The Farmer's Lawyer Sarah Vogel,2021-11-02 With a new foreword by Willie Nelson An exquisitely written American saga Sarah Smarsh The remarkably well told and heartfelt John Grisham story of a young lawyer s impossible legal battle to stop the federal government from foreclosing on thousands of family farmers In the early 1980s farmers were suffering through the worst economic crisis to hit rural America since the Great Depression Land prices were down operating costs and interest rates were up and severe weather devastated crops Instead of receiving assistance from the government as they had in the 1930s these hardworking family farmers were threatened with foreclosure by the very agency that Franklin Delano Roosevelt created to help them Desperate they called Sarah Vogel in North Dakota Sarah a young lawyer and single mother listened to farmers who were on the verge of losing everything and inspired by the politicians who had helped farmers in the 30s she naively built a solo practice of clients who couldn t afford to pay her Sarah began drowning in debt and soon her own home was facing foreclosure In a David and Goliath legal battle reminiscent of A Civil Action or Erin Brockovich Sarah brought a national class action lawsuit which pitted her against the Reagan administration s Department of Justice in her fight for family farmers Constitutional rights It was her first case A courageous American story about justice and holding the powerful to account The Farmer s Lawyer

shows how the farm economy we all depend on for our daily bread almost fell apart due to the willful neglect of those charged to protect it and what we can learn from Sarah's battle as a similar calamity looms large on our horizon once again

Becoming Abolitionists Derecka Purnell, 2021-10-05 A NONAME BOOK CLUB PICK Named a Kirkus Reviews Best Book of 2021 *Becoming Abolitionists* is ultimately about the importance of asking questions and our ability to create answers And in the end Purnell makes it clear that abolition is a labor of love one that we can accomplish together if only we decide to Nia Evans Boston Review For more than a century activists in the United States have tried to reform the police From community policing initiatives to increasing diversity none of it has stopped the police from killing about three people a day Millions of people continue to protest police violence because these solutions do not match the problem the police cannot be reformed In *Becoming Abolitionists* Purnell draws from her experiences as a lawyer writer and organizer initially skeptical about police abolition She saw too much sexual violence and buried too many friends to consider getting rid of police in her hometown of St Louis let alone the nation But the police were a placebo Calling them felt like something and something feels like everything when the other option seems like nothing Purnell details how multi racial social movements rooted in rebellion risk taking and revolutionary love pushed her and a generation of activists toward abolition The book travels across geography and time and offers lessons that activists have learned from Ferguson to South Africa from Reconstruction to contemporary protests against police shootings Here Purnell argues that police can not be reformed and invites readers to envision new systems that work to address the root causes of violence *Becoming Abolitionists* shows that abolition is not solely about getting rid of police but a commitment to create and support different answers to the problem of harm in society and most excitingly an opportunity to reduce and eliminate harm in the first place *Fundamentals of Nursing* Carol
