During the twentieth century men and women across Ireland picked up cameras photographing days out at the beach composing views of Ireland s cities and countryside and recording political events as they witnessed them Indeed while foreign photographers often still focused on the image of Ireland as bucolic rural landscape Irish photographers snapshotter and professional alike were creating and curating photographs which revealed more complex and diverse images of Ireland Snapshot Stories explores these stories Erika Hanna examines a diverse array of photographic sources including family photograph albums studio portraits the work of photography clubs and community photography initiatives alongside the output of those who took their cameras into the streets to record violence and poverty The volume shows how Irish men and women used photography in order to explore their sense of self and society and examines how we can use these images to fill in the details of Ireland s social history By exploring this rich array of sources Snapshot Stories asks what it means to see to look to gaze to glance in modern Ireland and explores how conflicts regarding vision and visuality have repeatedly been at the centre of Irish life **Literature for Young Adults** Joan L. Knickerbocker,2017-03-15 Young adults are actively looking

for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and

sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Intergenerational Solidarity in Children's Literature and Film Justyna Deszcz-Tryhubczak, Zoe Jaques, 2021-02-01

Winner of the 2023 Edited Book Award from the International Research Society for Children's Literature. Contributions by Aneesh Barai, Clémentine Beauvais, Justyna Deszcz-Tryhubczak, Terri Doughty, Aneta Dybska, Blanka Grzegorzczak, Zoe Jaques, Vanessa Joosen, Maria Nikolajeva, Marek Oziewicz, Ashley N. Reese, Malini Roy, Sabine Steels, Lucy Stone, Björn Sundmark, Michelle Superle, Nozomi Uematsu, Anastasia Ulanowicz, Helma van Lierop, Debrauwer, and Jean Webb.

Intergenerational solidarity is a vital element of societal relationships that ensures survival of humanity. It connects generations, fostering transfer of common values, cumulative knowledge, experience, and culture, essential to human development. In the face of global aging, changing family structures, family separations, economic insecurity, and political trends pitting young and old against each other, intergenerational solidarity is now more than ever a pressing need.

Intergenerational Solidarity in Children's Literature and Film argues that productions for young audiences can stimulate intellectual and emotional connections between generations by representing intergenerational solidarity. For example, one essayist focuses on Disney films which have shown a long-time commitment to variously highlighting and then conservatively healing fissures between generations. However, Disney Pixar's *Up* and *Coco* instead portray intergenerational alliances, young collaborating with old, the living working alongside the dead, as necessary to achieving goals. The collection also testifies to the cultural, social, and political significance of children's culture in the development of generational intelligence and empathy towards age others, and positions the field of children's literature studies as a site of intergenerational solidarity, opening possibilities for a new socially consequential inquiry into the culture of childhood.
