued that the Chinese notion of a heart mind is superior to the Western concept of mind but then more even handedly the relative strengths and weaknesses of Chinese and Western thought overall are critically examined In later chapters the philosophical uses of psychology are treated more specifically in relation to major issues in Western philosophy Michael Slote shows that empathy and emotion play a role in speech acts like assertion and thanking that speech act theory has totally ignored Similarly he

treats the age old question of whether justice pays using psychological material that has not previously been recognized Finally the implications of psychological egoism are discussed in terms of some new psychological and indeed human distinctions Human life is pervaded by instincts and aspirations that are neither egoistic nor altruistic and recognizing that fact can help put egoism in its place It is less of a challenge to morality than we have realized
