Skeeter and the Computer Frank Modell,1988 A bored and lonely dog finds a new friend in a computer **Dead West** Linda L Richards,2023-09-05 Rule 1 of being a hired killer never get to know your target and definitely don't fall in love with them Taking lives has taken its toll Her moral justifications have faltered Do any of the people she has killed some of them heinous but all of them human deserve to die Her next target is Cameron Walker a rancher in Arizona When she arrives at his remote desert estate to carry out her orders she discovers that he is a kind and beautiful man After a lengthy tour of the ranch not only has she not killed him she's wondering who might want him dead She procrastinates instead growing closer to Cameron She learns that he's passionate about wild horses and has been fighting a losing political battle to save mustangs that live on protected land near his ranch he's even received death threats from his opponents Suddenly she's faced with protecting the man she was sent to kill encountering kidnappers murderers horse thieves and even human traffickers along the way Can she figure out who has hired her before they take matters into their own hands Perfect for fans of Dean Koontz and Tana French While the novels in the Endings Series stand on their own and can be read in any order the publication sequence is as follows Endings Exit Strategy Dead West Insensible Loss Tales of the Time Scouts Robert Asprin,Linda Evans,2015-11-16 TWO NOVELS OF TIME TRAVELING ADVENTURE Includes Time Scout and Wagers of Sin When an experiment on an orbiting space station went wrong bad wrong ripples in time washed over the Earth bringing global disaster The survivors beginning to rebuild learned that they were now able to travel into the past utilizing the remnant time strings But first the time strings had to be mapped That was the job of the brave pioneers known as time scouts Their occupation was only slightly less dangerous than front line combat and when it was discovered that a time traveler who wasn't extremely careful could zap himself out of existence elaborate rules to prevent that evolved and it was the job of the time scouts to enforce them Time Scout Kenneth _Kit Carson was one of the best if not the best time scouts in the business But he has collected more than a few scars both physical and mental while poking around back in time and trying not to draw the dangerous attention of the natives not always successfully Nowadays he runs a small hotel at Time Terminal 86 and just wants to be a hotelier renting rooms to tourists on their way to see the Roman Circus Maximus or Victorian London firsthand until a certain red headed girl flounces out of his life through an illicit gate that may collapse and leave her lost eternally in the corridors of time Wagers of Sin Time Travel stations have become big business with wealthy tourists taking vacations back in time For Skeeter Jackson one of Time Terminal 86's least honest residents scamming those tourists is a way of life A man's got to follow his calling even a con man and Skeeter might be a dyed in the wool thieving scoundrel but he freely admits it and relishes the crisp cool feel of cash in hand until one of his scams went terribly wrong and he was in more trouble than even his quick wits and crooked tricks could get him out of again At the publisher's request this title is sold without DRM Digital Rights Management *Crazy Cool* Tara Janzen,2005-10-25 She's sizzling hot He's icy cool He called

The Moderate Imagination Yoav Fromer,2020-05-07 In the aftermath of Donald Trump s victory in 2016

Americans finally faced a perplexing political reality Democrats purported champions of working people since the New Deal had lost the white working class voters of Middle America For answers about how this could be Yoav Fromer turns to an unlikely source the fiction of John Updike Though commonly viewed as an East Coast chronicler of suburban angst the gifted writer in fact a native of the quintessential Rust Belt state Pennsylvania was also an ardent man of ideas political ideas whose fiction Fromer tells us should be read not merely as a reflection of the postwar era but rather as a critical investigation into the liberal culture that helped define it Several generations of Americans since the 1960s have increasingly felt left behind In Updike s early work Fromer finds a fictional map of the failures of liberalism that might explain these grievances The Moderate Imagination also taps previously unknown archival materials and unread works from his college years at Harvard to offer a clearer view of the author s acute political thought and ideas Updike s prescient literary imagination Fromer shows sensed the disappointments and alienation of rural white working and middle class Americans decades before conservatives sought to exploit them In his writing he traced liberalism s historic decline to its own philosophical contradictions rather than to only commonly cited external circumstances like the Vietnam War racial strife economic recession and conservative backlash A subtle reinterpretation of John Updike s legacy Fromer s work complicates and enriches our understanding of one of the twentieth century s great American writers even as the book deftly demonstrates what literature can teach us about politics and history
