Time of Troubles Iurii Vladimirovich Got'e, 2014-07-14 Among the few diaries available from inside early Soviet Russia none approaches Iurii V Got'e's in sustained length of coverage and depth of vivid detail Got'e was a member of the Moscow intellectual elite a complex and unusually observant man who was a professor at Moscow University and one of the most prominent historians of Russia at the time the revolution broke out Beginning his first entry with the words Finis Russiae he describes his life in revolution torn Moscow from July 8 1917 through July 23 1922 nearly the entire period of the Russian Revolution and Civil War up to the advent of the New Economic Policy This remarkable chronicle published here for the first time describes the hardships undergone by Got'e's family and friends and the gradual takeover of the academic and professional sectors of Russia by the new regime Got'e was in his mid forties when he wrote the diary At first he felt that Bolshevism meant complete doom for Russia but eventually his ardent patriotism led him to accept the Bolsheviks role in

preserving the integrity of the Russian state The diary was discovered in 1982 in the Hoover Institution Archives in the papers of Frank Golder to whom Gorky himself had entrusted it in 1922 It is translated literally and unabridged with annotations by Terence Emmons The introduction by Professor Emmons places the diary clearly in the context of Gorky's life and scholarly career Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Alexander Blok* Robin Kemball, 2019-04-15 No detailed description available for *Alexander Blok* **Introduction to metrics** Viktor Maksimovic Žirmunskij, 2016-11-21 No detailed description available for *Introduction to metrics* **A Companion to Russian Cinema** Birgit Beumers, 2016-07-12 *A Companion to Russian Cinema* provides an exhaustive and carefully organised guide to the cinema of pre Revolutionary Russia of the Soviet era as well as post Soviet Russian cinema edited by one of the most established and knowledgeable scholars in Russian cinema studies The most up to date and thorough coverage of Russian Soviet and post Soviet cinema which also effectively fills gaps in the existing scholarship in the field This is the first volume on Russian cinema to explore specifically the history of movie theatres studios and educational institutions The editor is one of the most established and knowledgeable scholars in Russian cinema studies and contributions come from leading experts in the field of Russian Studies Film Studies and Visual Culture Chapters consider the arts of scriptwriting sound production design costumes and cinematography Provides five portraits of key figures in Soviet and Russia film history whose works have been somewhat neglected *Designing Russian Cinema* Eleanor Rees, 2022-12-15 This book highlights the significant role that production artists played when Russian cinema was still in its infancy It uncovers Russian cinema's connections with other art forms examining how production artists drew on both aesthetic traditions and modernist experiments in architecture painting and theatre as they explored the new medium of cinema and its potential to engender new models of perception and forms of audience engagement Drawing on set design sketches archival documents and film makers memoirs Eleanor Rees reveals how less canonical films such as *Behind the Screen Kulisy ekrana* 1919 and *Palace and Fortress Dvorets i krepost* 1923 were remarkable from a design perspective and also provides new readings of well known films such as *Children of the Age Deti veka* 1915 and *Strike Stachka* 1925 Rees brings to light information on significant but understudied figures such as Vladimir Egorov and Sergei Kozlovskii and highlights the involvement of well known figures such as Lev Kuleshov and Aleksandr Rodchenko Unlike the majority of late Imperial directors and camera operators many early Russian production artists continued to work in cinema in the Soviet era and to draw on practices forged before the 1917 Revolution In spanning the entire silent era this book highlights the often overlooked continuities between the late

Imperial and early Soviet periods of cinema thus questioning traditional historical periodisations **Marius Petipa** Nadine Meisner, 2019-05-01 This cultural biography of the nineteenth century ballet master Marius Petipa creator of *The Sleeping Beauty* and *Swan Lake* tells the full story of his life and work in the remarkable context in which he lived **Other Animals** Jane T. subversive dismantling of the totalitarian linguistic regime and the foregrounding of previously marginalized subject positions In Ukraine work in these areas shows how the traumas of centuries of colonial oppression are being overcome through the carnivalesque decrowning of ideological dogmas and an affirmation of a new type of community most recently demonstrated in the peaceful Orange Revolution of 2004 Mapping Postcommunist Cultures also critiques the neglect of the former communist world in current models of cultural globalization Pushkin's Rhyming J. Thomas Shaw,2011-02-10 The culmination of four decades of work by J Thomas Shaw this fully searchable e book carefully analyzes both chronologically and by genre Alexander Pushkin's use of rhyme to show how meaning shifts in tandem with formal changes Comparing Pushkin's poetry with that of Konstantin Nikolaevich Batiushkov 1787 1855 and Evgeny Abramovich Baratynsky 1800 1844 Shaw considers among other topics what is exact and inexact in exact rhyme how the grammatical characteristics of rhymewords affect the reader's perception of the poem and its rhyme and how the repetition of a rhyming word can also change meaning Each of the five chapters analyzes in detail a distinct aspect of rhyme and provides rich resources for future scholars in the accompanying tables of data The extensive back matter in the book includes a glossary abbreviations list bibliography and indexes of poems cited names and rhyme types and analyses *Puppetry, Puppet Animation and the Digital Age* Rolf Giesen,2018-09-27 Rolf Giesen's Puppetry Puppet Animation and the Digital Age explores the unique world of puppetry animation and its application in the digital age With the advent of digital animation many individuals see puppetry and 2D animation as being regulated to a niche market Giesen's text argues against this viewpoint by demonstrating the pure aesthetic value they have as well as examples of some of the greatest cinematic uses of puppets Such samples include The Adventures of Prince Achmed Ladislav Starevich O'Brien Harryhausen and Danforth Trnka and Rankin/Bass and Laika Studios ParaNorman and the Boxtrolls Even live action blockbusters such as the Star Wars saga utilize puppetry for costume applications as noted within the text The use of puppets not only helps create a wondrous world and memorable characters but is also one of the purest extensions of an artist Key Features Includes interviews with past and present practitioners of model animation as well as computer animation Reviews of classic and recent entries in both fields Comparison of what is better in stop motion versus computer animation A detailed history of animation and stop motion films **Russian Irrationalism from Pushkin to Brodsky** Olga Tabachnikova,2016-10-27 Russia once compared to a giant sphinx is often considered in the Anglophone world an alien culture often threatening and always enigmatic Although recognizably European Russian culture also has mystical features including the idiosyncratic phenomenon of Russian irrationalism Historically Russian irrationalism has been viewed with caution in the West where it is often seen as antagonistic to and subversive of the rational foundations of Western speculative philosophy Some of the remarkable achievements of the Russian irrationalist approach however especially in the artistic sphere have been recognized and even admired though not sufficiently investigated Bridging the gap between intellectual cultures Olga Tabachnikova discusses

such fundamental irrationalist themes as language and the linguistic underpinning of culture the power of illusion in national consciousness the changing relationship between love and morality the cultural roots of humour as well as the relevance of various individual writers and philosophers from Pushkin to Brodsky to the construction of Russian irrationalism
