Firewalking and Religious Healing Loring M. Danforth,2016-09-29 If the Saint calls you if you have an open road then you don t feel the fire as if it were your enemy says one of the participants in the Anastenaria This compelling work evokes and contrasts two forms of firewalking and religious healing first the Anastenaria a northern Greek ritual in which people who are possessed by Saint Constantine dance dramatically over red hot coals and second American firewalking one of the more spectacular activities of New Age psychology Loring Danforth not only analyzes these rituals in light of the most recent work in medical and symbolic anthropology but also describes in detail the lives of individual firewalkers involving the reader personally in their experiences he views ritual therapy as a process of transformation and empowerment through which people are metaphorically moved from a state of illness to a state of health Danforth shows that the Anastenaria and the songs accompanying it allow people to express and resolve conflict laden family relationships that may lead to certain kinds of illnesses He also demonstrates how women use the ritual to gain a sense of power and control over their lives without actually challenging the ideology of male dominance that pervades Greek culture Comparing the Anastenaria with American firewalking Danforth includes a gripping account of his own participation in a firewalk in rural Maine Finally he examines the place of anthropology in a postmodern world in which the boundaries between cultures are becoming increasingly blurred

Defining Islam Andrew Rippin,2016-04-08 Ever since a group of people came into existence who called themselves Muslims and followed Islam questions of what it means to be a member of this group who is to be included excluded and what the requirements for membership are have proven to be both divisive and defining For scholars and

critics the issue of what constitutes or defines Islam whether examining the history of the religion its specific traditions sectarian politics or acts of terrorist is central to any understanding of issues cultures and ideas Defining Islam brings together key classic and contemporary writings on the nature of Islam to provide student readers with the ideal collection of both primary and critical sources The Evangelical Counter-Enlightenment William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Mu ammad Ibn abd al Wa hab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader *Islam, Memory, and Morality in Yemen* Gabriele Vom Bruck, 2016-09-23 Islam Memory and Morality in Yemen tells a story of a Yemeni hereditary elite which was overthrown in the 1962 revolution in North Yemen For over a millennium they had enjoyed exclusive rights to the leadership of the Imamate the religiously sanctioned state Following the violent removal from power of King Faysal of Iraq in 1958 the overthrow of the Yemeni Imamate the longest lasting Hashimite rule in the Middle East confirmed the decline of Hashimite power held by ruling generations claiming descent from the Prophet Muhammad However rather than concentrating on recent political history Islam Memory and Morality in Yemen highlights the personal predicament of those targeted by the revolution in which they served as the foil for the new regime s moral and political ascendancy Focusing on the cultural politics of memory the book explores how members of the elite remember in the process of making sense of their current lives and formulating responses to adversity Ecstatic Religion I. M. Lewis, 2003 First Published in 2004 States of spirit possession in which believer s feel themselves to be possessed by the deity and raised to a new plane of existence are found in almost all known religions From Dionysiac cults to Haitia voodoo Christian and Sufi mysticism to shamanic ritual the rapture and frenzy of ecstatic experience forms an iconic expression of faith in all its devastating power and unpredictability Ecstatic Religion has since its first appearance in 1971 become the classic investigative study of these phenomena Exploring the social and political significance of spiritual ecstasy and possession it concerns the distinct types of functions of mystical experience in particular the differences between powerful male dominated possession cults which reinforce established morality and power and marginal renegade ecstasies expressing forms of protest on behalf of the oppressed especially women I M Lewis s wide ranging comparative study looks at the psychological medical aesthetic religious and cultural aspects of possession and covers themes including soul loss ecstatic trance divination erotic passion and exorcism Probing

the mysteries of spirit possession through the critical lens of anthropological and sociological theory this fully revised and expanded Third Edition is of crucial importance for students of psychology sociology religious mysticism and shamanism
