themselves With a deep interest in psychology philosophy and human behaviour I write not to teach but to reflect to ask questions that many carry but few speak aloud I wanted to create something that encourages readers to pause think and maybe see themselves and others in a new light I added softer forms like fictional stories and poems intentionally Because the topics are too tender to always be dissected in facts and theories A metaphoric point of view helps us understand what our own words cannot yet say If you find yourself in these pages even a little I hope you feel less alone I hope you pause and offer yourself some grace I hope you understand that living is not about perfection but about presence

*The Healing Power of Combining Hands on Healing with Angelic Energy and Aromatherapy* Antonia Brasted PhD CGC RA, 2022-10-20 they shall lay hands on the sick and they shall recover Mark 16:18 KJV anointed many sick people with oil and healed them Mark 6:13 KJV Hopefully this book will be a humble reminder to all of those involved in healing work which combines two healing techniques that are as powerful today as they were in the Biblical times Anointing with essential oil was commonly practiced throughout the Scriptures for many different purposes The New Testament mentions it specifically in connection with praying for the sick Today's Aromatherapy is practiced in many different settings and variations but a common denominator among all aroma therapists is the sense of reverence towards the miracle of nature in the form of essential oils They know that fragrance can affect the mood calm relax and release emotions Today's energy work also comes in a variety of methods but what all of them have in common is the unconditional love and the spiritual meaning of healing

**The Straight Path of the Spirit** Richard Katz, 1999-04-01 The inspiring story of one man's exploration of indigenous healing in a culture fighting to preserve its spiritual health A firsthand account of a little known healing tradition A dramatic story of self transformation by a well respected Harvard educated anthropologist In the late 1970s Richard Katz a clinical psychologist trained in anthropology spent two years living in a remote island community in Fiji hoping to record the practices of its healers At the foundation of their healing he discovered was the concept of the straight path a journey through life whose truth is revealed only to the extent that it is searched for with honesty and faith It is a way of healing that in its very essence is a way of living a path that emphasizes the spiritual dimensions of health and the relevance of these to the community But while interviewing healers at work Katz was drawn into an increasingly suspenseful drama Unexplained deaths rumors and suspicions and the intrusion of a zealous evangelist rocked the village and soon revealed to the author the dangerous alternative to the straight path the misuse of power that some call witchcraft The Straight Path of the Spirit is an engrossing story of indigenous healers and a dramatic account of cultures in collision Through the story of his own self transformation Katz reveals not only those aspects of life essential for the Fijians as they struggle to hold onto their identity
