Physical Illness and Depression in Older Adults Gail M. Williamson, David R. Shaffer, Patricia A. Parmelee, 2006-05-11 Aging is inevitable A psychological recession is not As I go about my daily life I read and hear about the sometimes scary things that are happening to other people As the saying goes bad news sells newspapers But I usually can take some solace in reasoning that this bad stuff assuredly will not occur in my life After reading this book however one message has gotten through I cannot dismiss those older people described in the various chapters as being dissimilar to me After all old person is a term that can be applied to me in a few more years On this point I once heard the following rhetorical question applied to the prejudice actions of the TV character Archie Bunker What would he say about those Puerto Ricans if on his next birthday he knew that he would become a Puerto Rican As to aging we
