The Skeptic's Guide to Sports Science Nicholas Tiller, 2020-03-27 The global health and fitness industry is worth an estimated 4 trillion We spend 90 billion each year on health club memberships and 100 billion each year on dietary supplements In such an industrial climate lax regulations on the products we are sold supplements fad diets training programs gadgets and garments result in marketing campaigns underpinned by strong claims and weak evidence Moreover our critical faculties are ill suited to a culture characterized by fake news social media misinformation and bad science We have become walking talking prey to 21st Century Snake Oil salesmen In The Skeptic's Guide to Sports Science Nicholas B Tiller confronts the claims behind the products and the evidence behind the claims The author discusses what might be wrong with the sales pitch the glossy magazine advert and the celebrity endorsements that our heuristically wired brains find so innately attractive Tiller also

explores the appeal of the one quick fix the fallacious arguments that are a mainstay of product advertising and the critical steps we must take in retraining our minds to navigate the pitfalls of the modern consumerist culture This informative and accessible volume pulls no punches in scrutinizing the plausibility of and evidence for the most popular sports products and practices on the market Readers are encouraged to confront their conceptualizations of the industry and by the book s end they will have acquired the skills necessary to independently judge the effectiveness of sports related products This treatise on the commercialization of science in sport and exercise is a must read for exercisers athletes students and practitioners who hope to retain their intellectual integrity in a lucrative health and fitness industry that is spiraling out of control

Speaking of Animals Robert Palmatier,1995-04-30 No other nonhuman source has served as the basis for more metaphors than animals Speaking of Animals is a dictionary of animal metaphors that are current in American English It is comprehensive historical and metaphor based Each entry refers to the other dictionaries that catalog that same metaphor and the dates of first appearance in writing are supplied where possible for both the metaphor and the name of the source The main text is organized alphabetically by metaphor rather than by animal or animal behavior all the metaphors are classified according to their animal source in a list at the end of the book An animal metaphor is a word phrase or sentence that expresses a resemblance or similarity between someone or something and a particular animal or animal class True metaphors are single words such as the noun tiger the verb hog and the adjective chicken Phrasal metaphors combine true metaphors with other words such as blind tiger hog the road and chicken colonel Other animal metaphors take the form of similes such as like rats leaving a sinking ship and prickly as a hedgehog Still others take the form of proverbs such as Don t count your chickens before they hatch and Let sleeping dogs lie The horse is the animal most frequently referred to in metaphors followed closely by the dog The Bible is the most prolific literary source of animal metaphors followed closely by Shakespeare

Dan Hurley,2007-12-26 A riveting work of investigative journalism that charts the rise of the dietary supplement craze and reveals the dangerous and sometimes deadly side of these highly popular and completely unregulated products Over 60 percent of Americans buy and take herbal and dietary supplements for all sorts of reasons to prevent illness vitamin C to ease depression St John s wort to aid weight loss ephedra to boost the memory ginkgo biloba and even to cure cancer shark cartilage bloodroot despite the fact that few of these natural supplements have been proven to be safe or effective The vitamin and herbal supplement industry generates over 20 billion a year by selling products that promise to cure or fix but are produced and marketed essentially without oversight And while the media has been quick to sensationalize the benefits of supplements few have taken a hard look at the dangers posed by many of the remedies flooding the market today Award winning journalist Dan Hurley breaks the silence for the first time in *Natural Causes* From the snake oil salesmen of the early twentieth century to rise of the health food movement in the sixties and seventies Hurley charts the remarkable growth of an industry built largely on fraud and reveals the backroom politics that led to the passage of the Dietary Supplement Health and Education Act of 1994 which effectively freed the industry from FDA oversight In unprecedented detail he shows how supplement manufacturers have concealed the truth about dozens of untested treatments and the shocking rise in deaths disfigurements and life threatening injuries caused by products deceptively promoted as safe and natural Most importantly he provides a telling look at why in an age of unprecedented scientific advancement we continue to buy and believe in remedies for which little evidence exists and why the supplements

we take to promote our health may be doing far more harm than good As Hurley shows the dietary supplement craze may be one of the greatest swindles ever perpetrated on the American public one that feeds billions of dollars each year into the pockets of lobbyists politicians and any charlatan who wants to slap a label on a bottle and tout it as the next big natural cure Blending hard facts with spellbinding personal stories Natural Causes is a must read for anyone who has ever popped a multivitamin or an herb and provides a hard hitting frightening look at a cultural trend that is out of control GRIT 4 LIFE David Douglas, The book is a daily devotion for those who wish to change the relationship they have with their life It was originally designed for use within an addiction recovery facility We found that many others were improving the quality of their life through these God inspired devotions They are simply written and easy to understand therefore easily applied to your life If we allow God into our lives He will help us with our Relationships Living in God s will for our lives gives us the Integrity to walk through life with our head held high And last but not least we need to find the Truth We must put in the work to find the Truth and stop accepting what the world tells us We can use this G R I T FILTER to help us on the journey of changing the relationship we have with our lives By asking four simple questions we can avoid many of the potholes of life Those four questions are Have I invited God into my decision process How will my decision affect my Relationships What will my decision do to my Integrity Have I done the research and found the Truth before I react Living a life with G R I T will give you joy as you Transform the relationship you have with your life If you believe you have a terrible life it will be terrible If you work to change your outlook and become grateful for what you have every day becomes a blessing It is my sincere hope that these devotional messages will be a blessing to you as you start to live with G R I T GETCHASOME David Douglas
