Sketches From A Hunters Album The Complete Edition:

Sketches from a Hunter's Album Ivan Sergeevich Turgenev, 2018-11-22 *Sketches from A Hunter's Album : the Complete and Uncensored Edition* Ivan Turgenev, 2008-12-22 *Sketches from a Hunter's Album* also known as *The Hunting Sketches* and *A Sportsman's Sketches* was an 1852 collection of short stories by Ivan Turgenev. It was the first major writing that gained him recognition. He wrote this collection of short stories based on his own observations while hunting at his mother's estate at Spasskoye where he learned of the abuse of the peasants and the injustices of the Russian system that constrained them. The work as a whole actually led to Turgenev's house arrest at Spasskoye. It was also partially responsible for the abolishment of serfdom in Russia. **Sketches from a Hunter's Album** Ivan Turgenev, 1990-08-30 Turgenev's first major prose work is a series of twenty-five sketches: the observations and anecdotes of the author during his travels through Russia satisfying his passion for hunting. His album is filled with moving insights into the lives of those he encounters: peasants and landowners, doctors and bailiffs, neglected wives and bereft mothers, each providing a glimpse of love, tragedy, courage and loss, and anticipating Turgenev's great later works such as *First Love* and *Fathers and Sons*. His depiction of the cruelty and arrogance of the ruling classes was considered subversive and led to his arrest and confinement to his estate, but these sketches opened the minds of contemporary readers to the plight of the peasantry and were even said to have led Tsar Alexander II to abolish serfdom. **Slavic Review**, 1991 American quarterly of Soviet and East European studies varies

We Yevgeny Zamyatin, 1993-08-01 The exhilarating dystopian novel that inspired George Orwell's 1984 and foreshadowed the worst excesses of Soviet Russia featuring a foreword by the National Book Award winning New Yorker journalist Masha Gessen. Yevgeny Zamyatin's *We* is a powerfully inventive vision that has influenced writers from George Orwell to Ayn Rand. In a glass enclosed city of absolute straight lines ruled over by the all-powerful Benefactor, the citizens of the totalitarian society of OneState live out lives devoid of passion and creativity until D-503, a mathematician who dreams in numbers, makes a discovery: he has an individual soul. Set in the twenty-sixth century AD, *We* is the classic dystopian novel and was the forerunner of works such as George Orwell's 1984 and Aldous Huxley's *Brave New World*. It was suppressed for many years in Russia and remains a resounding cry for individual freedom, yet is also a powerful, exciting and vivid work of science fiction. Clarence Brown's brilliant translation is based on the corrected text of the novel first published in Russia in 1988 after more than sixty years of suppression. **Penguin Classics** Penguin (Firm), 1998 **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come. It is therefore confidently recommended for addition to reference libraries, be they academic or public. *PEN America 14: The Good Books*, **The Art, Literature and Music of Solitude** Julian Stern, 2023-12-14 This book presents a thematic analysis of various aspects of solitude, silence and loneliness from the ancient world to the present day, explored thematically with consideration to the links between aloneness to other social and

political issues The themes include exile expulsion from a community ecstasy getting out of oneself and ecstasy being comfortable within oneself to the Romantic idea of the artist as solitary There is work on aloneness in and through nature especially the importance of natural settings for positive experiences of solitude A central theme is alienation and its emotions with the idea of loneliness and the rejected self being a more modern experience The book explores modernism and postmodernism as presenting new forms of solitude in the twentieth century and how more recently there have been attempts to recover the self through therapeutic uses of the arts All of these types and experiences of aloneness are described through the lenses of artistic literary and musical forms of expression as aloneness is not only explored and articulated through these art forms but is in many ways created through these art forms *The Short Story* Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris
