

Social Action And Human Nature

N Colangelo

Social Action And Human Nature:

Social Action and Human Nature Axel Honneth, Hans Joas, 1988 The Critical Theory of Axel Honneth Danielle Petherbridge, 2013-09-05 The Critical Theory of Axel Honneth provides a comprehensive study of the work of Axel Honneth tracing the theoretical trajectory from his earliest writings on philosophical anthropology to the development of a theory of recognition The book argues that Honneth's early work provides important insights for the reconstruction of the normative project of critical theory and the articulation of a conceptual framework for analyzing social relations of power and domination Danielle Petherbridge contends however that these aims are not fully realized in Honneth's more mature project and that central insights recede as his project develops Petherbridge seeks to demonstrate that the basis for an alternative theory of intersubjectivity that can account for both an adequate theory of power and normative forms of subject formation can be immanently reconstructed from within Honneth's own work By contextualizing Honneth's project in relation to its theoretical influences The Critical Theory of Axel Honneth provides a critical study and excellent entry point that will be essential reading for both students and scholars who work in the areas of European philosophy critical theory social and political philosophy or social and political theory Existentialism and Social Work Neil Thompson, 2017-09-29 Existentialism and Social Work provides a clearly expressed and well argued exposition of Sartrean existentialism as a theory base for social work practice It introduces the key concepts and themes of the philosophy and relates them to social welfare theory and practice Existentialism is a valuable means of making sense of many of the complexities contradictions and dilemmas which social work staff encounter The book explores the relationship between theory and practice and examines how existentialism can help to bridge the gap A number of theoretical perspectives are evaluated from an existentialist perspective and links are drawn between Sartre's philosophy and aspects of commonly used theories and methods But this is not simply a theoretical analysis Neil Thompson also explores the use of existentialism as a guide to day to day practice and draws up a set of Principles for Practice The ultimate aim is to present existentialism as a concrete philosophy of praxis

Social Work and Disasters Margaret Alston, Tricia Hazeleger, Desley Hargreaves, 2019-01-11 Disasters are increasing in frequency and intensity across the world causing significant destruction to individuals and communities Yet many social workers are ill prepared for the demands of this field of practice This book discusses the role of social workers in disaster work including in disaster preparedness during the disaster and in post disaster practice It addresses the complexities of social work disaster practice noting the need for social workers to understand the language of trauma and to respond effectively The authors discuss disaster theory and practice drawing out elements of practice at macro meso and micro levels and at various stages of the disaster They examine the factors that shape vulnerability in disasters and draw out the possibility of post traumatic growth The final section discusses strategies for self care in disaster practice noting the organisational and personal strategies that can be adopted to facilitate the wellbeing of workers in the field With real life

case studies from top scholars in the field this book is essential reading for social work practitioners working in the field of disaster practice as well as social work students and academics It will also be useful to other health professionals who wish to understand this field of practice **Environment, Climate, and Social Justice** Devendraraj Madhanagopal, Christopher Todd Beer, Bala Raju Nikku, André J. Pelser, 2022-07-09 This book approaches environmental climate and social justice comprehensively and interlinked The contributors predominantly from the Global South and have lived experiences challenge the eurocentrism that dominates knowledge production and discourses on environmental and climate in justices The collection of works balances theoretical empirical and practical aspects to address environmental and climate justice challenges through the lens of social justice This book gives voice to scholars of the Global South and uses an interdisciplinary approach to show the complexity of the problem and the opportunities for solutions making this book a powerful resource in teaching research and advocacy efforts The innovativeness of this approach stems from the use of narratives scientific explanation and thematic analysis to present the arguments in each chapter of this edited book Overall each chapter of this book acts as a powerful resource in teaching research and advocacy efforts This book fills a gap in the Global South production of environmental climate and social justice It provides in depth knowledge to the readers and raises their critical thinking about key elements discussions of justice issues of environmental conflicts and climate change The book is a useful read to a general audience interested in the topic of climate environment and development politics

