So Your Son Wants to Play in the NHL Dan Bylsma, Jay Bylsma, 1998 Dan Bylsma of the Los Angeles Kings has achieved his childhood dream of playing in the North American National Ice Hockey League NHL It was a dream cultivated on a small homemade ice rink maintained by his father Jay in the backyard of their home **Positive Sports** Debbie Elicksen, 2003 Positive Sports Professional athletes and mentoring youth shows the giving side of professional sports and how it leaves a lasting impact on our communities It talks about the impact of sport how it benefits youth and challenges at the grassroots level Featured are examples of individuals inspired by sport league driven community programs and professional sports role models such as Paul Kariya Jarome Iginla Vince Carter Shareef Abdur Rahim Lawrence Funderburke Doug Gilmour and many more **Coaching Myths** Rick Albrecht, 2013-04-19 Unlike the generations of coaches that have gone before them today's coaches are expected not only to teach motor skills to young athletes but to do so in an environment that is conducive to the ethical emotional social and physical well being of each one of them Each of the 15 chapters of this book presents and then systematically debunks the most pervasive persistent and potentially harmful myths in coaching including such chestnuts as play by my rules winning is the ultimate goal and there's no I in team Although the information in every chapter is based on current scientific evidence and there are numerous source notes each is written in the everyday language of coaches and covers topics that are of particular interest to coaches parents athletic administrators recreation programming specialists and even the occasional fan **Leveling the Ice** Steven Sandor, 2025-09-16 A deep dive into the institutional racism and prejudice in the sport of hockey that persists across all levels and how it will impact the future of the sport While professional sports leagues claim to promote diversity and inclusivity institutional racism remains apparent in all sports but especially hockey In Leveling the Ice sportswriter Steven Sandor challenges the perception that hockey is open to everyone and the idea that the hockey establishment wants more inclusion and diversity Featuring interviews with NHL players of color like Darnell Nurse Matt Dumba Nazeem Kadri Zach Whitecloud Ethan Bear Jason Robertson Sandor reveals their stories of exclusion to highlight the deeply ingrained racism in the sport The players share insights into the racism they faced while they built their careers as well as the racism they still face today from the hockey establishment From hockey's racist past to the ongoing reluctance of the hockey establishment to embrace grassroots diversity initiatives Sandor delves into how members of communities of color who only make up 5% of the NHL are being driven away from the sport to more inclusive ones like soccer and basketball despite the NHL's expansion to new markets and demographics with billion dollar TV deals Comprehensive and timely Leveling the Ice grapples with how the institutional racism in hockey will directly affect the future of the sport **A Healthy Guide to Sport** Kevin Mackinnon, 2005 This book provides a comprehensive plan that helps parents guide their children towards a healthy love of sports It will show parents and their kids how to get involved in triathlon and other lifestyle sports that can be pursued for a lifetime **Triathlon for Youth: Training** Kevin

Hockey Sucks: Let's Fix It Michael Munro, 2017-10-10 The game of hockey has drastically changed over the past two decades and not for the better Gone are the days of goal scorers stick handlers tough guys and passers When they left so did the excitement and the unexpected Now it is

a game played by drones in exactly the same fashion by every team Former hockey reporter Michael Munro examines the impact manufactured hockey players are having on the National Hockey League and its feeder systems In this Western based critique Munro explains how the NHL ended up eliminating goal scorers and entertainers with a series of rule changes and management decisions And it is a discussion of how Canada lost its role as the dominant hockey nation and started developing only supporting players and not lead actors An honest and sometimes disturbing 250 page essay that is a must read for anyone who loves hockey and wants to see it become a global success