Human Nature Stephen Gislason, 2017-07-05 Preface Being a human is challenging Human life is a journey thorough time and space with many obstacles injury disease constant uncertainty and relentlessly difficult interactions with other humans Each human is the reincarnation of a long lineage of ancestors Species memory perceptual skills needs drives feelings desires and behaviors are built in and begin operating in utero Humans evolved from primate ancestors and retained features of mind and behavior that have been present in animals for hundreds of millions of years Urges desires designs feelings cry out from within and often surprise us as if we were the hosts to wild animals and spirits within that refuse to be identified or tamed Human behavior can be understood in relation to the whole spectrum of primate behaviors and social organizations Humans appear to have an eclectic combination of primate tendencies with elaboration of features such as tool making symbolic reasoning and spoken language Linda Stone suggested that Primates are a natural grouping of mammals that includes prosimians tree dwelling animals such as lemurs and tarsiers monkeys apes and humans Some of the physical characteristics that distinguish primates from other mammals are binocular vision and the grasping hand with mobile digits and flat nails Evolutionary trends characteristic of the Primate Order are most pronounced in humans and include prolongation of gestation of the fetus prolongation of the period of infant care and expansion and elaboration of the brain An important feature in the social life of many nonhuman primates is dominance and the formation of dominance hierarchies a dominant animal wins aggressive encounters with others and usually has greater access to resources such as food water or

sexual partners Rather than viewing society and culture as real things an observer can recognize that humans live in groups that repeat and modify innate behaviors to produce prolific variations on a few underlying themes that are common to all societies A smart observer will consider the grouping characteristics of humans and discern basic patterns and problems underlying the apparent complexity of modern civilization The organization of society begins with small local clusters that link family groups into clans that are more or less cooperative units Clans associate forming bands that tend to affiliate with other bands forming tribes looser affiliations that occupy larger geographic areas The band tribal structure emerges from ancient animal groupings Patterns of organization rules and institutions that regulate human behavior are in flux and will continue to be unstable As human populations expand and interactions become increasingly complex innate abilities are stretched and distorted The ability of individuals to relate to other humans remains limited and limits the effective management of enlarging groups Managers and leaders do not become smarter as the organizations they lead become larger It is axiomatic that organizations that exceed a threshold number become dysfunctional It is matter of empirical study to recognize group size thresholds and too little is known about the cognitive limitations of leaders

Civility, Nonviolent Resistance, and the New Struggle for Social Justice ,2019-11-26 In Civility Nonviolent Resistance and the New Struggle for Social Justice Amin Asfari brings together scholarly contributions addressing the causes of injustice in its many forms Predicated on the idea that violence and injustice are systemic and historical this collection includes chapters that examine the antecedents and effects of prejudice state sponsored violence policies of exclusion and the social forces that shape and solidify their existence Moving beyond ad hoc ahistorical and descriptive explanations of violence and injustice this volume provides a scholarly multidisciplinary approach to confronting them Contributions reflect the many ways in which injustice manifests and civil nonviolent means of engagement are emphasized challenging the very systems that give rise to these notions

Social Action Art Therapy in a Time of Crisis Jamie Bird,2022-09-19 Social Action Art Therapy in a Time of Crisis outlines theories and models of social action art therapy identifies its application in times of crisis and explores the ways in which art therapy can work effectively for individuals and groups experiencing crisis Drawing upon various ecologies climate psychology and eco art therapy this book addresses various responses to climate change including notions of belonging the physicality of experience and the role of imagination in creating alternative versions of the future The author presents a social action approach to art therapy as a way of addressing the political and collective components of climate change as well as the individual and emotional components To help explore what social action art therapy can offer in this time of crisis the author illustrates examples that show how the ideas have been used in other moments of crisis including asylum refuge and domestic abuse This innovative book contributes to the development of contemporary art therapy practice and will be of interest to arts therapists arts psychotherapists expressive therapists ecotherapists ecopsychologists arts based researchers and many more

Anti-Oppressive Social Work Practice Karen Morgaine,Moshoula

Capous-Desyllas,2014-07-01 Anti Oppressive Social Work Practice is the first text to fully integrate concepts of anti oppressive practice with generalist practice course content This comprehensive approach introduces concepts of social justice and offers detailed insight into how those principles intersect with the practice of social work at the micro mezzo and macro levels The book covers ethics values and social work theory and discusses the fundamentals of working with individuals families groups organizations and communities The book also highlights policy and social movement activism and practice within a global context Maintaining an integrative approach throughout authors Karen Morgaine and Moshoula Capous Desyllas effectively bridge the gap between anti oppressive principles and practice and offer a practical comprehensive solution to schools approaching reaccreditation under the mandated CSWE Standards Provides an important step in the ongoing evolution of generalist practice in social work It continues a rich tradition that challenges the profession to become more and more explicit about the revolutionary aspect of practice Christian Itin Metropolitan State University of Denver Offers a fresh perspective of social work practice interventions Terrence Allen North Carolina Central University

Kantian Ethics and Socialism Harry Van der Linden,1988-01-01 Awarded the 1985 Johnsonian Prize in Philosophy

Connecting Jesus to Social Justice Thomas Hughson,2013-10-10 Many Christians see the societal dimension of their faith as a matter of biblical and social ethics Returning to classical Christology Connecting Jesus to Social Justice explores messianic potential in the Council of Chalcedon on the divine identity of Christ Who Jesus is makes all the difference to Christian entrance into the public sphere on behalf of a just society The Messiah s divinity bears on social mission directed toward a just social order Theological appropriation of Chalcedon overcomes a gap between the professing the Creed and interpreting social existence in light of a just social order Connecting Jesus to Social Justice argues a doctrinally traditional orthodox basis for Christian participation in the public sphere on behalf of social justice The book addresses a situation internal to churches in the U S from a Catholic perspective yet not without analogies in other churches and Christian movements Applying traditional Christology to contemporary social mission solidifies an answer to adversarial queries on the appropriateness of a social agenda Implications in the classical Christology also confirm churches and discipleship in commitment to social justice promoted through a subaltern counter public and then by word and deed in the public sphere

Axel Honneth: Critical Essays Danielle Petherbridge,2011-08-11 Axel Honneth Critical Essays brings together critical interpretations of the work of Axel Honneth from his earliest to his most recent writings together with a comprehensive reply by Honneth that provides significant insights and clarifications into his project overall **Human Nature against**

Socialism Germinal Boloix,2019-10-12 The book identifies most human nature characteristics defining the behavior of humans and contrasting them with socialist beliefs Most political systems forget to consider human nature in their approaches and choose to apply biased policies invented by bureaucrats People s behavioral mechanisms are different No two people have the same amount of aggressiveness or defensiveness in a specific scenario Socialism imposition of a unique

viewpoint that has to be accepted by everybody is a misunderstanding of human's idiosyncratic nature *Human Behavior and the Social Environment, Macro Level* Katherine van Wormer, Fred H. Besthorn, 2010-10-11 A timely revision in this global age *Human Behavior and the Social Environment Macro Level* develops a sophisticated and original view of the cultural global spiritual and natural worlds that people inhabit and the impact of these worlds on human behavior Its major new theme sustainability emerges as a key characteristic of contemporary practice What is sustainable social work What are the characteristics of a sustainable community How is the present exploitation of environmental resources unsustainable for future generations Following the greatest economic upheaval since the Great Depression how can we envision a sustainable economy that will benefit all the people not only the wealthy few Human behavior results from biological psychological socio economic and cultural forces but the mental health field has placed the most emphasis on intrapsychic factors to the near exclusion of socio economic and cultural considerations This significant collaboration seeks to correct this omission by helping students recognize patterns in the family culture and value systems in order to create safe and sustainable environments for their future clients The emphasis on sustainable and unsustainable social welfare programs is geared to helping readers engage in advocacy for social justice Integrates up to date research findings models and government statistics Enhanced discussions of theory group dynamics family community and the environment Theoretical concepts and practice implications in each chapter Highlights the importance of the natural environment and ecology the community of the earth to human and group behavior Sets forth a refined understanding of the role of spirituality the community of faith in people's lives Focuses on evidence based theory and research Teaches from a global cross cultural perspective highlighting themes of empowerment and social justice Features dynamic readings personal narratives and photographs that highlight each chapter's topic Accompanied by an online instructor's manual with lecture presentations chapter summaries key terms suggested classroom activities and a test bank with essay and multiple choice questions at www.oup.com/us/HBSE Don't miss the companion volume *Human Behavior and the Social Environment Micro Level Second Edition* which offers an eye opening view of how biological psychological and cultural forces influence individuals behavior **Support Systems in Social**

Work Martin Davies, 2023-07-21 In the late 1970s the idea of volunteer helping in social work had recently been brought to the forefront of public attention again as society had come to depend more and more on volunteer commitment to supplement support or even replace the professional social worker Originally published in 1977 the three self contained essays presented in this book are all concerned with the concept of helping and are linked by the author's experience of an experiment in voluntary service carried out in Manchester's special schools Through his personal involvement in the project Martin Davies is able to give a detailed account of its aims and to discuss it critically The first essay monitors the project and the second uses material gained during interviews with the families and volunteers to analyse their attitudes towards the helping relationship The conclusions the author reaches had major significance for the practice and organization of the

personal social services in Britain The final essay presents a lucid account of systems theory and its applicability to social work and raises fundamental questions about the nature of support systems in an urban society *Sport, Physical Education, and Social Justice* Nick J. Watson, Grant Jarvie, Andrew Parker, 2020-09-01 This interdisciplinary collection explores the nexus of social justice and sport to consider how sport and physical education can serve as a unique point of commonality in an era of religious political economic and cultural polarity Originally published as a special issue of *Quest* Sport Physical Education and Social Justice offers timely theoretical perspectives from the fields of theology philosophy psychology and sociology The volume demonstrates the multiple ways in which sport can be used to overcome inequalities and marginalization relating to gender race disability religion and sexuality and posits sports education as a powerful mechanism for addressing school based issues including bullying racism and citizenship education Truly international in scope the text includes contributions from scholars addressing issues in both formal and informal sports education settings communities and locales Sport Physical Education and Social Justice will be of interest to researchers scholars policy makers and advocates in the fields of education psychology sociology and religious studies **A Poetics of Social Work** Kenneth James Moffatt, 2001-01-01 Moffatt considers the epistemological influences in the field of Canadian social work and social welfare from 1920 to 1939 through the analysis of the thought of leading social welfare practitioners Social Work and Social Care Lester Parrott, 2003-08-27 Social Work and Social Care has been revised and updated to take into account the profound changes that have occurred in social work over the past two years in particular the extensive legislative changes to childrens and community care services A new chapter examines the relevance of social exclusion for social work and continues to affirm the importance of equal opportunities and anti discriminatory practice within social work Social Work and Social Care outlines the importance of social policy for social work describes the powerful ideological forces that underpin current practice considers the future of social work and social care within altered social and political contexts covers all main areas of social work includes a glossary and useful website addresses This book is essential reading for students approaching the study of social work social care and social policy and includes the most current research available Social Work, Sociometry, and Psychodrama Scott Giacomucci, 2021-02-23 This open access book outlines the intersections between social work and the methods of sociometry and psychodrama Different sections offer essential practice wisdom for both trauma focused and trauma informed experiential work for individuals groups organizations and communities This text enriches the understanding of various action based approaches and highlights how to enliven social work practice The chapters include clinical vignettes and examples of structured sociometric prompts with diverse populations topics and social work settings to enhance the understanding of group practice individual practice and community practice It provides social workers and other professionals with dynamic tools to improve assessment intervention activism and leadership Strength based practical tools are offered to readers along with guidance for theoretical conceptualizations This integrative book is an essential read for

students practitioners leaders and scholars within the fields of social work psychodrama the creative art therapies group therapy community organizing and social activism **Studies in the Practice of Social Work** American Association of Social Workers, 1928
